Early European art was a consuming interest of both Robert Lehman and his father Philip Lehman an interest reflected in the remarkable number and quality of drawings they owned from the fifteenth and early sixteenth centuries In addition to an important group of early German drawings the collection includes a Saint Paul from a series associated with Jan van Eyck and the famous Scupstoel from the circle of Rogier van der Weyden the only design for a decorative sculpture to survive from the fifteenth century The great artists of the seventeenth century Peter Paul Rubens Jacob Jordaens Claude Lorrain and Rembrandt among them are also represented Rembrandt by seven drawings including the large study of Leonardo's Last Supper that would stay in his mind all through his career Drawings by Antoine Watteau Jean Honor Fragonard Gabriel de Saint Aubin Thomas Gainsborough Paul Sandby and George Romney are among the many from eighteenth century France and England The volume discusses all 153 drawings at length placing each in its art historical setting and complementing the discussion with comparative illustrations of related works This e book on the MetPublications website is also accompanied by links to related works and under the Additional resourcestab are links to Met works of art and Heilbrunn Timeline of Art History essays and timelines viewed May 1 2014 Nineteenth- and Twentieth-century European Drawings Richard R. The present volume Publications of The Metropolitan Museum of Art 1964 2005 is a successor to a volume published by the Museum in 1965 entitled Publications of The Metropolitan Museum of Art 1870 1964 These two bibliographic volumes endeavor to list all the known books pamphlets and serial publications bearing the Museum's imprint and issued by the

institution during the first 135 years of its existence through June 2005 The first volume was compiled by Albert TenEyck Gardner at the time an Associate Curator of American Paintings and Sculpture and the present volume has been compiled from the Annual Reports issued by the Museum during the relevant years Together the two volumes testify to the tremendous contributions made to knowledge by the curators and conservators of the Metropolitan and by the many other experts who have contributed to the Museum s exhibition catalogues Various issues of the Bulletin emphasize the great sweep of the Museum s acquisitions during these years and the exhibition catalogues a number of them Alfred H Barr Jr Award or the George Wittenborn Award testify to the continuity of the institution s dedicated program to enrich people s lives through knowledge of art This title was originally published in 2006 Landscape Drawings of Five Centuries, 1400-1900
