See How It Runs Nimrod And The New Wave:

Sharpest Lowell Tarling, 2021-03-17 Lowell Tarling recorded Martin Sharp's life and his effect on his friends over twenty years. Now two volumes in one in advance of the film of these books *GHOST TRAIN Sharp The Road to Abraxas Part One* 1942 1979 *Sharper Bringing It All Back Home Part Two* 1980 2013. Like the Ancient Mariner it's also a ghastly tale. I could understand the events at Luna Park a bit. I was trying to understand them and then suddenly there was this poetic language working to say this is a crucifixion Golgotha death by fire. And then it starts to fit into Apocalyptic vision. It was Abraxas if you like the dark face and the light face. To look upon Abraxas is blindness. To know it is sickness. To worship it is death. To fear it is wisdom. To assist it not is redemption. I don't know what it means. I've never been able to work it out. You get a Pop Art Parallel. It was the Year of the Child the place of Golgotha the Place of the Skull and the Ghost Train. You then get these events that are caused by plotting not caring for kids carelessness living a human life the way of the world. Martin Sharp 4 March 1984

Australian Theatre after the New Wave Julian Meyrick, 2017-09-25 In *Australian Theatre after the New Wave* Julian Meyrick charts the history of three ground breaking Australian theatre companies the Paris Theatre 1978 the Hunter Valley Theatre 1976 94 and Anthill Theatre 1980 94. In the years following the controversial dismissal of Gough Whitlam's Labor government in 1975 these alternative theatres struggled to survive in an increasingly adverse economic environment. Drawing on interviews and archival sources including Australia Council files and correspondence the book examines the funding structures in which the companies operated and the impact of the cultural policies of the period. It analyses the changing relationship between the artist and the State the rise of a managerial ethos of accountability and the growing dominance of government in the fate of the nation's theatre. In doing so it shows the historical roots of many of the problems facing Australian theatre today. This is an exceptionally timely book. In giving a history of Australian independent theatre it not only charts the amazing rise and strange disappearance of an energetic radical and dynamically democratic artistic movement but also tries to explain that rise and fall and how we should relate to it now. Prof Justin O Connor Monash University. This study makes a significant contribution to scholarship on Australian theatre and more broadly to the global discussion about the vexed relationship between artists' creativity government funding for the arts and cultural policy. Dr Gillian Arrighi The University of Newcastle Australia

Postdramatic Tragedies Emma K. Cole,2020 Ancient tragedy has played a well documented role in contemporary theatre since the mid twentieth century In addition to the often commented upon watershed productions however is a significant but overlooked history involving classical tragedy in experimental and avant garde theatre *Postdramatic Tragedies* focuses upon such experimental reinventions and analyses receptions of Greek and Roman tragedy that come under the banner of postdramatic theatre a style of performance in which the traditional components of drama such as character and narrative are subordinate to the immediate affective power of more abstract elements such as image and sound The chapters are arranged into three parts each of which explores classical reception within a specific strand of postdramatic theatre text based theatre devised theatre and theatre that transcends the usual boundaries of time and space such as durational and immersive theatre Each offers a semiotic and phenomenological analysis of a particular case study covering both widely known and less studied productions from 1995 to 2015 Together they reveal that postdramatic theatre is related to the classics at its conceptual core and that the study of postdramatic tragedies reveals a great deal about both the evolution of theatre in recent decades and the status of ancient drama in modernity

Performance and the Politics of Space Erika Fischer-Lichte,Benjamin Wihstutz,2013 From its very beginnings theatre has been both an art and a public space shared by actors and spectators As a result its entity and history is intimately tied to politics a politics of inclusion and exclusion of distributions and placements of spatial appropriation and utopian concepts This collection examines what is at stake when a theatrical space is created and when a performance takes place it asks under what circumstances the topology of theatre becomes political The book approaches this issue from various angles taking theatre as a cultural paradigm for political dimensions of space in its respective historical context Visiting the political dimensions of theatrical space in both theatre history and contemporary performance the volume responds to the so called spatial turn in cultural and historical studies and questions a politics of aesthetics that is discussed in continental philosophy The book visits different levels and linkages between aesthetic theory and geography art and sociology architecture and political theory and geometry and history shedding new light on theatre politics and space thereby transforming this
