been groomed from physical appearance to spirituality to finances and shows how those manipulative messages have affected the way we see our worth and how they've oftentimes stifled and limited us. From there Fisher offers readers a way to overcome their past starting with the all important but rarely explored idea of a *selah* or a time of rest and reflection and exploring active ways to forgive and move forward to a new level of freedom. No one has to be defined by her past. No one has to live for her groomers. It's time to take a look back at where we came from to escape the messages of our past and take control of our future.
