Rhetoric Of Failure:

The Rhetoric of English India Sara Suleri, 2013-08-16 Tracing a genealogy of colonial discourse Suleri focuses on paradigmatic moments in the multiple stories generated by the British colonization of the Indian subcontinent Both the literature of imperialism and its postcolonial aftermath emerge here as a series of guilty transactions between two cultures that are equally evasive and uncertain of their own authority A dense witty and richly allusive book an extremely valuable contribution to postcolonial cultural studies as well as to the whole area of literary criticism Jean Sudrann Choice The Rhetoric of Heroic Expectations Justin S. Vaughn, Jennifer Mercieca, 2014-01-30 Campaign rhetoric helps candidates to get elected but its effects last well beyond the counting of the ballots this was perhaps never truer than in Barack Obama's 2008 campaign Did Obama create such high expectations that they actually hindered his ability to enact his agenda Should we judge his performance by the scale of the expectations his rhetoric generated or against some other standard The Rhetoric of Heroic Expectations Establishing the Obama Presidency grapples with these and other important questions Barack Obama's election seemed to many to fulfill Martin Luther King Jr's vision of the long arc of the moral universe bending toward justice And after the terrorism war and economic downturn of the previous decade candidate Obama's rhetoric cast broad visions of a change in the direction of American life In these and other ways the election of 2008 presented an especially strong example of creating expectations that would shape the public's views of the incoming administration The public's high expectations in turn become a part of any president's burden upon assuming office The interdisciplinary scholars who have contributed to this volume focus their analysis upon three kinds of presidential burdens institutional burdens specific to the office of the presidency contextual burdens specific to the historical moment within which the president assumes office and personal burdens specific to the individual who becomes president **The Rhetoric of Plato's Republic** James L. Kastely, 2015-08-25 Plato isn't exactly thought of as a champion of democracy and perhaps even less as an important rhetorical theorist In this book James L. Kastely recasts Plato in just these lights offering a vivid new reading of one of Plato's most important works the Republic At heart Kastely demonstrates the Republic is a democratic epic poem and pioneering work in rhetorical theory Examining issues of justice communication persuasion and audience he uncovers a seedbed of theoretical ideas that resonate all the way up to our contemporary democratic practices As Kastely shows the Republic begins with two interrelated crises one rhetorical one philosophical In the first democracy is defended by a discourse of justice but no one can take this discourse seriously because no one can see in a world where the powerful dominate the weak how justice is a value in itself That value must be found philosophically but philosophy as Plato and Socrates understand it can reach only the very few In order to reach its larger political audience it must become rhetoric it must become a persuasive part of the larger culture which at that time meant epic poetry Tracing how Plato and Socrates formulate this transformation in the Republic Kastely isolates a crucial theory of persuasion that is central to how we talk together about

justice and organize ourselves according to democratic principles Rhetoric and Resilience Sara Hillin,2024-10-08

Rhetoric and Resilience explores discourse produced about and by the women involved in the World War II era Women Airforce Service Pilots program Aviators such as Jacqueline Cochran and Nancy Harkness Love provided the initial rhetorical boost to successfully launch the program while countless other pilots such as Cornelia Fort and Barbara Poole wrote to define the significance of the work the WASP were doing Despite a formidable amount of concrete evidence in her favor Cochran was unsuccessful in having WASP militarized After the program's disbandment in 1944 the women of WASP settled back into civilian life but maintained strong rhetorical bonds which served them greatly in the 1970s campaign for veteran status Using the lenses of both feminist rhetorical theory and classical rhetoric this book seeks to recover these rhetorics The chapters illustrate how the women employed a spectrum of strategies carefully designed to provide a fitting response to those both supportive of and hostile to their labor in the arena of military aviation Health and the Rhetoric of Medicine Judy Z. Segal,2008-06-30 Assessing rhetorical principles of contemporary health issues Hypochondriacs are vulnerable to media hype anorexics are susceptible to public scrutiny and migraine sufferers are tainted with the history of the migraine personality maintains rhetorical theorist Judy Z Segal All are influenced by the power of persuasion Health and the Rhetoric of Medicine explores persistent health conditions that resist conventional medical solutions Using a range of rhetorical principles Segal analyzes how patients and their illnesses are formed within the physician patient relationship The intractable problem of a patient's rejection of a doctor's advice says Segal can be considered a rhetorical failure a failure of persuasion Examining the discourse of medicine through case studies applications and analyses Segal illustrates how illnesses are described in ways that limit patients choices and satisfaction She also illuminates psychiatric conditions infectious diseases genetic testing and cosmetic surgeries through the lens of rhetorical theory Health and the Rhetoric of Medicine bridges critical analysis for scholarly professional and lay audiences Segal highlights the persuasive element in diagnosis health policy illness experience and illness narratives She also addresses questions of direct to consumer advertising of prescription drugs the role of health information in creating the worried well and problems of trust and expertise in physician patient relationships A useful resource for critical common sense in everyday life the text provides an effective examination of a society increasingly influenced by the rhetoric of health and medicine **The Rhetorical Presidency of George H. W. Bush** Martin J. Medhurst,2006 Here the contributors suggest how embracing the art of rhetoric might have allowed Bush to respond more successfully to the challenges of his presidency Drawing on the resources of the Bush Presidential library and interviews with some of his White House aides they explore such issues as the first Gulf War the fall of the Berlin wall Bush's environmental stance and the 1992 re election campaign **Rhetoric and Civility** Harold Barrett,1991-01-22 This book relates the concept of civility to rhetorical disposition and incivility to indisposition The author discusses classical rhetorical theory and interprets it for use in all interactions exploring origins in infancy of the

rhetorical disposition and the rhetorical indisposition He provides four case study chapters of the lives of individuals illustrating unhealthy narcissism and rhetorical failure Jim Jones Joseph McCarthy Paul Morel and Tiberius Gracchus These cases illustrate how unfavorable narcissism can give adverse direction to the rhetorical imperative and lead to problems in relationships Barrett offers a rhetorical corrective

The Rhetoric of Operation Rescue Mark Allan Steiner, 2006-05-12 A close look at the rhetoric of Operation Rescue

Loving the World Appropriately James L. Kastley, 2022-12-08 A revolutionary approach to rhetoric that asks why audiences need persuading What is persuasion For some it is the ideal alternative to violence For others persuasion is simply a neutral instrumentality a valued source of soft power Both positions rest on a fundamental belief persuasion is a power that resides in a speaker acting on an audience Loving the World Appropriately asks a different more fundamental question why does an audience need persuasion In shifting our focus James Kastely delivers a provocative new history of rhetoric and philosophy one that describes rhetoric as more than a matter of effective communication and recasts persuasion as a philosophical concern central to notions of human subjectivity Ultimately Kastely insists persuasion enables us to love the world appropriately

The Public Work of Rhetoric John M. Ackerman, David J. Coogan, 2013-03-15 The Public Work of Rhetoric presents the art of rhetorical techn as a contemporary praxis for civic

engagement and social change which is necessarily inclusive of people inside and outside the academy In this provocative call to action editors John M Ackerman and David J Coogan along with seventeen other accomplished contributors offer case studies and criticism on the rhetorical practices of citizen scholars pursuing democratic ideals in diverse civic communities with partnerships across a range of media institutions exigencies and discourses Challenging conventional research methodologies and the traditional insularity of higher education these essays argue that civic engagement as a rhetorical act requires critical attention to our notoriously veiled identity in public life to our uneasy affiliation with democracy as a public virtue and to the transcendent powers of discourse and ideology This can be accomplished the contributors argue by building on the compatible traditions of materialist rhetoric and community literacy two vestiges of rhetoric s dual citizenship in the fields of communication and English This approach expresses a collective desire in rhetoric for more politically responsive scholarship more visible impact in public life and more access to the critical spaces between universities and their communities The compelling case studies in *The Public Work of Rhetoric* are located in inner urban and postindustrial communities where poverty is the overriding concern in afterschool and extracurricular alternatives that offer new routes to literate achievement in new media and digital representations of ethnic cultures designed to promote chosen identities in neighborhoods and scientific laboratories where race is the dominant value and in the policy borderlands between universities and the communities they serve Through these studies and accounts the contributors champion the notion that the public work of rhetoric is the tough labor of gaining access and trust learning the codes and histories of communities locating the situations in which rhetorical expertise is most effective and in many cases jointly defining the terms for gauging social change

Zwaneveld, 2022-06-13 *A Bookseller's Hobby Horse and the Rhetoric of Translation* is a study of the first Dutch translation of Tristram Shandy 1759-67 as a product of and factor in the reception of Sterne's novel in the Netherlands and as a specific manifestation of this reception a derived text based on interpretation of the original It took sixteen years for this translation to appear Why was this so And why did its publication 1776-79 prove unrewarding to the publisher To answer the first question Agnes Zwaneveld relates the development of Sterne appreciation in the Netherlands from neglect in the 1760s to a literary craze in the 1780s to a number of socio cultural factors including a growing interest in German literature This relation with German literature is reflected in the choice of books published by A E Munnikhuisen a Sterne enthusiast and conscientious publisher but also an outsider in the book trade whose audacity led to the commercial failure of his enterprise A different question tackled in this study is to what extent the translation reflects the original text Can it be accepted as a faithful rendering or rather as an adaptation an imitatio in the classical tradition To understand what norms the translator Bernardus Brunius followed and what effects he can have been aiming at his work is described in terms of the rhetorical theory of translation adhered to in his day To avoid subjectivity in assessing the resemblance between translation and original the comparison focuses on composition and the use of rhetorical figures as formal aspects which can be easily recognised across the centuries The textual comparison was limited to the opening chapter of Tristram Shandy seen as the novel's exordium in which both author and translator are likely to have made a show of their intentions Close reading of this chapter resulted in an interpretation of Tristram's authorial performance as inspired by both Quintilian and Longinus
