Leacock Nell Irwin Painter Theda Perdue Anne Firor Scott Deborah Gray White Mother Emanuel Kevin Sack, 2025-06-03 A sweeping history of one of the nation's most important African American churches and a profound story of courage and grace amid the fight for racial justice Few people beyond South Carolina's Lowcountry knew of Emanuel African Methodist Episcopal Church in Charleston Mother Emanuel before the night of June 17, 2015 when a

twenty one year old white supremacist walked into Bible study and slaughtered the church's charismatic pastor and eight worshippers. Although the shooter had targeted Mother Emanuel, the first AME church in the South, to agitate racial strife, he could not have anticipated the aftermath: an outpouring of forgiveness from victims' families and a reckoning with the divisions of caste that have afflicted Charleston and the South since the earliest days of European settlement. In *Mother Emanuel*, Pulitzer Prize-winning journalist Kevin Sack explores the inspiring history that brought the church to that moment and the depth of the desecration committed in its fellowship hall. It reveals how African Methodism was cultivated from the harshest American soil and how Black suffering shaped forgiveness into both a religious practice and a survival tool. Sack, who has written about race in his native South for more than four decades, uses the church's history to trace the long arc of Black life in the city where nearly half of enslaved Africans disembarked in North America and where the Civil War began. Through the microcosm of one congregation, he explores the development of a unique practice of Christianity from its daring breakaway from white churches in 1817 through the traumas of the Civil War and Reconstruction to its critical role in the Civil Rights Movement and beyond. At its core, *Mother Emanuel* is an epic account of perseverance, not just of a congregation but of a people who withstood enslavement, Jim Crow, and all manner of violence with an unbending faith. *The Challenge to Racial Stratification* Matthew Holden, Jr., 1994-01-01 The National Political Science Review is the official publication of the National Conference of Black Political Scientists. This series, now entering its fourth volume, includes significant scholarly research reflecting the diverse interests of scholars from various backgrounds who use different models, approaches, and methodologies. The central focus is on politics and policies that advantage or disadvantage groups because of race, ethnicity, gender, and other major variables. In his introduction to this volume, Matthew Holden describes the rationale for the creation of American racial stratification and boldly shows how American intellectuals have helped reinforce that stratification. Several chapters discuss conflicts in contemporary views of the United States, ranging from a belief in its being a free society to the historical reality of the nation's background as a slave society. Other chapters address the international problem of racial stratification, concentrating on Nigeria and South Africa. **The Cambridge History of Christianity: Volume 8, World Christianities C.1815-c.1914** Sheridan Gilley, Brian Stanley, 2006 This is the first scholarly treatment of nineteenth-century Christianity to discuss the subject in a global context. Part I analyses the responses of Catholic and Protestant Christianity to the intellectual and social challenges presented by European modernity. It gives attention to the explosion of new voluntary forms of Christianity and the expanding role of women in religious life. Part II surveys the diverse and complex relationships between the churches and nationalism, resulting in fundamental changes to the connections between church and state. Part III examines the varied fortunes of Christianity as it expanded its historic bases in Asia and Africa, established itself for the first time in Australasia, and responded to the challenges and opportunities of the European colonial era. Each chapter has a full bibliography providing guidance on further reading. Prophets Of Protest Timothy Patrick McCarthy, John

Stauffer, 2012-03-13 The campaign to abolish slavery in the United States was the most powerful and effective social movement of the nineteenth century and has served as a recurring source of inspiration for every subsequent struggle against injustice. But the abolitionist story has traditionally focused on the evangelical impulses of white male middle class reformers, obscuring the contributions of many African Americans, women, and others. *Prophets of Protest*, the first collection of writings on abolitionism in more than a generation, draws on an immense new body of research in African American studies, literature, art, history, film, law, women's studies, and other disciplines. The book incorporates new thinking on such topics as the role of early black newspapers, antislavery poetry, and abolitionists in film, and provides new perspectives on familiar figures such as Sojourner Truth, Louisa May Alcott, Frederick Douglass, and John Brown. With contributions from the leading scholars in the field, *Prophets of Protest* is a long overdue update of one of the central reform movements in America's history.
