Scots in the North American West, 1790-1917 Ferenc Morton Szasz, 2000 Scots trappers dominated the fur trade often proving more loyal to clan than to trading company or nation Relying on centuries of experience raising livestock for British markets Scottish investors and managers became highly visible in the post Civil War western cattle industry with thriving outfits such as the Swan Land and Cattle Company in Wyoming They introduced new breeds to western ranching such as the Aberdeen Angus that remain popular today Similarly Scots herders dominated the western sheep industry running herds of over 100 000 animals Andrew Little's sheep ranch in Idaho was so famous that a letter addressed simply Andy Little USA found its intended recipient *Painters and the American West* Joan Carpenter Troccoli, Marlene Chambers, Jane Comstock, Anschutz collection (Denver, Colo.), Sarah Anschutz Hunt, Denver Art Museum, Anschutz collection (Denver, Colo.), 2000-01-01 This book offers a tour of a collection of paintings of the American West still in private hands The Anschutz Collection covers all the ground expected in a wide ranging major survey yet still has plenty of room for surprises Every phase in the history of American art since the 1820s is included There are pictures of impressive quality by lesser known artists and examples from all the major painters who have depicted the West You ll discover works by artists such as

Marsden Hartley Childe Hassam Jan Matulka and John Henry Twachtman who painted western subjects only rarely and pictures by those whose subjects were predominantly western The collection is particularly rich in paintings made in Taos and Santa Fe during the first half of the twentieth century when major American artists often found inspiration and stylistic renewal in the Southwest Among the American masters represented here are George Bellows Albert Bierstadt George Caleb Bingham Ernest Blumenschein George Catlin Stuart Davis Asher B Durand George Inness John Marin Alfred Jacob Miller Thomas Moran Georgia O Keeffe Frederic Remington Charles Marion Russell and Walter Ufer BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

George Catlin George Catlin, Stephanie Pratt, Joan Carpenter Troccoli, 2013 George Catlin 1796 1872 was a Pennsylvania born artist writer and showman whose portraits of Native Americans are among the most important representation of indigenous peoples ever made

Men in Eden William Benemann, 2012-10-01 The American West of the nineteenth century was a world of freedom and adventure for men of every stripe not least also those who admired and desired other men Among these sojourners was William Drummond Stewart a flamboyant Scottish nobleman who found in American culture of the 1830s and 1840s a cultural milieu of openness in which men could pursue same sex relationships This book traces Stewart s travels from his arrival in America in 1832 to his return to Murthly Castle in Perthshire Scotland with his French Canadian Cree Indian companion Antoine Clement one of the most skilled hunters in the Rockies Benemann chronicles Stewart s friendships with such notables as Kit Carson William Sublette Marcus Whitman and Jim Bridger He describes the wild Renaissance costume party held by Stewart and Clement upon their return to America a journey that ended in scandal Through Stewart s letters and novels Benemann shows that Stewart was one of many men drawn to the sexual freedom offered by the West His book provides a tantalizing new perspective on the Rocky Mountain fur trade and the role of homosexuality in shaping the American West

A Life Wild and Perilous Robert M. Utley, 2015-09-15 This richly documented book is the definitive study of the decisive role mountain men played in the exploration and expansion of the Western frontier Jay P Dolan The New York Times Book Review Early in the nineteenth century the mountain men emerged as a small but distinctive group whose knowledge and experience of the trans Mississippi West extended the national consciousness to continental dimensions Though Lewis and Clark blazed a narrow corridor of geographical reality the West remained largely terra incognita until trappers and traders such as Jim Bridger Kit Carson Tom Fitzpatrick and Jedediah Smith opened paths through the snow choked mountain wilderness These and other Mountain Men opened the way west to Fremont and played a major role in the pivotal years of 1845 1848 when Texas was annexed the Oregon question was decided and the Mexican War ended with the Southwest and California in American hands thus making the Pacific Ocean America s western boundary

Sentimental Journey Lisa Maria Strong, 2008 Alfred Jacob Miller 1810 1874 was the first artist to journey into the heart of the Rocky Mountains He did so as the commissioned expedition artist for William Drummond Stewart 1795 1871 a Scottish nobleman and veteran of a five year hunting tour in America Their

destination would be the annual fur traders rendezvous at Horse Creek near the present day border of Colorado and Wyoming Miller Stewart and the rest of their party departed from Independence Missouri in mid May 1837 They arrived at the rendezvous two months later and after a week among the trappers and traders headed into the Wind River Mountains to the source of the Green River There they spent the waning summer hunting moose and elk before returning to St Louis in early October Miller executed some one hundred watercolor and pen and ink sketches during the expedition and he later reworked them into finished watercolors and oils for a variety of patrons Over the past two decades much valuable scholarship has emerged on how western American art has reflected American nationalist or expansionist ideologies In *Sentimental Journey The Art of Alfred Jacob Miller* Lisa Strong takes a new approach however by examining how Miller tailored his western scenes to suit the specific needs and interests of local American audiences She also crosses national boundaries to explore how Miller's paintings helped promote a vision of Scottish aristocratic identity *The Deep Sleep* Wright Morris, 1975-01-01 Judge Howard Potter one of the most respected and influential citizens of a suburban town outside of Philadelphia lies dead after a long and wearying illness He is survived by the five people who knew him best and whose lives were deeply influenced by him Through the thoughts and reminiscences of these five very different people Mr Morris tells his story His writing is occasionally obscure but always absorbing He does not like so many writers hover omnisciently over his characters He prefers to project himself into their innermost and very human thoughts and emotions leaving the reader to draw his own conclusions Mr Morris writes with wit taste and refreshing originality William Murray Saturday Review Mr Morris is a master of the exact phrase the homely illuminating detail and it is no accident that he is an excellent photographer His writing is simple but his method is as complete as his subject matter so he uses the multiple flashback the melting of past into present E M Scott New York Herald Tribune Book Review A thoroughly satisfying novel *Commonweal* A most rewarding book Kirkus His finest novel to date San Francisco Chronicle With this novel he has clearly and for the first time ascended into literature New York Times Book Review One of the most distinguished American authors Wright Morris 1910-1988 wrote thirty three books including *The Field of Vision* which won the National Book Award **Western Art, Western History** Ron Tyler, 2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art This splendid volume gleaned from Tyler's extensive career of connoisseurship brings together eight of the author's most notable essays reworked especially for this volume Beautifully illustrated with more than 150 images *Western Art Western History* tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West The artists depicted in these pages represent a variety of personalities and artistic styles According to Tyler each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century an age of exploration surveying pleasure travel and scientific discovery In eloquent and engaging prose Tyler unveils a fascinating cast of characters including the little known

German Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century Other artists showcased in this volume are John James Audubon George Caleb Bingham Alfred E Mathews and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier A common thread throughout Western Art Western History is the important role that technology especially the development of lithography played in the dissemination of images As the author emphasizes many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning By placing works of western art within these broader contexts Tyler enhances our understanding of their history and significance

The Princeton University Library Chronicle Lawrence Thompson,1991 Vol 1 includes section Biblia devoted to the interests of the Friends of the Princeton Library v 11

Annals of Wyoming ,1973

The Oregon Trail Francis Parkman,1994-01-01 The Oregon Trail is the gripping account of Francis Parkman s journey west across North America in 1846 After crossing the Allegheny Mountains by coach and continuing by boat and wagon to Westport Missouri he set out with three companions on a horseback journey that would ultimately take him over two thousand miles Map

Enlightened Zeal Theodore Binnema,2014-03-21 Enlightened Zeal examines the fascinating history of the Hudson s Bay Company s involvement in scientific networks during the company s two hundred year chartered monopoly Working from the company s voluminous records Ted Binnema demonstrates the significance of science in the company s corporate strategies Initially highly secretive about all of its activities the HBC was by 1870 an exceptionally generous patron of science Aware of the ways that a commitment to scientific research could burnish its corporate reputation the company participated in intricate symbiotic networks that linked the HBC as a corporation with individuals and scientific organizations in England Scotland and the United States The pursuit of scientific knowledge could bring wealth and influence along with tribute fame and renown but science also brought less tangible benefits adventure health happiness male companionship self improvement or a sense of meaning The first study of scientific research in any chartered company over the entire course of its monopoly Enlightened Zeal expands our understanding of social networks in science establishes the vast scope of the HBC s contribution to public knowledge and will inspire new research into the history of science in other chartered monopolies

From Mountain Man to Millionaire William R. Nester,2011-06-30 The western fur trade era a time when trappers and traders endured constant danger from man beast and weather was one of the most colorful periods in American history Over a decade ago William R Nester wrote the first biography of Robert Campbell 1804 1879 the subsequent discovery of nearly five hundred new documents most from two major caches of letters led to this even more detailed and vivid account of Campbell s self described bold and dashing life Campbell came to America from Ireland in 1822 and entered the fur trade

soon after He quickly rose from trapper to brigade leader to partner all within a half dozen years and this new edition includes an expanded narrative of his adventures in the Rocky Mountain fur trade In the mid 1830s having amassed considerable wealth Campbell retired from the mountains and embarked on a new career He returned to St Louis and built up a business empire that embraced mercantile steamboat railroad and banking interests thus becoming a leading force behind the region s economic development A more extensive account of the cutthroat business world in which Campbell operated now enriches this portion of the book Nester masterfully depicts the sterling character for which Campbell was renowned Campbell enjoyed deep and enduring friendships and strong familial ties both in America and abroad Although he was an outstanding businessman and philanthropist his personal life was marred by tragedy Ten of his thirteen children died prematurely Despite those tragic losses his faith in God never faltered He believed that all worldly successes should honor God and once wrote that all worldly gain is but dross This edition elucidates the complex relations among his family and chronicles both tragic events and humorous incidents in more depth Exploring the letters journals and account books that Campbell left behind Nester places him in the context of the times in which he lived showing the economic political social and cultural forces that provided the opportunities and challenges that shaped his life Nester provides new insights into Campbell s ownership of slaves his attitudes toward slavery and his behind the scenes political and economic activities during the Civil War This comprehensive exploration of Robert Campbell s life depicts a fascinating era in American history

Montana ,1963 William Gilpin Thomas L. Karnes,2014-11-06 William Gilpin 1815 1894 has been called America s first geopolitician Regarded today as both scientist and quack Gilpin was in his own time a recognized authority whose maps were accepted by Congress as the most accurate available and his description of trails and land in the West were read by pioneer and scientist alike as inspiration and guide His writings first introduced to the American public the treasures of the Great Plains to Gilpin probably belongs the credit for introducing this well known term and the mountain plateaus of the Rockies He advertised the future of the lush valleys of Oregon and the mineral riches that he was sure the American West contained Gilpin was a cultured educated man his studies and his hours of lonely observation on many trips across the American prairies had resulted in the theory in part true in part fallacious about the importance of the Mississippi Valley to world trade and world peace To his contemporaries and a few later historians he was a man of rare genius and advanced thought a prophet and pioneer of civilization one of the wonderful and gifted men of the age and to him are the citizens of the Republic in general and the West in particular immeasurably indebted In this biography Thomas L Karnes traces the life of William Gilpin from the quiet comfort of his wealthy Quaker boyhood home through an exciting and turbulent career as Indian fighter pioneer newspaper editor explorer land promoter and first governor of Colorado Territory But throughout his varied career there was one task to which Gilpin was always devoted he was a publicizer of the West first in letters to family and friends then in newspaper articles books and speeches and finally in reports that became part of the Congressional

Record and that influenced the actions of Presidents
