Seek and Slide on the Farm ,2001 *Should American Agriculture Seek Recovery of World Markets, Or Arrange to Live at Home?.* ,1935 Addresses United States. Department of Agriculture, **Hearings** United States. Congress. Senate. Committee on Interior and Insular Affairs,1958 *The Land Reform Deception* Charles Laurie,2016-02-01 The Land Reform Deception looks at a particularly contentious period in Zimbabwe s recent history from 2000 2008 when the government seized commercial farms using illegal and violent methods against a largely unarmed population of farmers and farm workers Robert Mugabe s government began the seizures on a small targeted scale in an effort to suppress political opposition groups but they soon escalated into an out of control frenzy targeting all farms in the country The state claimed that the seizures occurred in response to a public cry for land redistribution and to rectify colonial era injustices and were part of a structured land reallocation program Yet land was often distributed ad hoc to those with little or no farming experience As a result agricultural output contracted and inflation and unemployment rose dramatically in what became a social and economic disaster for the country In *The Land Reform Deception* Charles Laurie asks why the state would target its own agricultural industry using such violent methods and risk such dire consequences He also seeks to uncover the major actors and their motivations and strategies Laurie argues that the seizure of the most valuable farms was largely carried out by politically influential individuals for financial and political gain rather than to address historical injustices In fact he finds that the scale on which the farm invasions were carried out and the violent methods used were never part of a planned government land policy Indeed Laurie shows that Mugabe initially opposed the seizures knowing that they would wreck the economy only to later support them in order to appease his supporters and retain political power Incorporating unprecedented empirical evidence gathered from in depth interviews with senior politicians members of the secretive Central Intelligence Organization the military and police along with farmers and farm workers who were targeted during the invasions *The Land Reform Deception* strips away official explanations and delves into the political and economic drivers that triggered the seizure of commercial farms in Zimbabwe **Hearings** United States.
