Wube, 2018-01-20 Since the downfall of the Derge and the establishment of the decree for religious freedom there have been types of problems related to the size and type of groups that have greatly affected the Ethiopian evangelical church The first category of problem is due to the attraction that many contemporary church leaders have for reaching multitudes and building mega church ministries at the expense of small group ministries Because of the priority on the large group environment small group ministries have been neglected resulting in a whole generation of students and people who have never experience the vibrant spiritual benefits of a small group As a result believers are inclined to attend only Sunday Worship Services and the rest of the week live disconnected from vital relational community and involvement Too many churches in Ethiopia today have chosen to focus on the quantity of the people rather than the quality of the disciple resulting in the spiritual diseases of nominalism and carnality Discipleship and biblical Koinonia are being ignored therefore many people are not experiencing the richness of biblical Christianity in many practical ways This has resulted in the loss of Ethiopian Evangelicals identity as well as an influence on all aspects of Ethiopian culture including her institutions and government Bringing Home the Message Robert K. Perkins, 2014-09-03 Believing that study and application of Scripture in the context of Christian community can greatly enhance the transformative power of the preached message in Bringing Home the Message Robert Perkins aims to help pastors integrate small group ministry with their preaching Perkins lays out the biblical theological historical and sociological basis for the importance of hearing God's Word in the context of community and provides a practical methodology for implementing sermon based small group Bible studies This helpful book also includes a sample fourteen part series of Study Guides and Leader's Notes for the Gospel of Luke Step by step

instructions illustrate how to prepare effective inductive Bible study questions for small groups that will challenge members to grow in their faith and discipleship through understanding and applying God's Word together

Curacy Express Robert M. Lewis, 2016-06-17 The twenty first century church is increasingly placing recently trained seminary or locally trained clergy in smaller churches where they must stand alone without the training under a senior pastor Since leadership in a church and academic preparation in seminary are two very different things the church historically developed a history of offering curacies or training assistantships to help blend the two disciplines and merge classroom knowledge into practical application Today these formal assistantships are mostly a thing of the past Curacy Express A Training Resource for New Clergy reconfigures this training into a current model New clergy serving in their own church and mentor clergy serving in another church work together over a course of thirty three self paced learning modules In each module the newly ordained person gains valuable skills mentor's observations and reflections new confidence and leadership formation The result is clergy trained to be competent and confident in their roles as clergy in charge
