Secrets Of The Egyptian Gnostics:

The Secret Books of the Egyptian Gnostics Jean Doresse, Leonard Johnston, 1960 **The Secret Books of the Egyptian Gnostics** Jean Doresse, 1960 **The Secret Books of the Egyptian Gnostics** Jean Doresse, 1970 **The Secret History of the Gnostics** Andrew Phillip Smith, 2015-11-24 Learn more about the myths practices history and recent resurgence of Gnosticism as a Gnostic scholar seeks to answer why this Christian mystical movement has inspired the likes of Dan Brown and Philip Pullman The Secret History of the Gnostics offers long awaited illumination on the mystical movement that teaches gnosis knowledge of God as opposed to unquestioning faith Acclaimed author Andrew Phillip Smith delves into the myths and practices of this ancient movement exploring its popularity during 2nd century AD its subsequent decline under the weight of orthodoxy in the Church and its present day resurgence Gnosticism has travelled a fascinating path from the Manichaeans in Modern Persia between the 3rd and 7th centuries AD to the triumphs and tragedies of the Cathars in Southern Europe between the 12th and 14th centuries to finally today s Mandaeans in Iraq However as the author points out the revival of Gnosticism extends further than these narrow sects offering inspiration to a legion of literary figures including Dan Brown and Philip Pullman Gnosticism s emphasis on personal over organized religion in keeping with the doctrine of the early Christian era during which it thrived has found particular resonance with today s multicultural world In addition to discussing the Gnostic gospels and the sect s practical beliefs and customs The Secret History of the Gnostics is also in effect a manifesto an appeal to those inspired by or drawn to the Gnostic faith not to forget its origins The Secret Lore of Egypt Erik Hornung, 2001 The study of Egypt as the fount of all wisdom and stronghold of hermetic lore already strong in antiquity Hornung Egyptology U of Basel calls Egyptosophy Though it was soundly rebuffed by Egyptology based on conventional science and history he thinks its continuing impact on western culture Publisher s description The God Secret Greg Rigby, 2011-09-01 An attempt to find the origin of the Judeo Christian concept of God is made by using astronomy and ancient history **The Nag Hammadi Story (2 vols.)** James M. Robinson, 2014-06-05 The Nag Hammadi Story is not a history of research in the usual sense of a Forschungsbericht which would report on the massive amount of scholarship that has been devoted to the content of the Nag Hammadi Codices for more than a half century Rather it is a socio historical narration of just what went on during the thirty two years from their discovery late in 1945 via their initial trafficking and then the attempts to monopolize them until finally through the intervention of UNESCO the whole collection of thirteen Codices was published in facsimiles and in English translation both completed late in 1977 **The Esoteric Secrets of Surrealism** Patrick Lepetit, 2014-04-24 A profound understanding of the surrealists connections with alchemists and secret societies and the hermetic aspirations revealed in their works Explains how surrealist paintings and poems employed mythology gnostic principles tarot voodoo alchemy and other hermetic sciences to seek out unexplored regions of the mind and recover lost psychic and magical powers Provides many examples of esoteric influence in surrealism such as

how Picasso's *Demoiselles d'Avignon* was originally titled *The Bath of the Philosophers* Not merely an artistic or literary movement as many believe the surrealists rejected the labels of artist and author bestowed upon them by outsiders accepting instead the titles of magician alchemist or in the case of Leonora Carrington and Remedios Varo witch Their paintings poems and other works were created to seek out unexplored regions of the mind and recover lost psychic and magical powers They used creative expression as the vehicle to attain what Andr Breton called the supreme point the point at which all opposites cease to be perceived as contradictions This supreme point is found at the heart of all esoteric doctrines including the Great Work of alchemy and enables communication with higher states of being Drawing on an extensive range of writings by the surrealists and those in their circle of influence Patrick Lepetit shows how the surrealists employed mythology gnostic principles tarot voodoo and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness He provides many specific examples of esoteric influence among the surrealists such as how Picasso's famous *Demoiselles d'Avignon* was originally titled *The Bath of the Philosophers* how painter Victor Brauner drew from his father's spiritualist vocation as well as the Kabbalah and tarot and how doctor and surrealist author Pierre Mabille was a Freemason focused on finding initiatory paths where it is possible to feel a new system connecting man with the universe Lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around Fulcanelli He also explores the relationship between surrealists and Freemasonry Martinists and the Elect Cohen as well as the Grail mythos and the Arthurian brotherhood

The Secret Teachings Of All Ages Manly P Hall,1973

The Ancient Mysteries and Secret Societies Manly P. Hall,2017-12-12

WHEN confronted with a problem involving the use of the reasoning faculties individuals of strong intellect keep their poise and seek to reach a solution by obtaining facts bearing upon the question Those of immature mentality on the other hand when similarly confronted are overwhelmed While the former may be qualified to solve the riddle of their own destiny the latter must be led like a flock of sheep and taught in simple language They depend almost entirely upon the ministrations of the shepherd The Apostle Paul said that these little ones must be fed with milk but that meat is the food of strong men

The Monastic Origins of the Nag Hammadi Codices Hugo Lundhaug,Lance Jenott,2015-10-19

Hugo Lundhaug and Lance Jenott offer a sustained argument for the monastic provenance of the Nag Hammadi Codices They examine the arguments for and against a monastic Sitz im Leben and defend the view that the Codices were produced and read by Christian monks most likely Pachomians in the fourth and fifth century monasteries of Upper Egypt Eschewing the modern classification of the Nag Hammadi texts as Gnostic the authors approach the codices and their ancient owners from the perspective of the diverse monastic culture of late antique Egypt and situate them in the context of the ongoing controversies over extra canonical literature and the theological legacy of Origen Through a combination of sources including idealized hagiographies travelogues monastic rules and exhortations and the more quotidian details revealed in documentary papyri manuscript collections and archaeology monasticism in the Thebaid is brought to life and the Nag Hammadi codices situated within it The cartonnage papyri from the leather covers of the codices which bear witness to the monastic culture of the region are closely examined while scribal and codicological features of the codices are analyzed and compared with contemporary manuscripts from Egypt Special attention is given to the codices scribal notes and colophons which offer direct evidence of their producers and users The study ultimately reveals the Nag Hammadi Codices as a collection of books completely at home in the monastic manuscript culture of late antique Egypt

The Secret Doctrine: Occultism Helena Petrovna Blavatsky,1897

The Secret Revelation of John Karen L. King,2009-02-28

Lost in antiquity rediscovered in 1896 and only recently accessible for study The Secret Revelation of John offers a firsthand look

into the diversity of Christianity before the establishment of canon and creed Karen L King offers an illuminating reading of this ancient text a narrative of the creation of the universe and humanity and a guide to justice and salvation said to be Christ's revelation to his disciple John Freeing the Revelation from the category of Gnosticism to which such accounts were relegated King shows how the Biblical text could be read by early Christians in radical and revisionary ways By placing the Revelation in its social and intellectual milieu she revises our understanding of early Christianity and more generally religious thought in the ancient Mediterranean world Her work helps the modern reader through many intriguing but confusing ideas in the text for example that the creator god of Genesis a self described jealous and exclusive god is not the true Deity but a kind of fallen angel or in an overt critique of patriarchy unique in ancient literature the declaration that the subordination of woman to man was an ignorant act in direct violation of the holy height In King's analysis the Revelation becomes not strange but a comprehensible religious vision and a window on the religious culture of the Roman Empire A translation of the complete Secret Revelation of John is included *The Lost Scriptures of Giza* Jason Breshears,2006-07-26 After exploring every part of the Great pyramid both inside and out the author reveals how it connects to history and predicts future events He advances the idea that major cataclysms of the past occurred at specifically predicable times and when the next world wide catastrophe will come If his predictions are accurate we need to prepare **The Secret Doctrine** Helena Petrovna Blavatsky,1893 *The Secret Doctrine: Anthropogenesis* Helena Petrovna Blavatsky,1888 **Alternative Christianities Volume II** Vince Nicolas,2018-12-30 Welcome to Volume II of Alternative Christianities For those that have read Alternative Christianities Volume I Early Christian Sects and the Formation of the Bible Welcome Back and I hope you enjoy Alternative Christianities Volume II The Validity of Today's Christian Teachings and the Lost Gospels of the Other Disciples If you have not read Volume I I do hope you pick it up or order it It is well worth reading For those new readers to whom I have not introduced myself in Volume I I am Vince Nicolas I am a historian not a theologian I am writing these books as a historian not as a theologian I want to make that very clear
