Whitson,2004-12-30 Many women writers have secured a solid place in the literary canon while others have remained marginalized This reference includes alphabetically arranged entries on roughly 70 women writers whose works are widely read in English and on some 20 related topics While some of the writers profiled are widely known others have not yet received as much attention And while most of the writers are from England and America the volume also profiles Chilean Brazilian Indian South African Australian French and German authors The writers selected are feminist in that their works have challenged traditional gender roles explored female oppression or critiqued patriarchal social structures In addition to providing biographical information the entries include interpretative summaries of major works Each author entry includes biographical information an extensive summary treatment of at least one of her works an list of her other major works cross references to related entries and a list of works for further reading What distinguishes this encyclopedia from the many other volumes addressing feminist literature or literature by women is the interpretative summary in each entry The volume closes with a list of works cited Entries are clearly written and are accessible to high school students and undergraduates Filthy Fictions Monica Chiu,2004-01-20 Filthy Fictions addresses Asian American literature by women to explore and explode the sedimented and solidified meanings we have created about Asian Americans and dirt through dialogues that not only cross disciplinary and institutional formations and borders but also question the very borders and territories upon which these arguments may be founded Expertly questioning the construction of the ethnic body the book discusses critical discourses in ethnic and feminist studies around the topic of identity re production and transnational representation **Urban Triage** James Kyung-Jin Lee,2004 In the 1980s America witnessed an explosion in the production popularity and influence of literary works by people of color and a decade long economic downturn that severely affected America s inner cities and the already disadvantaged communities of color that lived there Marked by soaring levels of unemployment homelessness violence drug abuse and despair this urban crisis gave the lie to the

American dream particularly when contrasted with the success enjoyed by the era's iconic stockbrokers and other privileged groups whose fortunes increased dramatically under Reaganomics In *Urban Triage* James Kyung Jin Lee explores how these parallel trends of literary celebration and social misery manifested themselves in fictional narratives of racial anxiety by focusing on four key works Alejandro Morales's *The Brick People* John Edgar Wideman's *Philadelphia Fire* Hisaye Yamamoto's *A Fire in Fontana* and Tom Wolfe's *The Bonfire of the Vanities* Each of these fictions he finds addresses the decade's racial, ethnic and economic inequities from differing perspectives Morales's revisions of Chicano identity Yamamoto's troubled invocation of the affinities between African Americans and Asian Americans the problematic connections between black intellectuals and the black community aired by Wideman and Wolfe's satirization of white privilege Drawing on the fields of literary criticism, public policy, sociology and journalism Lee deftly assesses the success with which these multicultural fictions engaged in the debates over these issues and the extent to which they may actually have alienated the very communities that their creators purported to represent Challenging both the uncritical celebration of abstract multiculturalism and its simpleminded vilification Lee roots *Urban Triage* in specific instances of multiracial contact and deeply informed readings of works that have been canonized within ethnic studies and of those that either remain misunderstood or were misguided from the start James Kyung Jin Lee is assistant professor of English and Asian American studies at the University of Texas at Austin [American Literature in Transition, 1940–1950](#) Christopher Vials, 2017-12-28 In the aftermath of World War II the United States emerged as the dominant imperial power and in US popular memory the Second World War is remembered more vividly than the American Revolution *American Literature in Transition 1940–1950* provides crucial contexts for interpreting the literature of this period Essays from scholars in literature history, art history, ethnic studies and American studies show how writers intervened in the global struggles of the decade the Second World War, the Cold War and emerging movements over racial justice, gender and sexuality, labor and decolonization One recurrent motif is the centrality of the political impulse in art and culture Artists and writers participated widely in left and liberal social movements that fundamentally transformed the terms of social life in the twentieth century not by advocating specific legislation but by changing underlying cultural values This book addresses all the political impulses fueling art and literature at the time as well as the development of new forms and media from modernism and noir to radio and the paperback *The Cambridge Guide to Women's Writing in English* Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty-five years This is an opportunity for stock-taking a timely project when so much writing has been rediscovered, reclaimed and republished There are entries on writers, on individual texts and on general terms, genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English, the visionary writings of Julian of Norwich and Margery Kempe, are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy, the history of

colonisation and the development of post colonial cultures using and changing the English language The entries are written by contributors from all the countries covered The result is a work of reference with a unique feeling for the vitality wealth and diversity of women s writing
