Sex For Women Who Want To Have Fun And Loving Relationships With Equals:

Sex for Women who Want to Have Fun and Loving Relationships with Equals Carmen Kerr, 1978 At Home with Pornography Jane Juffer, 1998 Juffer demonstrates how women's consumption of erotica and porn for their own pleasure can be empowering while simultaneously reinforcing conservative ideals. She shows for instance how the Victoria's Secret catalog functions as a kind of pornography whose popularity is enhanced by both its reliance on Victorian themes of secrecy and privacy and by its appeals to the pleasures of modern career women. In her pursuit to understand what women like and how they get it Juffer delves into adult cable channels, erotic literary anthologies, sex therapy guides, cyberporn, masturbation and sex toys showing the degrees to which these materials have been domesticated for home consumption.

Exploring/Teaching the Psychology of Women Michele A. Paludi, 1990-03-16 The first of its kind, this manual presents educational approaches and processes which reflect feminist principles for teachers and leaders of courses and workshops in the psychology of women. Sample syllabi, outlines, references, lists of audio-visual material, organizations, discussion questions and experiential exercises reflect the content areas typically covered in these courses: achievement, sexuality, health, adjustment, psychotherapy, communication, victimization, methodology, life style choices, work and development. Trusting Ourselves Karen Johnson, 1991 Definitive and comprehensive, *Trusting Ourselves* is the only book to cover every aspect of psychology as it applies to women. This groundbreaking work will empower its readers to understand and make decisions about their psychological well-being and treatment in much the same way. *Our Bodies, Ourselves* redefined women's health care. In a radical reversal of the usual approach to psychological care which assumes that only the professional understands the problem, Johnson strongly believes that women and their values, perspectives and biases have merit and that most patients understand why they're not happy with their lives. *Trusting this self-knowledge and taking action on one's own behalf* provide a foundation for all the information in this book. It is time to revise psychotherapy to incorporate a woman's perspective. **Catalog of Copyright Entries. Third Series** Library of Congress.
