One Damn Blunder from Beginning to End Gary D. Joiner, 2003 In the spring of 1864 as the armies of Grant and Lee waged a highly scrutinized and celebrated battle for the state of Virginia a no less important but historically obscured engagement was being conducted in the pine barrens of northern Louisiana In a year of stellar triumphs by Union armies across the South the Red River Campaign stands out as a colossal failure General William Tecumseh Sherman's scathing summation describes it best One damn blunder from beginning to end Taking its title from Sherman's blunt description *One Damn Blunder from Beginning to End* The Red River Campaign of 1864 is a fresh inspection of what was the Civil War's largest operation between the Union Army and Navy west of the Mississippi River In a bold but poorly managed effort to wrest Louisiana and Texas from Confederate control a combined force of 40 000 Union troops and 60 naval vessels traveled up the twisting Red River in an attempt to capture the capital city of Shreveport Gary D Joiner provides not a recycled telling of the campaign but a strategic and tactical overview based on a stunning new array of facts gleaned from recently discovered documents This never before published information reveals that the Confederate army had laid a clever trap by engineering a drop in the water level of the Red River to try to maroon the Union naval flotilla Only the equally amazing ingenuity of the Union troops saved the fleet from certain destruction despite a humiliating defeat at the Battle of Mansfield The Red River campaign had lasting implications *One Damn Blunder from Beginning to End* magnifies just how devastating the diversion of so many men and so much material to this failed campaign was to the Union effort in the pivotal year of 1864 Because of the Union Army's failures Northern plans to capture Mobile were scrapped Military careers were made and lost And at time when the Confederacy was teetering on the brink of oblivion Southern morale was bolstered Joiner puts together

The Camden Expedition of 1864 and the Opportunity Lost by the Confederacy to Change the Civil War Michael J. Forsyth, 2015-08-01 The Confederacy had a great opportunity to turn the Civil War in its favor in 1864 but squandered this chance when it failed to finish off a Union army cornered in Louisiana because of concerns about another Union army coming south from Arkansas The Confederates were so confused that they could not agree on a course of action to contend with both threats thus the Union offensive advancing from Arkansas saved the one in Louisiana and became known to history as the Camden Expedition The Camden Expedition is intriguing because of the might have beens had the key players made different decisions The author contends that if Frederick Steele commander of the Federal VII Army Corps had not received a direct order from General Ulysses S Grant to move south disaster would have befallen not only the Army of the Gulf in Louisiana but the entire Union cause and

possibly would have prevented Abraham Lincoln from winning reelection
