The Final Empire Wm. H. Kötke, 2007-11 In spite of its tough message there is much compassion and humanity in The Final Empire Right away as you begin to read this work you sense increasingly the grand perspective in K tke s words He is not speaking of anarchy He is offering vital common sense It s just that his meaning is so unavoidably political And so much against what we have been taught all our lives The materialistic values of civilization teach us that the accumulation of wealth is progress The material wealth of the civilization is derived from the death of the earth the soils the forests the fish stocks the free resources of flora and fauna The ultimate end of this is for all human species to live in giant parasitical cities of cement and metal while surrounded by deserts of exhausted soils The simple polar opposites are the richness and wealth of the natural life of earth versus the material wealth of people living out their lives in artificial environments This amounts to a direct challenge to humankind A demand for radical change A re envisioning of our part in the community of life and the precepts of individuality And Mr K tke provides a strong argument for this case He traces the environmental scars of civilization through the ages Empire after empire desertification of the top soil winds its way around the globe in an erosive helix from China to India to Mesopotamia to Italy to North America As radical as it may seem at first glance The Final Empire is a necessary and sensible primer for the recovery of the planet It blends a critical statistical analysis of our deteriorating environment with a positivism of hope for a post empire age and a new whole human relation to the living community of Earth Dan Armstrong

**historia prohibida** J. Douglas Kenyon, 2013-05-06 Pone en duda las teorías científicas sobre el establecimiento de la civilización y la tecnología. Contiene 42 ensayos por 17 importantes pensadores en los campos de la ciencia y la historia alternativas incluidos Christopher Dunn, Frank Joseph, Will Hart, Rand Flem-Ath y Moira Timms. Editado por el director de la revista Atlantis Rising J. Douglas Kenyon. En su libro *La historia prohibida* el escritor y editor J. Douglas Kenyon ha escogido 42 ensayos de la revista bimensual Atlantis Rising para dar a los lectores un panorama general sobre las posiciones de algunos de los pensadores más importantes en el intenso debate actual sobre los misterios antiguos y las versiones alternativas de la historia. Entre los colaboradores se encuentran Robert Schoch, Rand Flem-Ath, Moira Timms, Frank Joseph, Christopher Dunn y Will Hart. Todos ellos han desempeñado papeles fundamentales en lo que respecta a desafiar a la comunidad científica establecida a que reexamine sus suposiciones acerca de nuestros orígenes olvidados y considere la posibilidad de sostener un debate inteligente sean cuales sean las consecuencias para el paradigma actual. Kenyon ha ido acumulando minuciosamente todo un conjunto de materiales que le sirven de apoyo en su intención de poner en duda modalidades de pensamiento tan anticuadas como el darwinismo y el creacionismo. Cada uno de los ensayos se basa en la labor realizada por los otros autores. Se exploran los últimos descubrimientos e ideas planteados en estas páginas acerca de temas siempre tan polémicos como el de la Atlántida, las pirámides y la influencia de los extraterrestres y se formulan muchas preguntas interesantes. El resultado es una exposición bien pensada que apoya la idea de que la civilización humana se remonta a mucho antes de lo que pensamos. También se presentan argumentos convincentes acerca de la existencia de tecnologías avanzadas en la prehistoria y se describe sin lugar a dudas la existencia de fuentes desconocidas de la cultura mundial. Estos argumentos alternativos que antes se consideraban marginales ahora están obteniendo credibilidad y respeto. En la colección se incluyen además varios artículos en los que se presentan, comparan y contrastan las teorías de otros autores notables sobre estos temas como lo son Zecharia Sitchin, Paul LaViolette, John Michell, Graham Hancock y John Anthony West.
