## Secrets Of The Worlds Greatest Apologists:

**David's Secret Demons** Baruch Halpern, 2003-11-12 This is a print on demand book and is therefore non returnable The Bible portrays King David as an exceptional man and a paragon of godly devotion But was he Some scholars deny that he existed at all Did he This challenging book examines the written and archaeological evidence critically in an effort to paint an accurate picture of one of the Bible's central figures Neither defending nor rejecting the traditions about David Baruch Halpern a leading scholar of biblical history and the ancient Near East traces the origins of development of David's persona Because the biblical text clearly responds to concerns that can only be contemporary with David himself we can believe that David was both real and a central actor in the historical drama of ancient Israel Yet at the same time the written record also shows that contemporaries understood David's character to be much more unsavory than the tradition has hitherto allowed Halpern digs beneath the layers of tradition to understand David as an individual as a person The man he uncovers turns out to have been complex ambiguous and above all surprising According to Halpern the image of David grew over time He was the founder of the dynasty that perpetuated the texts about him and they progressively exaggerated his accomplishments But in the earliest writings David remains a modest figure as this book shows for the first time To understand David as a human being one must keep in mind that he was primarily a politician who operated in a rough and tumble environment in which competitors were ready literally to slit throats Halpern's work raises many provocative questions Was David an Israelite or a Philistine Was Solomon really David's son Did David take the throne of Israel by the consent or against the will of the people How many murders did he commit on his way to the crown Indeed was David someone it would have been wise to even invite to dinner The challenging arguments in David's Secret Demons are sure to provoke all kinds of discussion among biblical scholars and general readers alike In addition a big bonus Halpern's accessible at times humorous prose will itself draw readers everywhere into the compelling story of David found between these covers [The Secret World](#) Hugh

Trevor-Roper, 2014-10-30 During World War II Britain enjoyed spectacular success in the secret war between hostile intelligence services enabling a substantial and successful expansion of British counter espionage which continued to grow in the Cold War era Hugh Trevor Roper's experiences working in the Secret Intelligence Service MI6 during the war left a profound impression on him and he later observed the world of intelligence with particular discernment To Trevor Roper who was always interested in the historical dimension of the present and was fully alive to the historical significance of the era in which he lived the subjects of wartime intelligence and the complex espionage networks that developed in the Cold War period were as worthy of profound investigation and reflection as events from the more distant past Expressing his observations through some of his most ironic and entertaining correspondence articles and reviews Trevor Roper wrote vividly about some of the greatest intelligence characters of the age from Kim Philby and Michael Straight to the Germans Admiral Canaris and Otto John The coherence depth and historical vision which unites these writings can only be glimpsed

when they are brought together from the scattered publications in which they appeared and when read beside his unpublished private reflections *The Secret World* unites Trevor Roper's writings on the subject of intelligence including the full text of The Philby Affair and some of his personal letters to leading figures Based on original material and extensive supplementary research by E D R Harrison this book is a sharp revealing and personal first hand account of the intelligence world in World War II and the Cold War      *Secret Scrolls* Robert M. Price, 2010-12-27 *Secret Scrolls* is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one's religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board *Secret Scrolls* assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown's notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will *Secret Scrolls*      *A Glimpse of the Great Secret Society. stories put forward by the world's various cults and mystical traditions are true. From there he relates a deeply provocative alternate history of the past 3 000 years. From Greek and Egyptian mythology to Jewish folklore, from Christian cults to Freemasons, from Charlemagne to Don Quixote, from George Washington to Hitler, Booth shows that history needs a revolutionary rethink and he has 3 000 years of hidden wisdom to back it up. [The World's Greatest Book](#) Jerry Pattengale, Lawrence Schiffman, 2023-06. Adventure filled narrative untangles the intriguing web of people and events that shaped history's most powerful book. From the earliest oral traditions to ink on parchment and ultimately the printing press, this is the story behind the best selling book of all time. Original texts were captured and passed down from generation to generation by elders and leaders, many inked by hand in extreme conditions. Christians and Jews canonized the Christian Catholic and Hebrew Bibles over a period of thousands of years. Devoted people dedicated their lives throughout time to put this unique book into the hands of people worldwide. Retrace the passion and intrigue behind the Bible's creation. How did ULTRA shape the course of the war? At times it played a major role in the turning of battle; at other times it did not; at still others it was fatally misused and at still others it was beneficial but not necessary to bring about victory in any case. Unfortunately, good intelligence is often badly used by its masters. ULTRA was no different. Did ULTRA win the war? No, men and tanks and bombs and airplanes did. Did ULTRA shorten the war? Given the extent to which it provided foreknowledge, once the balance of military forces was relatively close, the answer must be yes. Did ULTRA prevent an earlier end to the war, either by creating such confidence that avoidable mistakes were made in the rush for glory, or by preventing acceptance of an outcome short of unconditional surrender, or by causing the Allies to discount internal German opposition and a possible suicide attempt on Hitler? No, for its benefits outweighed its negative. Does the glory of the victory become tainted in light of ULTRA? Yes, for not only does it reveal the extent to which our commanders knew in advance of German battle strengths and location, thus giving them a decided advantage, it also points out several egregious errors on their part despite possession of ULTRA. Can intelligence be counted on to provide us victory in future conflicts? No, ULTRA use and implementation was clearly deficient.

for two to three years and came about only with the help of Polish and French contributions which we cannot count on in the future As Welchman points out that may well mean suicide in a world where computers and ICBM s reduce the drag time to seconds from years What role did ULTRA play To quote one of the examiners Ultra was a war winner even if not the war winner

**The Mystery of Life What'S It All About?** David E. Peeples,2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing The Mystery of Life it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isn't it about time to discover the answers to our most persistent and pressing questions The Mystery of Life is presented as a literary expose addressing the questions of origin meaning morality and destiny

**The Great Mystery** Alister E McGrath,2017-05-04 There is currently huge interest in the question of human nature and identity and what the human future might look like Who are we Why are we here What is our future Are we alone And what can religion bring alongside biology and anthropology to these important and exciting questions The Great Mystery focuses on this fascinating field of study Alister McGrath bestselling author and Andreas Idreos Professor of Science and Religion at Oxford University explores the question of human nature from both scientific and religious perspectives and weaves together the results to open up and explore some of the deepest and most important questions about who we are why we matter and what our future might be A follow up to his critically acclaimed Inventing the Universe in The Great Mystery Alister McGrath once again brings together science with religion to yield an enriched vision of reality along with rigorous and thoroughly up to date scholarship and intellectual accessibility
