Elasmr,2014-04-08 For several decades cultural imperialism has been the dominant paradigm for conceptualizing labeling predicting and explaining the effects of international television It has been used as an unchallenged premise for numerous essays on the topic of imported television influence despite the fact that the assumption of strong cultural influence is not necessarily reflected in the body of research that exists within this field of study In *The Impact of International Television A Paradigm Shift* editor Michael G Elasmr and his contributors challenge the dominant paradigm of cultural imperialism and offer an alternative paradigm with which to evaluate international or crossborder message influence In this volume Elasmr has collected original research from leading scholars working in the area of crossborder media influence and contributes his own meta analysis to examine what research findings actually show on the influences of crossborder messages The contributions included here illustrate points such as the contentions of cultural imperialism and the context in which its assumptions emerged and developed the complexities of the relationship between exposure to foreign television and its subsequent effects on local audience members the applicability of quantitative methods to a topic commonly tackled using argumentation critical theory and other qualitative approaches and the difficulty of achieving strong

and homogenous effects In bringing together the work of independent researchers The Impact of International Television A Paradigm Shift bridges over 40 years of research efforts focused on imported television influence the results of which as a whole challenge the de facto strong and homogenous effects assumed by those who support the paradigm of cultural imperialism The volume sets a theory driven agenda of research and offers an alternative paradigm for the new generation of researchers interested in international media effects As such the volume is intended for scholars researchers and students in international and intercultural communication cross cultural communication mass communication media effects media and society and related areas It will also be of great interest to academics in international relations cross cultural and social psychology intergroup and international relations international public opinion and peace studies **Deconstructing**

**Paradise** Patricia E. Reagan, 2016-06-23 Deconstructing Paradise investigates Christian symbols that appear in Latin American Literature in an inverted way The texts under investigation invert the Christian center to generate a social political cultural or even artistic commentary In doing so each text underscores a search for meaning that rejects the centering presence of the more traditional Christian focus that has long validated humankind's existence both in society and in literature As Deconstructing Paradise examines finding a unified center around which to construct meaning is no longer possible although the search for meaning persists in the inverted Christian center The first three chapters analyze the trifecta of novels that offer a full allegory of inverted Christian symbolism including Miguel ngel Asturias El Se or Presidente Juan Rulfo's Pedro P. ramó and Jos Donoso's El lugar sin lmites Chapters Four and Five focus on inverted Christ and inverted Judas figures in multiple novels and short fiction As many Latin American literary critics affirm it is increasingly difficult to categorize fiction after the Boom although even the usefulness of these categories is ultimately questionable Literary critics now look for patterns and Deconstructing Paradise offers one such pattern by identifying a trend in an impressive scope of the well known authors of twentieth century Latin American literature while also tracing this pattern back to nineteenth century precursors Deconstructing Paradise offers a unique and comprehensive look at a significant trend that will undoubtedly foment new ideas and paths of study in contemporary Latin American literature **Babelandia** Demetrio
