Seeing Red Personal Encounters With Communism:

Seeing Red David Bonavia,1987 **Foreigners under Mao** Beverley Hooper,2016-07-01 The book examines the lives of six different groups of Westerners foreign comrades who made their home in Mao s China twenty two former Korean War POWs who controversially chose China ahead of repatriation diplomats of Western countries that recognized the People s Republic the few foreign correspondents permitted to work in China foreign experts and language students Each of these groups led distinct lives under Mao while sharing the experience of a highly politicized society and of official measures to isolate them from everyday China This book is enjoyable and engaging The author introduces a small but dynamic collection of enthusiastic international participants in post 1949 China showing unquestioned loyalty to Mao s ideals Equally intriguing are the alternate stories of diplomats and reporters existing far outside the mainstream of Chinese life and trusted by neither the Chinese nor the international supporters Edgar A Porter Professor Emeritus Ritsumeikan Asia Pacific University author of *The People s Doctor* George Hatem and *China s Revolution* A well written survey about the variety of Westerners who lived and worked in the People s Republic of China between 1949 and 1976 This is a welcome addition to the sojourner literature about foreigners who lived in twentieth century socialist countries The scholarship which includes the review of memoirs archival materials and secondary works is impressive and comprehensive Stephen R MacKinnon Arizona State University co author of *China Reporting An Oral History of American Journalism in the 1930s and 1940s* History from the Bottom Up and the Inside Out James R. Barrett,2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people s personal lives intersected with their activism and religious racial ethnic and class identities Red Feminism Kate Weigand,2002-11-07 Drawing on substantial new research Red Feminism traces the development of a distinctive Communist strain of American feminism from its troubled beginnings in the 1930s through its rapid growth in the Congress of American Women during the early years of the Cold War to its culmination in Communist Party circles of the late 1940s and early 1950s The author argues persuasively that despite the devastating effects of anti Communism and Stalinism on the progressive Left of the 1950s Communist feminists such as Susan B Anthony II Betty Millard and Eleanor Flexner managed to sustain many important elements of their work into the 1960s when a new generation took up their cause and built an effective movement for women s liberation Red Feminism provides a more complex view of the history of the modern women s movement showing how key Communist activists came to understand gender sexism and race as central components of culture economics and politics in American society **Strategy and Tactics of World Communism** United States. Congress. Senate. Committee on the Judiciary,1955 Red Chicago Randi Storch,2007 Red Chicago a social history of American Communism set within the context of Chicago s neighborhoods industries and radical traditions Using local party records oral histories union records party newspapers and government documents Randi Storch fills the gap between Leninist principles and the day to day activities of Chicago s rank and file

Communists Uncovering rich new evidence from Moscow's former party archive Storch argues that although the American Communist Party was an international organization strongly influenced by the Soviet Union at the city level it was a more vibrant and flexible organization responsible to local needs and concerns Thus while working for a better welfare system fairer unions and racial equality Chicago's Communists created a movement that at times departed from international party leaders intentions By focusing on the experience of Chicago's Communists who included a large working class African American and ethnic population this study re-examines party members actions as an integral part of the communities in which they lived and the industries where they worked *Subject Analysis* Derek Wilton Langridge, 1989 [Americans and Chinese Communists, 1927-1945](#) Kenneth E. Shewmaker, 2020-06-30 No detailed description available for Americans and Chinese Communists 1927-1945 [The Emergence of Global Maoism](#) Matthew Galway, 2022-03-15 The Emergence of Global Maoism examines the spread of Mao Zedong's writings ideology and institutions when they traveled outside of China Matthew Galway links Chinese Communist Party efforts to globalize Maoism to the dialectical engagement of exported Maoism by Cambodian Maoist intellectuals How do ideas manifest outside of their place of origin Galway analyzes how universal ideological systems became localized both in Mao's indigenization of Marxism Leninism and in the Communist Party of Kampuchea's indigenization of Maoism into its own revolutionary ideology By examining the intellectual journeys of CPK leaders who during their studies in Paris in the 1950s became progressive activist intellectuals and full fledged Communists he shows that they responded to political and socioeconomic crises by speaking back to Maoism adapting it through practice without abandoning its universality Among Mao's greatest achievements the Sinification of Marxism enabled the CCP to canonize Mao's thought and export it to a progressive audience of international intellectuals These intellectuals would come to embrace the ideology as they set a course for social change The Emergence of Global Maoism illuminates the process through which China moved its goal from class revolution to a larger anticolonial project that sought to cast out European and American imperialism from Asia **Investigation of Communist Takeover and Occupation of Hungary** United States. Congress. House. Select Committee on Communist Aggression, 1954 Examines communist and Soviet post WWII activities in Hungary leading to establishment of a communist government Aug 23-25 hearings were held in NYC Aug 26 and 27 hearings were held in Cleveland Ohio *Challenging Communism in Eastern Europe* Terry Cox, 2013-09-13 Marking the 50th anniversary of events in 1956 that were a major turning point in the history of communist ruled Eastern Europe this book contains a selection of some of the most recent research on those momentous events and their memory and legacy The book contains edited contributions from historians and social scientists from Hungary Poland the UK and the USA Their contributions are the fruit of research which has only been possible since 1989 In the years since the fall of the communist regimes the state archives have been opened to researchers and it has been possible to collect the testimony of eye witnesses without fear of repression and censorship The outcome of 1956 led to Poland embarking on its

own distinctive version of communist rule Meanwhile 1956 in Hungary saw the first society wide attempt to overthrow a ruling communist regime only to be put down by Soviet military intervention In both countries the events of 1956 had lasting repercussions for society and its relationship with the communist regime In retrospect they can be seen as paving the way for the eventual fall of the communist regimes in East Central Europe in 1989 **Inhabited by Stories** Nancy A.

Barta-Smith, Danette DiMarco, 2012-11-30 Intertextuality has signaled change appropriation adaptation and derivation It has focused readers on irresolvable questions of influence and origination progressive or regressive movement across continents periods and media **Inhabited by Stories** Critical Essays on Tales Retold takes a different approach What would a model of literary study look like that steps out of time's river and embraces not only the presence and proximity of the world to the senses but also of the past and the future to the present here and now When stories inhabit us imagination and memory extend our ability to see and feel Phenomenological experience is lived not just thought Such a perspective suggests that the past and future inhabit the present increase the depth of sensory perception itself and enrich the range of our affective and ethical responses Grounded in the lived experience of reading this perspective offers an alternative to an idea of intertextuality as simply following lines of influence and appropriation It focuses on the expansion of experience created by telling and retelling stories Ironically for literary theorists and critics perhaps the highest form of both praise and critique is a tale retold since such retellings attest to literature's instructive power and its perennial regeneration **Strategy and**

challenge for US foreign policy **Communist China Digest** ,1965 The Cumulative Book Index ,1998 A world list of books in the English language *The Chinese Communist Party in Action* Lance L.P. Gore,Zheng Yongnian,2019-08-08

Much is written about China and the role of the Chinese Communist Party but without exploring in detail the nature of the party and how it operates This book provides an in depth assessment of the current state of the Chinese Communist Party It outlines the huge size of the party 88 million members with 4 3 million organizations at the grassroots level It sets out how the party has developed over time how the party is organized and how its ideology is formed and transmitted It discusses how the party acts in the different areas of China s economy society and government at local regional and national levels It explores the party s role in the formation of policy including foreign policy and assesses the impact of different factions and of the current anti corruption campaign Overall the book demonstrates how embedded the Communist Party is in all aspects of Chinese economy society and politics and how its position continues to be consolidated **Problems of Communism** ,1991 **Still Seeing Red** John Kenneth White,2018-02-07 In *Still Seeing Red* John Kenneth White explores how the Cold War molded the internal politics of the United States In a powerful narrative backed by a rich treasure trove of polling data White takes the reader through the Cold War years describing its effect in redrawing the electoral map as we came to know it after World War II The primary beneficiaries of the altered landscape were reinvigorated Republicans who emerged after five successive defeats to tar the Democrats with the soft on communism epithet A new nationalist Republican party whose Cold War prescription for winning the White House was copyrighted to Dwight Eisenhower Richard M Nixon Barry Goldwater and Ronald Reagan attained primacy in presidential politics because of two contradictory impulses embedded in the American character a fanatical preoccupation with communism and a robust liberalism From 1952 to 1988 Republicans won the presidency seven times in ten tries The rare Democratic victors John F Kennedy Lyndon B Johnson and Jimmy Carter attempted to rearm the Democratic party to fight the Cold War Their collective failure says much about the politics of the period Even so the Republican dream of becoming a majority party became perverted as the Grand Old Party was recast into a top down party routinely winning the presidency even as its electoral base remained relatively stagnant In the post Cold War era Americans are coming to appreciate how the fifty year struggle with the Soviet Union organized thinking in such diverse areas as civil rights social welfare education and defense policy At the same time Americans are also more aware of how the Cold War shaped their lives from the duck and cover drills in the classrooms to the bomb shelters dug in the backyard when most Baby Boomers were growing up Like millions of Baby Boomers Bill Clinton can truthfully say I am a child of the Cold War With the last gasp of the Soviet Union Baby Boomers and others are learning that the politics of the Cold War are hard to shed As the electoral maps are being redrawn once more in the Clinton years landmarks left behind by the Cold War provide an important reference point In the height of the Cold War voters divided the world into us noncommunists versus them communists and reduced contests for the presidency into battles of which party would be

tougher in dealing with the Evil Empire But in a convoluted post Cold War era politics defies such simple characteristics and presidents find it harder to lead Recalling how John F Kennedy could so easily rally public opinion an exasperated Bill Clinton once lamented Gosh I miss the Cold War

Symbolic Traces of Communist Legacy in Post-Socialist Hungary Lisa Pope Fischer, 2016-09-12 In Symbolic Traces of Communist Legacy in Post socialist Hungary Lisa Pope Fischer shows how personal practices symbolically refurbish elements from the Communist era to fit present day challenges A generation who lived through the socialist period adapt to post socialist Hungary in a global context Life histories weave together case studies of gift giving procurement strategies harvest ritual healthcare and socialist kitsch to illustrate turns towards mysticism neo traditionalism nostalgia nationalism and shifts in time place People s unrequited past longing for future possibilities of a Western society facilitate desires for a lost way of life Not only does this work gain understanding of an aging population s life experiences and the politics of everyday practices but also social change in a modern global world
