## **Lost Childhood And The Language Of Exile:**

Lost Childhood and the Language of Exile Judit Szekacs-Weisz, Ivan Ward, 2022-04-21 The book contains reflections from Eva Almassy Jacqueline Amati Mehler Pina Antinucci Antal Bokay Julia Borossa John Clare Ferenc Ero s Susan Haxell Eva Hoffman Kathleen Kelley Laine Leon Kleimberg W Gordon Lawrence Judit Me sza ros Gershon J Molad George Pick Rachel Rosenblum Tamara Stajner Popovic Riccardo Steiner Judit Szekacs Weisz Judith E Vida Shula Wilson and Ali Zarbafi Lost Childhood and the Language of Exile invites the reader to enter a territory which is not only multilingual but multidimensional defined and shaped by history politics economy and sociocultural transformations The contributions give important insights on the psychodynamic processes involved in working with and being part of exiled and immigrant populations The majority of the stories take as their base the upheaval caused by the Second World War but their stories are still sadly relevant today with the ongoing plight of refugees the world over By presenting their experiences the contributors provide a vital record of what it means to leave your homeland behind to make a new life in a new land and to live and work in a second tongue The aim was and is to provide stimulus for further thinking and research Two contributors Ali Zarbafi and Shula Wilson took up that challenge and we were delighted to publish their contribution to this debate in their edited work *Mother Tongue and Other Tongues Narratives in Multilingual Psychotherapy* 2021

*Mother Tongue and Other Tongues* Shula Wilson, Ali Zarbafi, 2021-07-28 We are living in times where the issue of identity and difference has taken on a more defensive hue The tide is turning towards an inward looking nostalgia of sameness based on fear rather than on understanding The experience of hearing another language the way it is spoken and being faced with the image of the other is now more complex imbued with projections of powerlessness fear terrorism and survival The issue of identity appears to have become even more complex All cultures are concerned with how we speak and communicate as this represents identity history and home Communication is also essential for survival both emotionally and socially The speaking person is an individual but also part of a culture or cultures with dense collective and individual shapes The issue of identity that feeling of belonging is essential full of possibility and at times very uncomfortable as it touches the tensions between who we are and who we are becoming This sits next to more complex historical experiences and memories of languages and cultures being changed or lost or banished due to the colonial imperial and regional moves of powerful nations in search of conquest and economic gain

This collection addresses how language affects therapists and their patients and how it can be understood culturally and therapeutically Drawn from talks given at the Multi lingual Psychotherapy Centre MLPC the contributors not only bring a therapeutic slant but also their other roles as academics writers and artists These reflections memories and stories give a glimpse of the multilingual journey the MLPC has been exploring for over twenty years and leave much food for thought The book contains contributions from Cedric Bouet Willaumez Giselle China Patricia Gorringer Natsu Hattori Monique Morris Esti Rimmer and Edna Sovin

*Peter Pan, the Lost Child* Kathleen Kelley-Laine, 2022-10-27 Originally published in 1992 in French as *Peter Pan ou l'Enfant Triste* the book was translated into English in 1997 and released as *Peter Pan The Story of Lost Childhood* This new English language version is translated by author Kathleen Kelley Laine and enriched with the addition of an epilogue from the author plus a new foreword from renowned psychoanalyst Jonathan Sklar Peter Pan young innocent and heartless with his baby tooth smile is one of the most popular heroes of fiction of both children and adults for over one hundred years The author explores this mythical figure both as a story as well as a metaphor revealing the hidden traumas and psychological conundrums of this Lost Child The evocative and lyrical style takes the reader through multiple levels of understanding of this seemingly simple fairy tale into the tragic story of its author J M Barrie and of other Peter Pans who never grow up In *Peter Pan the Lost Child* psychoanalyst Kathleen Kelley Laine explores

Peter Pan's light hearted escapades and uncovers a sad lost child behind the baby tooth smile She uses the story as a framework for the stories of her patients to show how their own Peter Pan manifests giving a unique insight into how childhood events can block growth into adulthood She also investigates the sinister side of author James Mathew Barrie as it relates to his Peter Pan tale and addresses her own family history and its links to The Boy Who Would Not Grow Up Little by little as the book progresses Kelley Laine's lost childhood emerges as a child who fled with her family from war torn Hungary after the Second World War to the promised land of Canada These three interwoven storylines take the reader on a literary journey to uncover secrets and hidden emotions Kelley Laine makes clear that the child who cannot grow up the Peter Pan raging inside the adult needs to be heard and understood Only then can that lost child have a chance to find the road to maturity

**Globalization and Children** Natalie Hevener Kaufman, Irene Rizzini, 2007-05-08 ALLISON JAMES Globalization seems to be the word on everyone's lips with politicians as much as academics extolling its benefits as well as its contradictions For some globali tion means in practice that whether in Bangkok or Boston in London or Rio as travelers from wealthy countries they can be sure to find the beer the pizzas and the jeans that they can at home they can be both at home and away simultaneously For others though globalization has had rather different often less bene cial consequences In their everyday lives people have come to find themselves tied in albeit in often unseen ways into larger economic and political systems over which they have no control yet these systems cause radical changes often for the worse rather than the better in the pattern of their daily lives And it is those who have least voice whose lives are usually affected the most In this book attention is drawn systematically really for the first time to a consideration of how processes of globalization variously impact upon the lives of children Such an approach is not only most welcome in the field of childhood studies but also long overdue It will at last enable us to begin to contextualize in a broader framework some of the many issues to do with ch dren s rights and

participation which have long been discussed as separate and discrete issues within childhood studies

their own identity as immigrants and how it informs their work They explore the complexity and the contradictions of the immigration process the tension between loss and hope future and past the idealization and denigration of the other stranger and what it takes to tolerate the existential dialectic between separateness and belonging Through personal accounts full of wisdom and nuance the stories of immigration come to life and become accessible to the reader Intended for clinicians students and academics interested in contemporary psychoanalytic perspectives on the topic of immigration this book serves as a resource for clinical practice and can be read in courses on psychoanalysis cultural psychology immigrant studies race and ethnic relations self and identity culture and human development and immigrants and mental health *Psychoanalysis and Literature* , Marilyn Charles,2015-03-25 Psychoanalysis offers many concepts that are extremely useful clinically but not always accessible in the original In *Psychoanalysis and Literature The Stories We Live* Marilyn Charles pairs case vignettes with examples from literature to highlight the essential human struggles that play out in the consulting room This pairing depathologizes those struggles and offers a conceptual framework that can help the clinician facilitate these journeys of discovery Describing first how literature affords an opportunity for vicarious engagement with struggles endemic to the human condition she then focuses on trauma dreams and cultural collisions turning more explicitly to the developmental challenges of identity relatedness aging and generativity *Psychoanalysis and Literature* is accessible relevant and timely
