Wingate,2021-10-26 What miracles do we miss when we close our eyes to the wonder of everyday moments In this busy jaded world of ours we often take for granted what we see every day We may set aside time to spend with God in a quiet room but we struggle to see his hand in a traffic jam or while walking the dog But for Karen Wingate sight itself is something extraordinary and what our eyes can reveal is even more astounding Karen lived most of her life with severely limited sight due to a cluster of disorders stemming from a genetic defect But through the chance outcome of a surgery she regained sight in one eye that doubled her visual acuity and allowed her to see things she had never seen before And as she discovered a more detailed world for the first time she also began to see God in every new discovery from the prosaic numbers of a bathroom scale to the glory of sunsets With Fresh Eyes invites readers to not only celebrate the gift of their own sight but also reawaken the wonder of what they observe in creation great and small and how God is working in everyday moments In each of her sixty meditations Karen s humor and whimsy draw a connection between physical sight and spiritual understanding that will leave readers with a renewed joy and delight in what is good and beautiful and will reassure them that God still works in the lives of his people **Sacred Woman** Queen Afua,2012-06-20 The twentieth anniversary edition of a transformative blueprint for ancestral healing featuring new material and gateways from the renowned herbalist natural health expert and healer of women s bodies and souls This book was one of the first that helped me start practices as a young woman that focused on my body and spirit as one Jada Pinkett Smith Through extraordinary meditations affirmations holistic healing plant based medicine KMT temple teachings and The Rites of Passage guidance Queen Afua teaches us how to love and rejoice in our bodies by spiritualizing the words we speak the foods we eat the relationships we attract the spaces we live
