## Seth Speaks:

**Seth Speaks** Seth (Spirit), Jane Roberts, 1994 Seth dictates his startling view of the universe through channeler Jane Roberts     *Seth Speaks* Jane Roberts, 1982-01-01     **The Individual and the Nature of Mass Events** Jane Roberts, 2011-07-08 From the Bestselling Author of *Seth Speaks* Speaking exclusively through Jane Roberts Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs But how do our realities merge and combine to form mass reactions such as the overthrow of governments the birth of a new religion wars epidemics earthquakes and new periods of art architecture and technology In this pioneering work Seth explores the connection between personal beliefs and world events He pinpoints the unconscious and often negative beliefs pervading science and religion medicine and mythology and offers thought provoking reflections on Darwinism Freudianism religions cults and medical beliefs With fascinating and inspiring implications Seth asserts that the personal impulses we are often taught to see as dangerous chaotic or contradictory are instead crucial to the best interests of the species and the natural world for they lead us to live not only as loving caretakers but as partners with other species Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probable futures the most promising events Jane Roberts Speaking for Seth     Seth Speaks Jane Roberts, 1972     Seth Speaks Jane Roberts, Seth (Spirit), 1972     *The System of Antichrist* Charles Upton, 2005 The *System of Antichrist* examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet     Conversations With Seth: Book One Susan M. Watkins, 2025-09-12 In 1963 Jane Roberts met a spiritual entity named Seth He spoke through her and the lessons he taught proved timeless and crucial From 1968 to 1975 Roberts held an ESP class during which she channeled Seth Susan Watkins

was a member of that class The knowledge gained from Seth helped Watkins and her classmates face serious illness painful relationships financial hardship and natural catastrophe It also changed their lives In addition to being a well written highly entertaining historical account of the late Jane Roberts and her class Conversations with Seth reveals the profound insights discovered by class members insights into the origin of both the troubling and triumphant events in our lives and into the vast nature of human consciousness Roberts Seth material is consistently one of the top two most visited collections at the Yale University Archives The story that launched the New Age movement

**ESP Power** Jane Roberts,2000

**The Outline of Parapsychology** Jesse Hong Xiong,2010 This work of systematic parapsychology aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The book states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the theoretical basis of parapsychology
