Scripture Safari 1:

Dominion over Wildlife? Stephen M. Vantassel, 2009-04-01 For centuries Christians believed that God granted humanity dominion over the animal kingdom meaning that we had a moral right to kill manage and eat animals including wildlife Recently however environmental and animal rights activists have assaulted this traditional perspective They argue that dominion as expressed in meat eating and hunting has resulted in species extinction and environmental degradation Christian Animal Rights CAR activists suggest that the church must reevaluate its traditional beliefs in light of the fact that God's original creation was free of human on animal violence God they argue did not want man's dominion to be expressed through trapping killing and eating of animals These violent activities only came about after the Fall as God condescended to our hardness of heart CAR activists point to Christ's sacrificial work of reconciliation as a model for modern Christian behavior as Christ sacrificed for us we should avoid eating meat and hunting as ways we can participate in Christ's non violent work of reconciling creation to himself In this book Stephen Vantassel investigates the biblical ethical and scientific arguments employed by the CAR movement concerning human wildlife relations In this regard the book engages in practical theology by addressing several important questions How should Christians treat our wildlife neighbors Has the Church been wrong in its understanding of human dominion Does God want Christians to avoid hunting trapping fishing and adopt a vegetarian lifestyle This book provides answers to these questions by detailing a theology the author calls Shepherdism

The Publishers' Trade List Annual, 1989 **Safari Based Theology** Dr. Enos Lwamba, 2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation *The Safari Motif in the Development of Theology in Africa* Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari *mwanzo sasa and mwisho* which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbiti's *The African Concept of Time* and Paul Hiebert's *The Flaw of the Excluded Middle* the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology

and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines

Testament Commentary series continues to be one of today's top selling commentary series. These commentaries from respected Bible scholar and preacher John MacArthur give a verse by verse analysis in context and provide points of application for passages illuminating the biblical text in practical and relevant ways. *What the Bible Really Says?* Thomas A. Howe, 2009-01-01

The study of the End Times has been a popular topic for many years and there are many different positions that are proposed on how to understand the unfolding of God's program. The debate over the End Times has often been heated and has failed to showcase the best that Christian scholarship has to offer. It sometimes seems like everyone wants to get in on the action and anyone who has an audience can and has put together his thoughts and made his opinions known through the printed page. Anyone can publish his views regardless of the level of competency in the original languages, his level of hermeneutic ability or his understanding of history or theology. In his book *The Apocalypse Code* Hank Hanegraaff declares that his goal is to put hermeneutical tools into your hands so that you can draw from Scripture what God intends you to understand rather than uncritically accepting end time models that may well be foreign to the text. It would be extremely helpful for someone to equip readers to be able to make their way through the maze of views. *What the Bible Really Says* is a point by point analysis of the arguments of Hank Hanegraaff concerning end times prophecy. This book is not an effort to promote one eschatological perspective over another. Rather it is an analysis of Hanegraaff's arguments and claims in order to discover whether or not he has succeeded in putting hermeneutical tools into the hands of his readers or whether he has simply added his voice and his opinions to the cacophony of claims and counterclaims. *Luke 6-10 MacArthur New Testament Commentary* John MacArthur, 2011-02-21

Luke 6-10 continues *The MacArthur New Testament Commentary's* look at the longest of the four gospels. The commentary provides a verse by verse and phrase by phrase exposition of the text taking into account the cultural, theological and Old Testament contexts of each passage. Interpretive challenges are fully dealt with and differing views are fairly evaluated. The gospel of Luke is unique and provides valuable insight into Christ's life and ministry. For example it gives the fullest account of Christ's birth and is the only gospel to record several of our Lord's parables including the Good Samaritan and the Two Sons. Use this volume of *The MacArthur New Testament Commentary* series to assist you in your study of this cherished New Testament book. *Using the Bible in Spiritual Direction* Liz Hoare, 2016-01-01

Spiritual direction is increasingly popular among Christians of all mainstream traditions with demand for directors outstripping supply in many places. And although the Bible is central to the practice of spiritual direction very little has been published on how best to use it in this form of ministry. Experienced spiritual director Liz Hoare explores the central role the Bible has played in Christian experience in order to discourage poor, shallow or rigid use of the Bible which can lead to damage and inhibit spiritual growth. According to Hoare the goal of spiritual direction is not a personal improvement plan but a people who are being shaped into the likeness of Christ for the flourishing of the church as a whole. Using different methods of praying with the Bible and drawing on historical traditions of Christian spirituality as well as current literature

and practice this book offers a rich stimulating and thoroughly biblical resource for all those who give and receive spiritual direction
