Rewriting History In Soviet Russia 1956 1974:

Rewriting History in Soviet Russia R. Markwick, 2001-02-01 This book explores the political significance of the development of historical revisionism in the USSR under Khrushchev in the wake of the Twentieth Congress of the CPSU and its demise with the onset of the period of stagnation under Brezhnev On the basis of intensive interviews and original manuscript material the book demonstrates that the vigorous rejuvenation of historiography undertaken by Soviet historians in the 1960s conceptually cleared the way for and fomented the dramatic upheaval in Soviet historical writing occasioned by the advent of perestroika

Writing History in the Soviet Union Arup Banerji, 2017-08-18 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed Writing History in the Soviet Union Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka

National Identities in Soviet Historiography Harun Yilmaz, 2015-02-20 Under Stalin's totalitarian leadership of the USSR Soviet national identities with historical narratives were constructed These constructions envisaged how nationalities should see their imaginary common past and millions of people defined themselves according to them This book explains how and by whom these national histories were constructed and focuses on the crucial episode in the construction of national identities of Ukraine Azerbaijan and Kazakhstan from 1936 and 1945 A unique comparative study of three different case studies this book reveals different aims and methods of nation construction despite the existence of one party rule and a single overarching official ideology The study is based on work in the often overlooked archives in the Ukraine Azerbaijan and Kazakhstan By looking at different examples within the Soviet context the author contributes to and often challenges current

scholarship on Soviet nationality policies and Stalinist nation building projects He also brings a new viewpoint to the debate on whether the Soviet period was a project of developmentalist modernization or merely a renewed Russian empire The book concludes that the local agents in the countries concerned had a sincere belief in socialism especially as a project of modernism and development and at the same time were strongly attached to their national identities Claiming that local communist party officials and historians played a leading role in the construction of national narratives this book will be of interest to historians and political scientists interested in the history of the Soviet Union and contemporary Eastern Europe the Caucasus and Central Asia

Debates on Stalinism Mark Edele, 2020-06-11 Debates on Stalinism introduces major debates about Stalinism during and after the Cold War Did Stalinism form a system in its own right or was it a mere stage in the overall development of Soviet society Was it an aberration from Leninism or the logical conclusion of Marxism Was its violence the revenge of the Russian past or the result of a revolutionary mindset Was Stalinism the work of a madman or the product of social forces beyond his control The book shows the complexities of historiographical debates where evidence politics personality and biography are strongly entangled Debates on Stalinism allows readers to better understand not only the history of history writing but also contemporary controversies and conflicts in the successor states of the Soviet Union in particular Russia and Ukraine

Socialist Fun Gleb Tsipursky,2016-09-03 Most narratives depict Soviet Cold War cultural activities and youth groups as drab and dreary militant and politicized In this study Gleb Tsipursky challenges these stereotypes in a revealing portrayal of Soviet youth and state sponsored popular culture The primary local venues for Soviet culture were the tens of thousands of clubs where young people found entertainment leisure social life and romance Here sports dance film theater music lectures and political meetings became vehicles to disseminate a socialist version of modernity The Soviet way of life was dutifully presented and perceived as the most progressive and advanced in an attempt to stave off Western influences In effect socialist fun became very serious business As Tsipursky shows however Western culture did infiltrate these activities particularly at local levels where participants and organizers deceptively cloaked their offerings to appeal to their own audiences Thus Soviet modernity evolved as a complex and multivalent ideological device Tsipursky provides a fresh and original examination of the Kremlin s paramount effort to shape young lives consumption popular culture and to build an emotional community all against the backdrop of Cold War struggles to win hearts and minds both at home and abroad

Religion in Secular Archives Sonja Luehrmann,2015-07-15 What can atheists tell us about religious life Russian archives contain a wealth of information on religiosity during the Soviet era but most of it is written from the hostile perspective of officials and scholars charged with promoting atheism Based on archival research in locations as diverse as the multi religious Volga region Moscow and Texas Sonja Luehrmann argues that we can learn a great deal about Soviet religiosity when we focus not just on what documents say but also on what they did Especially during the post war decades 1950s 1970s the puzzle of religious persistence under socialism challenged atheists to develop new approaches to studying and theorizing religion while also trying to control it Taking into account the logic of filing systems as well as the content of documents the book shows how documentary action made religious believers firmly a part of Soviet society while simultaneously casting them as ideologically alien When juxtaposed with oral printed and samizdat sources the records of institutions such as the Council of Religious Affairs and the Communist Party take on a dialogical quality In distanced and carefully circumscribed form they preserve traces of encounters with religious believers By contrast collections compiled by western supporters during the Cold War sometimes lack this ideological friction recruiting Soviet believers into a deceptively simple binary of religion versus communism Through careful readings and comparisons of different documentary genres and depositories this book opens up a difficult set of sources to students of religion and secularism
