HITLER DEAD, GERMAN RADIO TELLS WORLD

Admiral Doenitz is new Führer:
"The battle goes on"

A SHORT MESSAGE in which "Führer Adolf Hitler" was reported to have died at the age of 55, was broadcast from the German radio at 12.45 p.m. today. The message was in German and was the first official statement from the German radio since the outbreak of the war. It was a short, simple statement, and it was the first time that the German radio had spoken since the outbreak of the war.

Service Newspapers Of The Second World War:

Service Newspapers of the Second World War Mick Anglo, 1977 Managing the Media in the India-Burma War, 1941-1945 Philip Woods, 2022-08-11 This book explores how the media was used by the armed forces during the India Burma campaigns of WWII to project the most positive image to domestic and international audiences of a war that often seemed neglected or misunderstood Discussing how soldiers were for the first time able to access newspapers and radio broadcasts relating stories of the campaigns they were actively fighting in *Managing the Media in the India Burma War* reveals not only the impact that the media had in maintaining troop morale but how the military recognised that the media could be a valuable arm of warfare Revealing how troops responded to reports of their operations Philip Woods demonstrates the role of the media in creating the Forgotten Army syndrome which came about in the last two years of the Burma campaign Focusing on the British Media but with examples from the United States and India including Indian war correspondents it discusses India's role in the Second World War in relation to social economic and political developments at the time Honing in on India and Burma at a turning point in their road to independence this book offers a fresh angle on a well known military conflict unpicks the various constraints and influences on the media in wartime and links the campaign to India's crucial role in WWII

World War II in Europe David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps *The War Against Japan, 1941-1945* John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers

diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru Service Newspapers of the Second World War Michael Anglo,1977 **Reporting the Second World War** Tim Luckhurst,2023-01-12 The decisive role of Britain's wartime newspaper journalism in shaping public opinion and government policy has been majorly overlooked Much of the existing historiography has framed Britain's newspapers as mouthpieces of state propaganda readily conforming to the wishes of the wartime coalition Tim Luckhurst challenges this through an analysis of illuminating and largely forgotten controversies which underscore the function the press held as guardians of democracy and propagators of dissenting opinion in British politics and society from the overseas evacuation of children to the Allies carpet bombing of German cities Reporting the Second World War is a timely and important intervention that duly recognises the place of national regional and specialist titles in speaking truth to power in a democracy at war The Diplomats, 1939-1979 Gordon A. Craig, Francis L. Loewenheim,2019-01-15 This volume offers a unique perspective on a turbulent and dangerous age by focusing on the activities and accomplishments of its diplomats Its twenty three interconnected essays discuss the politics of ambassadors foreign ministers and heads of state from Acheson and Adenauer to Sadat and Gromyko as well as the special problems of the professionals in the foreign offices and the role of the media in modern diplomacy Among its contributors are such distinguished international scholars as Akira Iriye Michael Brecher Stanley Hoffmann W W Rostow and Norman Stone Expanding the field of inquiry covered by its acclaimed predecessor The Diplomats 1919 1939 which concentrated on Europe and the coming of the Second World War these essays showcase the major diplomatic practitioners of the period against the broader background of the problems and crises that confronted them among others the Polish question at the end of World War II the onset of the Cold War the defeat of EDC in 1954 the Suez crisis Khrushchev's Berlin note in 1958 the Middle East War of 1967 and the oil shock of 1973 the Iranian revolution and the Soviet invasion of Afghanistan This account of the pendular swing from crisis and detente and back again is given a global perspective by careful treatment of the diplomacy of new nations like India Communist China and Israel and the transformation of the Middle East and Japan Among the new perspectives offered here are Geoffrey Warner's critical view of Ernest Bevin's attitude toward the United States John Lewis Gaddis's judgment of Henry Kissinger's detente policy W W Rostow's analysis of the diplomatic method of Paul Monnet Rena Fonseca's assessment of Nehru's policy of nonalignment Shu Guang Zhang's fresh look at the relationship between Zhou Enlai and Mao and Paul Gordon Lauren's critique of U N crisis management from Trygve Lie to Perez de Cuellar Highly original also are Steven Miner's portrait of Molotov Michael Brecher's pioneering study of the diplomacy of Abba Eban and James McAdams's analysis of German Ostpolitik Originally published in 1994 The Princeton Legacy Library uses the latest

print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Propaganda and Public Relations in Military Recruitment Brendan Maartens, Thomas Bivins, 2020-11-19 This book represents the first international investigation of military recruitment advertising public relations and propaganda Comprised of eleven case studies that explore mobilisation work in Africa the Americas Asia and Europe it covers more than a hundred years of recent history with chapters on the First and Second World Wars the Cold War and the present day The book explores such promotion in countries both large and small and in times of both war and peace with readers gaining an insight into the different strategies and tactics used to motivate men women and occasionally even children to serve and fight in many parts of the world Readers will also learn about the crucial but little known role of commercial advertising public relations and media professionals in the production and distribution of recruitment promotion This book the first of its kind to be published will explore that role and in the process address two questions that are central to studies of media and conflict how do militaries encourage civilians to join up and are they successful in doing so It is a multi disciplinary project intended for a diverse academic audience including postgraduate students exploring aspects of war propaganda and public opinion and researchers working across the domains of history communications studies conflict studies psychology and philosophy

Reporting World War II G. Kurt Piehler, Ingo Trauschweizer, 2023-04-25 This set of essays offers new insights into the journalistic process and the pressures American front line reporters experienced covering World War II Transmitting stories through cable or couriers remained expensive and often required the cooperation of foreign governments and the American armed forces Initially reporters from a neutral America documented the early victories by Nazi Germany and the Soviet invasion of Finland Not all journalists strove for objectivity During her time reporting from Ireland Helen Kirkpatrick remained a fierce critic of that country's neutrality Once the United States joined the fight after the Japanese attack on Pearl Harbor American journalists supported the struggle against the Axis powers but this volume will show that reporters even when members of the army sponsored newspaper Stars and Stripes were not mere ciphers of the official line African American reporters Roi Ottley and Ollie Stewart worked to bolster the morale of Black GIs and undermined the institutional racism endemic to the American war effort Women front line reporters are given their due in this volume examining the struggles to overcome gender bias by describing triumphs of Th r se Mabel Bonney Iris Carpenter Lee Carson and Anne Stringer The line between public relations and journalism could be a fine one as reflected by the U S Marine Corps creating its own network of Marine correspondents who reported on the Pacific island campaigns and had their work published by American media outlets Despite the pressures of censorship the best American reporters strove for accuracy in reporting the

facts even when dependent on official communiqu s issued by the military Many wartime reporters even when covering major turning points sought to embrace a reporting style that recorded the experiences of average soldiers Often associated with Ernie Pyle and Bill Mauldin the embrace of the human interest story served as one of the enduring legacies of the conflict Despite the importance of American war reporting in shaping perceptions of the war on the home front as well as shaping the historical narrative of the conflict this work underscores how there is more to learn Readers will gain from this work a new appreciation of the contribution of American journalists in writing the first version of history of the global struggle against Nazi Germany imperial Japan and fascist Italy

The Book at War Andrew Pettegree,2023-12-05 A magisterial Sunday Times history of how books were used in war across the twentieth century both as weapons and as agents for peace We tend not to talk about books and war in the same breath one ranks among humanity s greatest inventions the other among its most terrible But as esteemed literary historian Andrew Pettegree demonstrates the two are deeply intertwined The Book at War explores the various roles that books have played in conflicts throughout the globe Winston Churchill used a travel guide to plan the invasion of Norway lonely families turned to libraries while their loved ones were fighting in the trenches and during the Cold War both sides used books to spread their visions of how the world should be run As solace or instruction manual as critique or propaganda books have shaped modern military history for both good and ill With precise historical analysis and sparkling prose The Book at War accounts for the power and the ambivalence of words at war

German Soldier Newspapers of the First World War Robert L. Nelson,2011-04-14 First systematic study of German soldier newspapers as a representation of daily life on the front during the Great War

The British Newspaper Industry John Hill,2016-04-08 It is never very obvious to spectators of the newspaper business just why it is that the industry has suffered so badly in recent years Most ascribe the reasons to the arrival of the Internet in all its forms when in truth most of its problems were created by the newspaper managements themselves either by weak management in the control of its environment by a serious lack of foresight in looking to the future or by assuming that change if it were to come would be at the slow pace of past change The magisterial attitudes of most newspaper managements served to engender a growing resentment particularly among the advertisers who were forced to pay increased rates to enable the cover prices of the publications to be held down The British Newspaper Industry sets out to distinguish the newspaper industry from the generality of single product organisations and to provide tailored solutions to its problems by drawing on a variety of techniques and practices successfully used in other industries

Blood, Sweat, and Toil Geoffrey G. Field,2011-11-03 Blood Sweat and Toil is the first scholarly history of the British working class in the Second World War It integrates social political and labour history and reflects the most recent scholarship and debates on social class gender and

the forging of identities Geoffrey Field examines the war's impact on workers in the varied contexts of the family military service the workplace local communities and the nation Extensively researched using official documents diaries and letters the records of trade unions and numerous other institutions *Blood Sweat and Toil* traces the rapid growth of trade unionism joint consultation and strike actions in the war years It also analyses the mobilization of women into factories and the uniformed services and the lives of men conscripted into the army showing how these experiences shaped their aspirations and their social and political attitudes Previous studies of the Home Front have analysed the lives of civilians but they have neglected the importance of social class in defining popular experience and its centrality in public attitudes official policy and the politics of the war years Contrary to accounts that view the war as eroding class divisions and creating a new sense of social unity in Britain Field argues that the 1940s was a crucial decade in which the deeply fragmented working class of the interwar decades was remade achieving new collective status power and solidarity Employing a contingent non teleological conception of class identity and indicating the plural and shifting mix of factors that contributed to workers social consciousness he criticizes recent revisionist scholarship that has downplayed the significance of class in British society

The Limits of British Colonial Control in South Asia Ashwini Tambe,Harald Fischer Tiné,2008-08-19 This book assesses British colonialism in South Asia in a transnational light and with a focus on subaltern groups and actors Challenging the assumed stability of colonial rule it analyses the ways in which the racial class and moral order instituted by British colonial states was resisted and subverted *The Newspaper Preservation Act* United States. Congress. Senate. Judiciary,1969 *The Scripps Newspapers Go to War, 1914-18* Dale Zacher,2010-10-01 Before radio and television E W Scripps's twenty one newspapers major newswire service and prominent news syndication service comprised the first truly national media organization in the United States Dale E Zacher details the scope organization and character of the mighty Scripps empire during World War I and reveals how the pressures of the market government censorship propaganda and progressivism transformed news coverage Zacher's account delves into details inside a major newspaper operation during World War I and provides fascinating accounts of its struggles with competition attending to patriotic duties and internal editorial dissent Zacher also looks at war related issues considering the newspapers relationship with President Woodrow Wilson American neutrality the move to join the war and fallout from disillusionment over the actuality of war As Zacher shows the progressive spirit and political independence at the Scripps newspapers came under attack and was changed forever during the era **Social Theory after the Internet** Ralph Schroeder,2018-01-04 The internet has fundamentally transformed society in the past 25 years yet existing theories of mass or interpersonal communication do not work well in understanding a digital world Nor has this understanding been helped by disciplinary specialization and a continual focus on the latest innovations Ralph Schroeder takes a longer term view synthesizing perspectives and findings from various social science disciplines in four countries the United States Sweden India and China His comparison highlights among other

observations that smartphones are in many respects more important than PC based internet uses Social Theory after the Internet focuses on everyday uses and effects of the internet including information seeking and big data and explains how the internet has gone beyond traditional media in for example enabling Donald Trump and Narendra Modi to come to power Schroeder puts forward a sophisticated theory of the role of the internet and how both technological and social forces shape its significance He provides a sweeping and penetrating study theoretically ambitious and at the same time always empirically grounded The book will be of great interest to students and scholars of digital media and society the internet and politics and the social implications of big data
