Scott Joplin A Life In Ragtime

Timothy Frew

Scott Joplin A Life In Ragtime:

Scott Joplin Steven Otfinoski,1995 The story of America s most famous composer of ragtime music **King of Ragtime** Edward A. Berlin,2016-03-30 When it was first published in 1994 King of Ragtime Scott Joplin and his Era was widely heralded not only as the most thorough investigation of Scott Joplin s life and music but also as a gripping read almost a detective story This new and expanded edition more than a third larger than the first goes far beyond the original publication in uncovering new details of the composer s life and insights into his music It explores Joplin s early pre ragtime career as a quartet singer a period of his life that was previously unknown The book also surveys the nature of ragtime before Joplin entered the ragtime scene and how he changed the style Author Edward A Berlin offers insightful commentary on each of all of Joplin s works showing his influence on other ragtime and non ragtime composers He traces too Joplin s continued music studies late in life and how these reflect his dedication to education and probably account for the radical changes that occur in his last few rags And he puts new emphasis on Joplin s efforts in musical theater bringing in early versions of his Ragtime Dance and its precedents Joplin s wife Freddie is shown to be a major inspiration to his opera Treemonisha with her family background and values being reflected in that work Joplin s reputation faded in the 1920s 30s but interest in his music slowly re emerged in the 1940s and gradually built toward a spectacular revival in the 1970s when major battles ensued for possession of rights **Scott Joplin and the Age of Ragtime** Ray Argyle,2009-04-15 At the turn of the twentieth century Scott Joplin struggled on the margins of society to play a pivotal role in the creation of ragtime music His brief life and tragic death encompassed a tumultuous time of changes in modern music culture and technology This biography follows Joplin s life from the brothels and bars of St Louis to the music mills of Tin Pan Alley as he introduced a syncopated lively style to classical piano **Scott Joplin** Charles River Editors,2020-01-10 Includes pictures Includes a bibliography for further reading What is scurrilously called ragtime is an invention that is here to stay That is now conceded by all classes of musicians Scott Joplin Despite a general dearth of African American names rising to musical prominence during the years of Reconstruction black talent existed in good measure for both popular and classical genres and among the most notable musicians celebrated in the present day is composer Scott Joplin who in his day earned the moniker King of Ragtime Joplin s use of ragtime as a piano genre was as natural to African American dances as the waltz was to Europeans The new African based musical language grew to such popularity that piano rags were programmed on formal classical programs Originally employed as a verb as in to rag a rhythm the genre was first referred to as the jig piano style Ragtime features off beat rhythms a heavily accented first beat with the left hand making fast leaps to include the harmony Pieces of the genre are as visually distinctive as they are in sound Popular with honky tonk pianists working along the Mississippi and Missouri Rivers ragtime became the predominant style of American popular music by the end of the 19th century Dance steps like the cakewalk inspired by minstrel shows featuring modes of black banjo playing were unlikely to be incorporated

into white dance for many years to come but white musicians incorporated the sound into their own daily repertoires as a pleasing style of melody and rhythm The days of minstrel performances in which white performers costumed themselves in black face without societal backlash were eventually replaced by black performers such as Joplin and others like him Once free from such mockery black artists were free to produce musical offerings from the authentic culture The term rag according to Joplin s use of the term represented a musical evolution an abrupt edgy approach to the musical phrase suggesting a ragged movement Mixing his gifts for ragtime a forerunner of American jazz with a classical education Joplin produced hundreds of short piano works based on African vocal and dance music and he worked tirelessly to bring them to a state of validation in the white American and European music world Moving beyond miniatures Joplin ventured into the bastion of European opera highlighting blacks intent to elevate and modernize black culture through education in the process Paralleling the aspirations of Booker T Washington W E B Du Bois and Marcus Garvey Joplin is often viewed as an influential part of a rising black society excelling in an alien environment full of inequality He shared fame among the top ragtime players in the nation along with artists such as Louis Chauvin and Thomas M Turpin the father of St Louis ragtime as well as Tony Jackson in New Orleans While many ragtime artists were less concerned about incorporating the genre into the classical world Joplin considered it to be a branch of formal music and fought for its recognition as such Acceptance by the classical world signified a long term validation for his new genre and he was willing to suffer decades of rejection to witness the breakthrough Scott Joplin The Life and Legacy of the King of Ragtime profiles how he became one of 20th century music s most influential figures Along with pictures of important people places and events you will learn about Scott Joplin like never before [Scott Joplin](#) Charles River Editors,2020-01-08 Includes pictures Includes a bibliography for further reading What is scurrilously called ragtime is an invention that is here to stay That is now conceded by all classes of musicians Scott Joplin Despite a general dearth of African American names rising to musical prominence during the years of Reconstruction black talent existed in good measure for both popular and classical genres and among the most notable musicians celebrated in the present day is composer Scott Joplin who in his day earned the moniker King of Ragtime Joplin s use of ragtime as a piano genre was as natural to African American dances as the waltz was to Europeans The new African based musical language grew to such popularity that piano rags were programmed on formal classical programs Originally employed as a verb as in to rag a rhythm the genre was first referred to as the jig piano style Ragtime features off beat rhythms a heavily accented first beat with the left hand making fast leaps to include the harmony Pieces of the genre are as visually distinctive as they are in sound Popular with honky tonk pianists working along the Mississippi and Missouri Rivers ragtime became the predominant style of American popular music by the end of the 19th century Dance steps like the cakewalk inspired by minstrel shows featuring modes of black banjo playing were unlikely to be incorporated into white dance for many years to come but white musicians incorporated the sound into their own daily repertoires as a pleasing style of melody and rhythm

The days of minstrel performances in which white performers costumed themselves in black face without societal backlash were eventually replaced by black performers such as Joplin and others like him. Once free from such mockery, black artists were free to produce musical offerings from the authentic culture. The term rag, according to Joplin's use of the term, represented a musical evolution, an abrupt, edgy approach to the musical phrase suggesting a ragged movement. Mixing his gifts for ragtime, a forerunner of American jazz, with a classical education, Joplin produced hundreds of short piano works based on African vocal and dance music, and he worked tirelessly to bring them to a state of validation in the white American and European music world. Moving beyond miniatures, Joplin ventured into the bastion of European opera, highlighting blacks' intent to elevate and modernize black culture through education in the process. Paralleling the aspirations of Booker T. Washington, W. E. B. Du Bois, and Marcus Garvey, Joplin is often viewed as an influential part of a rising black society excelling in an alien environment full of inequality. He shared fame among the top ragtime players in the nation along with artists such as Louis Chauvin and Thomas M. Turpin, the father of St. Louis ragtime, as well as Tony Jackson in New Orleans. While many ragtime artists were less concerned about incorporating the genre into the classical world, Joplin considered it to be a branch of formal music and fought for its recognition as such. Acceptance by the classical world signified a long-term validation for his new genre, and he was willing to suffer decades of rejection to witness the breakthrough. Scott Joplin: The Life and Legacy of the King of Ragtime profiles how he became one of 20th-century music's most influential figures. Along with pictures of important people, places, and events, you will learn about Scott Joplin like never before.

The Life and Times of Scott Joplin John Bankston, 2005-09 As a member of the first generation of African Americans who were born just after the end of slavery, Scott Joplin faced a world of unique challenges. His musical family scraped out a living by sharecropping and cleaning houses, but Scott was exceptionally gifted and played in churches and saloons. While for a time he wanted to compose classical music, he was drawn to ragtime, an early form of jazz that featured African folk tunes and syncopated rhythms. After his first composition, Maple Leaf Rag, was published in 1899, Joplin was able to keep ragtime popular for the next two decades. In fact, ragtime influences can be heard in later forms of music such as jazz, blues, and even rock n' roll. Scott Joplin: the Father of Ragtime, whose compositions cut across geography, race, and class, was truly a Master of Music.

The Strenuous Life of Scott Joplin Gail Masinda, 2020-04 Scott Joplin, composer of The Entertainer and The Maple Leaf Rag, was the King of Ragtime. Yet when he died in 1914 at about age 47, he was nearly forgotten. His remarkable biography is told in the style of a graphic novel, with colorful storyboards filled with facts, fun, and links to bonus materials.

[Scott Joplin & the Age of Ragtime](#) Timothy Frew, 1996-06-01 Every package in this unique series pairs a high-quality full-length compact disc highlighting a popular genre with an informative full-color book that places the music in its historical and social context.
