

HOW MENSTRUAL CYCLE HORMONES IMPACT SEX DRIVE

ESTROGEN

Keeps vaginal tissues lubricated and plump, increases desire, and makes sex more pleasurable.

PROGESTERONE

Keeps us calm, reduces PMS symptoms, and helps us sleep, but higher levels can adversely impact sex drive

TESTOSTERONE

Like Estrogen, Testosterone also spikes midcycle, so they work together to boost sex drive and may even improve orgasms.

[Same-Sex Relationships, Law and Social Change](#) Frances Hamilton, Guido Noto La Diega, 2020-01-15 This edited collection provides a forum for rigorous analysis of the necessity for both legal and social change with regard to regulation of same sex relationships and rainbow families the status of civil partnership as a concept and the lived reality of equality for LGBTQ persons Twenty eight jurisdictions worldwide have now legalised same sex marriage and many others some level of civil partnership In contrast other jurisdictions refuse to recognise or even criminalise same sex relationships At a Council of Europe level there is no requirement for contracting states to legalise same sex marriage Whilst the Court of Justice of the European Union now requires contracting states to recognise same sex marriages for the purpose of free movement and residency rights unlike the US Supreme Court it does not require EU Member States to legalise same sex marriage Law and Sociology scholars from five key jurisdictions England and Wales Italy Australia Canada and the Republic of Ireland examine the role of the Council of Europe European Union and further international regimes A balanced approach between the competing views of critically analytical rights based theorists and

queer and feminist theorists interrogates the current international consensus in this fast moving area The incrementalist theory whilst offering a methodology for future advances continues to be critiqued All contributions from differing perspectives expose that even for those jurisdictions who have legalised same sex marriage still further and continuous work needs to be done The book will be of interest to students and scholars in the field of human rights family and marriage law and gender studies
