Security With Solvency Dwight D Eisenhower And The Shaping Of The American Military Establishment:

Security with Solvency Gerard H. Clarfield,1999 **A Companion to Dwight D. Eisenhower** Chester J.

Pach,2017-04-10 A Companion to Dwight D Eisenhower brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history **History of Acquisition in the Department of Defense, Volume 1** Elliott V. Converse,2012-06-12 This volume is a history of the acquisition of major weapon systems by the United States armed forces from 1945 to 1960 the decade and a half that spanned the Truman and Eisenhower administrations following World War II These instruments of warfare aircraft armored vehicles artillery guided missiles naval vessels and supporting electronic systems when combined with nuclear warheads gave the postwar American military unprecedented deterrent and striking power 1 They were also enormously expensive The volume is organized chronologically with individual chapters addressing the roles of OSD the Army Navy and Air Force in two distinct periods The first roughly coinciding with President Truman s tenure covers the years from the end of World War II through the end of the Korean War in 1953 The second spans the two terms of the Eisenhower presidency from 1953 through early 1961 The year 1953 marked a natural breakpoint between the two periods The Korean War had ended President Eisenhower and his defense team began implementing the New Look a policy and strategy based on nuclear weapons which they believed would provide security and make it possible to reduce military spending The New Look s stress on nuclear weapons along with the deployment of the first operational guided missiles and the rapid advances subsequently made in nuclear and missile technology profoundly influenced acquisition in the services throughout the 1950s and the remainder of the century As used in this study the term acquisition encompasses the activities by which the United States obtains weapons and other equipment In surveying the history of acquisition between 1945 and 1960 this study discusses or refers in passing to many of the hundreds of weapon system programs initiated by the services in that period but it is not a weapons encyclopedia Instead it investigates a few major programs in depth in the belief that such detailed examination best reveals the evolution of acquisition policies organizations and processes and the various forces influencing weapons programs **Eisenhower and the Cold War Economy** William M. McClenahan,William H. Becker,2011-12-15 Cover Contents Preface Prologue Preparing for the Presidency PART 1 MACRO LEVEL ECONOMIC POLICIES 1 Setting a

K L M N O P R S T U V W Y **The Eisenhower Presidency** Andrew J. Polsky, 2015-11-30 We are in the midst of a Dwight
Eisenhower revival Today pundits often look to Eisenhower as a model of how a president can govern across party lines and
protect American interests globally without resorting too quickly to the use of force Yet this mix of nostalgia and frustration
with the current polarized state of American politics may mislead us Eisenhower's presidency has much to teach us today
about how a president might avert crises and showdowns at home or abroad But he governed under conditions so strikingly
different from those a chief executive faces in the early 21st century that we need to question how much of his style could
work in our own era The chapters in this volume address the lessons we can draw from the Eisenhower experience for
presidential leadership today Although most of the authors find much to admire in the Eisenhower record they express
varying opinions on how applicable his approach would be for our own time On one side they appreciate his limited faith in
the power of his words to move public opinion and his reluctance to turn to the use of force to solve international problems
On the other side it was plain that Ike's exercise of hidden hand leadership in Fred Greenstein's evocative term would not be
possible in the modern media environment that makes Washington a giant fishbowl and instant revelation an acceptable
norm Both Eisenhower admirers and skeptics and many of the authors are both will find much in these essays to reinforce
their preconceptions and much that is unsettling Eisenhower emerges as an effective but flawed leader He was in many ways
the right man for his time but limited because he was also a man of his time **The Eden-Eisenhower Correspondence,**
1955-1957 Anthony Eden (Earl of Avon), 2005 Many of the letters have only recently been declassified making it possible for
the first time to publish this unique historic collection in its entirety BOOK JACKET **Modeling and Simulation for**
Analyzing Global Events John A. Sokolowski, Catherine M. Banks, 2009-07-01 one of a kind introduction to the theory and
application of modeling and simulation techniques in the realm of international studies Modeling and Simulation for
Analyzing Global Events provides an orientation to the theory and application of modeling and simulation techniques in social
science disciplines This book guides readers in developing quantitative and numeric representations of real world events
based on qualitative analysis With an emphasis on gathering and mapping empirical data the authors detail the steps needed
for accurately analyzing global events and outline the selection and construction of the best model for understanding the
event's data Providing a theoretical foundation while also illustrating modern examples the book contains three parts
Advancing Global Studies introduces the what when and why of modeling and simulation and also explores its brief history
various uses and some of the advantages and disadvantages of modeling and simulation in problem solving In addition the
differences in qualitative and quantitative research methods mapping data and conducting model validation are also

discussed Modeling Paradigms examines various methods of modeling including system dynamics agent based modeling social network modeling and game theory This section also explores the theory and construction of these modeling paradigms the fundamentals for their application and various contexts for their use Modeling Global Events applies the modeling paradigms to four real world events that are representative of several fundamental areas of social science studies internal commotion within an anarchic state a multi layered study of the Solidarity movement in Poland uni lateral military intervention and the issue of compellence and deterrence during a national security crisis Modeling and Simulation for Analyzing Global Events is an excellent book for statistics engineering computer science economics and social sciences courses on modeling and simulation at the upper undergraduate and graduate levels It is also an insightful reference for professionals who would like to develop modeling and simulation skills for analyzing and communicating human behavior observed in real world events and complex global case studies

George Humphrey, Charles Wilson and Eisenhower's War on Spending James Worthen, 2019-09-09 The first Republican president since the Great Depression Dwight Eisenhower was the victorious supreme allied commander of World War II s European theater but a political novice when he moved into the White House in 1953 To help make domestic policy he recruited two of the country s richest businessmen Cleveland industrialist George Humphrey and General Motors president Charles Wilson with the goals of ensuring American postwar prosperity and developing a defense posture against the nuclear threat of the Soviet Union This book provides the first detailed examination of how Humphrey and Wilson helped shape Eisenhower s policies and priorities Persuasive and charming Treasury Secretary Humphrey was obsessed with cutting spending Defense Secretary Wilson whose departmental funding comprised most of the federal budget bore the brunt of Humphrey s anti spending campaign while struggling to master his brief and control the restive military bureaucracy The frugality of the Humphrey Wilson years manifested in an unambitious domestic agenda and a military that seemed to lag behind the Soviets in key areas leading to disastrous Republican losses in the elections of 1958 and 1960

'I Made Mistakes' Aurélie Basha i Novosejt, 2019-03-14 Speaking to an advisor in 1966 about America s escalation of forces in Vietnam Secretary of Defense Robert S McNamara confessed We ve made mistakes in Vietnam I ve made mistakes But the mistakes I made are not the ones they say I made In I Made Mistakes Aur lie Basha i Novosejt provides a fresh and controversial examination of Secretary of Defense Robert S McNamara s decisions during the Vietnam War Although McNamara is remembered as the architect of the Vietnam War Novosejt draws on new sources including the diaries of his advisor and confidant John T McNaughton to reveal a man who resisted the war more than most As Secretary of Defense he did not want the costs of the war associated with a new international commitment in Vietnam but he sacrificed these misgivings to instead become the public face of the war out of a sense of loyalty to the President

Eisenhower P G. Boyle, 2015-11-17 Eisenhower is the president who established America as a superpower He had already launched his reputation as the leading US military figure in the Second World War

and then as supreme commander of the land forces of the newly created NATO This book looks at how Eisenhower held power in the political field and to what extent his political career was a success This text is ideal for undergraduate courses in 20th Century American History and American Studies **Commanding Generals and Chiefs of Staff, 1775-2005**

William Gardner Bell, 2005 CMH Pub 70 14 Offers a glimpse of the commanding generals and chiefs of staff who have led the United States Army in peace and war Combines biographical sketches with the officially designated portraits accompanied by brief accounts on the artists **Eisenhower, Science Advice, and the Nuclear Test-Ban Debate, 1945-1963** Benjamin

P. Greene, 2007 Based on extensive research in government archives and private papers this book analyzes the secret debate within the Eisenhower administration over the pursuit of a nuclear test ban agreement In contrast to much recent scholarship this study concludes that Eisenhower strongly desired to reach an accord with the Soviet Union and the United Kingdom to cease nuclear weapons testing For Eisenhower a test ban would ease Cold War tensions slow the nuclear arms race and build confidence toward disarmament however he faced continual resistance from his early scientific advisers most notably Lewis L Strauss and Edward Teller Extensive research into previously unavailable government archival sources and collections of private manuscripts reveals the manipulative acts of test ban opponents and other factors that inhibited Eisenhower's actions throughout his presidency Meticulously analyzed these sources underscore Eisenhower's dependence on the counsel of his science advisors such as Strauss James R Killian and George B Kistiakowsky to determine the course he pursued in regard to several components of his national security strategy In addition to its comprehensive analysis of the test ban debate this book makes important contributions to the scholarly literature assessing Eisenhower's leadership and his approach to arms control **Commanding Generals and Chiefs of Staff, 1775-2013** William Gardner Bell, 1983 From

the Foreword This volume provides short biographical sketches of the commanding generals and chiefs of staff who have led the United States Army Their rise through the levels of leadership to the pinnacle of their profession reveals both striking parallels and equally fascinating contrasts While their responsibilities have evolved over the years the essential elements of leadership remain unchanged The format of this volume combines biographical information along with the officially designated portraits of the commanding generals and chiefs of staff It also includes brief accounts of the artists selected to paint the official portraits As an aspect of the Army art program these portraits add an interesting and revealing dimension to the biographer's words This volume not only celebrates the legacy of dedication and patriotism left by these leaders but also enhances our understanding of military leadership at the highest levels All those interested in the profession of arms should become familiar with those who have led our Army **The 20th Century A-GI** Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and

achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

Eisenhower's Fine Group of Fellows Valerie L. Adams, 2006-01-01 In this insightful analysis author Valerie Adams examines how President Dwight Eisenhower succeeded at formulating a cohesive strong and financially sound national security strategy through the utilization of civilian advisors cutting edge science and technology and exemplary leadership

American Political Leaders, Third Edition Richard Wilson, 2021-10-01 Praise for previous editions accessible this book is an excellent addition to collections serving general readers high schools and undergraduates American Reference Books Annual This readable volume is recommended for high school public and undergraduate libraries Booklist an outstanding reference tool Biographical dictionaries abound in political science as in other fields but Wilson's work is more accessible benefitting from his straightforward approach and simpler organization Highly recommended Choice Recommended Library Media Connection an authoritative and readable guide serves as a helpful resource for high school college and public libraries Christian Library Journal American Political Leaders Third Edition contains 286 biographical profiles of men and women in the United States who have demonstrated their political leadership primarily by being elected nominated or appointed to significant political offices in the United States or by having attained some special prominence associated with political leadership This reference work provides students and general readers with a concise readable guide to present and past leaders in U S politics Included in this book are presidents vice presidents major party candidates for president significant third party candidates important Supreme Court justices Speakers of the U S House of Representatives senators representatives cabinet officers significant agency heads and diplomats Since much of U S political leadership involves the representation of successive waves of new groups within the U S political system special care has been taken to include the contributions of women Native Americans African Americans Hispanic Americans Asian Americans and Americans who represented earlier waves of immigrants to the United States Profiles include John Adams president vice president diplomat Revolutionary leader author Amy Coney Barrett justice of the Supreme Court Pete Buttigieg secretary of transportation candidate for president Andrew Cuomo governor of New York Jefferson Davis secretary of war senator representative president of the Confederate States of America Kamala Harris senator vice president John Lewis civil rights activist representative Gavin Newsom governor of California Barack Obama senator president Sonia Sotomayor associate justice of the Supreme Court Elizabeth Warren senator candidate for president

Rearming for the Cold War, 1945-1960 Elliott Vanveltner Converse, 2012 Book Description The first publication in a multivolume series on the history of the acquisition of major weapon systems by the Department of Defense author Elliott Converse presents a meticulously researched overview of changes in acquisition policies organizations and processes within the United States military establishment during the decade and a half following World War II Many of the changes that shaped the nature and course of

weapons research and development production and contracting through the end of the century were instituted between 1945 and 1960 many of the problems that have repeatedly challenged defense policymakers and acquisition professionals also first surfaced during these years This study is the first to combine the histories of the Office of the Secretary of Defense OSD and the military services into one account The volume is organized chronologically with individual chapters addressing the roles of OSD the Army Navy and Air Force in two distinct periods

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

War by Land, Sea, and Air David Jablonsky, 2010-03-23 In this book a retired U S Army colonel and military historian takes a fresh look at Dwight D Eisenhower s lasting military legacy in light of his evolving approach to the concept of unified command Examining Eisenhower s career from his West Point years to the passage of the 1958 Defense Reorganization Act David Jablonsky explores Eisenhower s efforts to implement a unified command in the U S military a concept that eventually led to the current organization of the Joint Chiefs of Staff and that almost three decades after Eisenhower s presidency played a major role in defense reorganization under the Goldwater Nichols Act In the new century Eisenhower s approach continues to animate reform discussion at the highest level of government in terms of the interagency process

The Cold War U.S. Army Ingo Trauschweizer, 2008 Focuses on the Seventh Army in West Germany the largest and best prepared field army ever deployed by the U S in peacetime to show how the U S army redefined its identity structure and mission in order to avoid obsolescence during the Cold War era of nuclear weapons and air power
