Rebuilding Hope

Jessie G, When Crowley becomes the Zenith his Kindred was born to love their enemies will learn that there's nothing more dangerous than fated mates Holden Bancroft was born with a better than average brain and not much else Often described as strange and sickly his attempts to conform only made him look foolish and a life-long diet of pills hasn't provided a cure Deciding to strengthen the only tool in his arsenal was liberating and learning became his greatest joy But each episode is another reminder that his time is limited and Holden intends to use everything he's learned to help the small town of Hope before he dies Alpha Crowley Lomond Zenith of the Americas isn't exactly happy with his ascension Leading isn't the problem it's acting like he's somehow better than every other shifter that chafes But while living and working beside them may seem noble Crowley is more than just an alpha As Zenith he's their example their teacher and guide and the one they will turn to when their way of life is threatened Meeting changes them in ways they never could have predicted and unveils a web of deceit that began long before they were born Together they will have to unravel the lies and reconcile the consequences if they are to protect the shifter way of life Along the way Crowley will become the Zenith his Kindred was born to love and their enemies will learn that there's nothing more dangerous than fated mates

My Hope Is Built

Lorna Brown, 2018-11-14 You stand at the altar and repeat the wonderful words of the marriage vows As you exit the church a congregation of loved ones and friends send up cheers of congratulations But now the marriage has fallen apart here you are separated perhaps even divorced And instead of applause you hear the sound of your tears and the footsteps of fear You feel hurt broken empty abandoned The shame of failing is so overwhelming that for a while you do an Oscar-winning job of faking for the loved ones even the congregation that all is well All the while the enemy is grabbing at your self-esteem and grabbing at your hope But with God there is no faking it He sees and knows it all even the thoughts and feelings you would like to

pretend you don't have The congregation may no longer be cheering for you but God is Rather than letting you spiral into hopelessness he cheers you on to hope again He heals he fills up the empty places in your heart and he comforts He restores hope No one rebuilds hope like God Why art thou cast down O my soul and why art thou disquieted within me hope thou in God for I shall yet praise him who is the health of my countenance and my God Psalms 42:11 KJV This book includes poetry devotionals and encouragement to strengthen you as you partner with God in rebuilding your hope Tears fears and jeers he hears them all and responds with cheer

Conradie, 2005-05-18 Hope for the Earth explores the viability of an eschatological approach to an ecological theology spirituality and praxis in the South African context The basic intuition of such an eschatological approach is that an environmental praxis can only be empowered on the basis of an adequate understanding of Christian hope Despair in the face of environmental destruction will inevitably lead to a spirit of resignation Where then can a vision of hope that includes hope for the earth be found The author proposes a road map for eschatology based on the observation that eschatology has traditionally responded to three aspects of the human predicament namely 1 the evil effects of sin 2 the problem of finitude and transience and 3 the limitations of human power and knowledge in space Part A This analysis is used to fathom the depths of despair as a result of environmental destruction Part B The Biblical roots and subsequent history of Christian eschatology are discussed briefly Part C Recent contributions in Christian eschatology ecological theology cosmology and South African expressions of hope are explored in depth in search of a vision of hope that includes hope for the earth itself Part D The eschatological road map is used to develop a vision of hope for the earth on the basis of a theology of life life amidst death and destruction life beyond death and eternal life in the presence of God Part E Finally the implications of this vision for an ecological ethos spirituality and praxis in the South African context are indicated Part F 9/11 A.J.
