Birth, Marriage, and Death : Ritual, Religion, and the Life-Cycle in Tudor and Stuart England David Cressy, 1997-05-29 From childbirth and baptism through to courtship weddings and funerals every stage in the life cycle of Tudor and Stuart England was accompanied by ritual Even under the protestantism of the reformed Church the spiritual and social dramas of birth marriage and death were graced with elaborate ceremony Powerful and controversial protocols were in operation shaped and altered by the influences of the Reformation the Revolution and the Restoration Each of the major rituals was potentially an arena for argument ambiguity and dissent Ideally as classic rites of passage these ceremonies worked to bring people together But they also set up traps into which people could stumble and tests which not everybody could pass In practice ritual performance revealed frictions and fractures that everyday local discourse attempted to hide or to heal Using fascinating first hand evidence David Cressy shows how the making and remaking of ritual formed part of a continuing debate sometimes strained and occasionally acrimonious which exposed the raw nerves of society in the midst of great historical events In doing so he vividly brings to life the common experiences of living and dying in Tudor and Stuart England

shows how the Sheela is a goddess with the power to renew a folk deity used to help women survive childbirth and as a guardian of doorways and castle walls a liminal entity representing the gateway to the divine She explains how these powerful images survived eradication during the rise of Christianity and retained their preeminent positions on sacred sites including medieval churches The author provides meditations on the individual Sheelas she encountered during her 25 years of research allowing readers to commune with these icons and feel the power they emanate Exploring comparable figures such as Baubo Medusa the Neolithic Frog Goddess and vulva depictions in cave art she reveals the female sacred display to be a universal archetype the most enduring image of creativity throughout history and illustrates how cultures from Africa and Ecuador to India and Australia possess similar images depicting goddesses parting their thighs to reveal sacred powers Explaining the role of the Sheela na gig in restoring the Divine Feminine the author shows the Sheela to be an icon that makes visible the cycles of birth death and renewal all humans experience and a necessary antidote to centuries of suppression of the primal power of women of nature and of the imagination *Deathpower* Erik W. Davis, 2015-12-08

Drawing on extensive ethnographic fieldwork in Cambodia Erik W Davis radically reorients approaches toward the nature of Southeast Asian Buddhism s interactions with local religious practice and by extension reorients our understanding of Buddhism itself Through a vivid study of contemporary Cambodian Buddhist funeral rites he reveals the powerfully integrative role monks play as they care for the dead and negotiate the interplay of non Buddhist spirits and formal Buddhist customs Buddhist monks perform funeral rituals rooted in the embodied practices of Khmer rice farmers and the social hierarchies of Khmer culture The monks realization of death underwrites key components of the Cambodian social imagination the distinction between wild death and celibate life the forest and the field and moral and immoral forms of power By connecting the performative aspects of Buddhist death rituals to Cambodian history and everyday life Davis undermines the theory that Buddhism and rural belief systems necessarily oppose each other Instead he shows Cambodian Buddhism to be a robust tradition with ethical and popular components extending throughout Khmer society
