to promote academic dialogues on Chinese culture and education these essays explore important educational and cultural issues in China with a transcultural perspective *Decoded Messages* Hou-mei Sung, 2009 During the Ming Dynasty numerous new animal themes were created to convey political and ethical messages current at court As the result a sophisticated language of Chinese animal painting was developed employing both the animals symbolic associations and homonymic puns Hou mei Sung s exciting rediscovery of some of these lost meanings has led to a full scale investigation of the evolving history of Chinese animal painting Distinct symbolic meanings were associated with individual motifs but all animals were assigned a place in the universe according to the Chinese concept of nature From the very early yin yang cosmology to later developments of Daoist and Confucian philosophies and ethics Chinese animals gained new meanings related to their historical contexts This book explores these new findings using the colorful animal images and their rich and evolving symbolic meanings to gain insight into unique aspects of Chinese art as well as Chinese culture and history Exhibition Schedule Cincinnati Museum of Art October 2009 February 2010 *Women of Chinese Modern Art* Doris Sung, 2023-12-31 Winner of the SECAC Award for Excellence in Scholarly Research and Publication Bringing to light the largely overlooked female participation in domestic and international art worlds this book offers the first comprehensive study of how women embroiderers traditionalist calligraphers and painters including Shen Shou Wu Xingfen Jin Taotao and members of Chinese Women s Society of Calligraphy and Painting shaped the terrain of the modern art world and gender positioning during China s important moments of social cultural transformation from empire to republic Drawing on a wealth of previously unexhibited artworks rare artist s monographs women s journals personal narratives diaries and catalogs of international expositions Doris Sung not only affirms women s significant roles as guardian and innovator of traditionalist art forms for a modern nation but she also reveals their contribution to cultural diplomacy and revaluation of Chinese artistic heritage on the international stage in the early twentieth century **Visual Culture Wars at the Borders of Contemporary China** Paul Gladston, Beccy Kennedy-Schtyk, Ming Turner, 2022-01-01 This edited collection brings together essays that share in a critical attention to visual culture as a means of representing contributing to and or intervening with discursive struggles and territorial conflicts currently taking place at and across the outward facing and internal borders of the People s Republic of China Elucidated by the essays collected here for the first time is a constellation of what might be described as visual culture wars comprising resistances on numerous fronts not only to the growing power and expansiveness of the Chinese state but also the residues of a once pervasively suppressive Western colonialism imperialism The present volume addresses visual culture related to struggles and conflicts at the borders of Hong Kong the South China Sea and Taiwan as well within the PRC with regard the so called Great Firewall of China and differences in discursive outlook between China and the West on the significances of art technology gender and sexuality In doing so it provides a vital index of twenty first century China s diversely conflicted status as a contemporary nation state and arguably nascent empire

The Future History of Contemporary Chinese Art Peggy Wang, 2021-01-26 A revelatory reclaiming of five iconic Chinese artists and their place in art history During the 1980s and 1990s a group of Chinese artists Zhang Xiaogang Wang Guangyi Sui Jianguo Zhang Peili and Lin Tianmiao ascended to new heights of international renown Even as their fame increased they came to be circumscribed by simplistic Western interpretations of their artworks as social and political critiques a perspective that privileged stories of dissidence over deep engagement with the art itself Through in depth case studies of these five artists Peggy Wang offers a corrective to previous appraisals demonstrating how their works address fundamental questions about the forms meanings and possibilities of art By the end of the 1980s Chinese artists were scrutinizing earlier waves of Western influence and turning instead to their own heritage and culture to forge their own future histories As the national trauma of the 1989 Tiananmen Square massacre converged with the mounting expansion of the global art world these artists turned to art as a profoundly generative site for grappling with their place in the world Wang demonstrates how they consciously and energetically sought to make their own ideas about art and art history visible in contemporary art Wang s argument is informed by extensive primary research including close examination of the artworks analysis of Chinese language documents and archives and deeply personal interviews with the artists Their words uncover layers of meaning previously obscured by the popular and often recycled assessments that many of these works have received until now Beyond Wang s reinterpretation of these individual artists she contributes to an urgent conversation on the future direction of art history how do we map engagements between art from different parts of the world that are embedded within different art histories What does it mean for histories of contemporary art and art history more generally to be inclusive The new understandings offered in this book can and should be engaged when considering current hierarchies in histories of Chinese art the global art world and the intersections between them **Art Books, 1950-1979** R.R. Soul of Beijing Opera, The Ruru Li,2010-05-01 This book will act as a powerful introduction to the story of Beijing Opera over the course of the twentieth century with a particularly strong emphasis on the Communist period and its influence on contemporary performance Using excellent oral history research and with a strong focus on practice and performance techniques Li Ruru places the genre in both its historical and global context not a timeless Chinese tradition but a product of China's turbulent twentieth century and the global interactions that were a key part of that history Henrietta Harrison Harvard University This meticulously researched and colourful account of the highly complex performance form jingju will be of interest to a wide constituency of theatre scholars and cultural historians Writing from the unique dual perspective of insider practitioner and academic Li Ruru deftly weaves oral and cultural histories together with detailed performance analyses including a fascinating chapter on the secrets of jingju training This book promises to raise significantly the profile of this Chinese total theatre for English speaking audiences Jonathan Pitches founding co editor of Theatre Dance and Performance Training Li Ruru's unique and valuable perspective combines the critical eye of the imaginative researcher with the intimate perspective of a true jingju insider the daughter of one of the

twentieth century's leading female performers. Impeccably researched, passionate and personal, this aptly titled book provides readers with an exciting and thought-provoking look at Jingju history and performance practice through its focus on the lives and work of six controversial leading artists. Elizabeth Wichmann Walczak, University of Hawai'i at Manoa. Any traditional theatre has to engage the changing world to avoid becoming a living fossil. How has Beijing Opera, a highly stylized theatre with breath-taking acrobatics and martial arts, fabulous costumes and striking makeup, survived into the new millennium while coping with a century of great upheavals and competition from new entertainment forms? Li Ruru's *The Soul of Beijing Opera* answers that question, looking at the evolution of singing and performance styles, make-up and costume, audience demands as well as stage and street presentation modes amid tumultuous social and political changes. Li's study follows a number of major artists' careers in mainland China and Taiwan, drawing on extensive primary print sources as well as personal interviews with performers and their cultural peers. One chapter focuses on the illustrious career of Li's own mother and how she adapted to changes in Communist ideology. In addition, she explores how performers as social beings have responded to conflicts between tradition and modernity and between convention and innovation. Through performers' negotiation and compromises, Beijing Opera has undergone constant re-examination of its inner artistic logic and adjusted to the demands of the external world. *The Publisher*, 1902. **The Nation**, 1870. Cumulative Index to a Selected List of Periodicals, 1902. A History of Modern Tibet, Volume 2. Melvyn C. Goldstein, 2009-04-13. History. **Saving the Nation through Culture**. Jie Gao, 2019-05-13. The Modern Chinese Folklore Movement coalesced at National Peking University between 1918 and 1926. A group of academics inspired by Western thought turned to the study of folklore, popular songs, beliefs and customs to rally people around the flag. *Saving the Nation through Culture* opens a new chapter in the history of the Folklore Movement by exploring the evolution of the discipline's Chinese branch. Gao reveals that intellectuals in the New Culture Movement influenced the founding folklorists with their aim to repudiate Confucianism following the Chinese Republic's failure to modernize the nation. The folklorists, however, faced a unique challenge: advocating for modern academic methods while upholding folklore as the key to the nation's salvation. Largely unknown in the West and underappreciated in China, the Modern Folklore Movement failed to achieve its goal of reinvigorating the Chinese nation. But it helped establish a modern discipline promoting a spirit of academic independence that influences Chinese intellectuals today. *Chinese Art*. Patricia Bjaaland Welch, 2013-02-19. With over 630 striking color photos and illustrations, this Chinese art guide focuses on the rich tapestry of symbolism which makes up the basis of traditional Chinese art. *Chinese Art: A Guide to Motifs and Visual Imagery* includes detailed commentary and historical background information for the images that continuously reappear in the arts of China, including specific plants and animals, religious beings, mortals and inanimate objects. The book thoroughly illuminates the origins, common usages and diverse applications of popular Chinese symbols in a tone that is both engaging and authoritative. *Chinese Art: A Guide to Motifs and Visual Imagery* is an essential reference for collectors, museum goers.
