Martin Heidegger und das "Dritte Reich" Bernd Martin, 1989 Hinweis Internationale H lderlin Bibliographie Zu H lderlin s Reg S 51 61 Schmidt Gerhard Heideggers philosophische Politik S 62 92 P ggeler Otto Praktische Philosophie als Antwort an Heidegger S 95 117 Bekenntnisse ein Gespr ch mit Max M ller *Heidegger's Children* Richard Wolin, 2015-08-25 Martin Heidegger is perhaps the twentieth century s greatest philosopher and his work stimulated much that is original and compelling in modern thought A seductive classroom presence he attracted Germany s brightest young intellectuals during the 1920s Many were Jews who ultimately would have to reconcile their philosophical and often personal commitments to Heidegger with his nefarious political views In 1933 Heidegger cast his lot with National Socialism He squelched the careers of Jewish students and denounced fellow professors whom he considered insufficiently radical For years he signed letters and opened lectures with Heil Hitler He paid dues to the Nazi party until the bitter end Equally problematic for his former students were his sordid efforts to make existential thought serviceable to Nazi ends and his failure to ever renounce these actions This book explores how four of Heidegger s most influential Jewish students came to grips with his Nazi association and how it affected their thinking Hannah Arendt who was Heidegger s lover as well as his student went on to become one of the century s greatest political thinkers Karl L with returned to Germany in 1953 and quickly became one of its leading philosophers Hans Jonas grew famous as Germany s premier philosopher of environmentalism Herbert Marcuse gained celebrity as a Frankfurt School intellectual and mentor to the New Left Why did these brilliant minds fail to see what was in Heidegger s heart and Germany s future How would they after the war reappraise Germany s intellectual traditions Could they salvage aspects of Heidegger s thought Would their philosophy reflect or completely reject their early studies Could these Heideggerians forgive or even try to understand the betrayal of the man they so admired Heidegger s Children locates these paradoxes in the wider cruel irony that European Jews experienced their greatest calamity immediately following their fullest assimilation And it finds in their responses answers to questions about the nature of existential disillusionment and the juncture between politics and ideas Martin Heidegger and European Nihilism Karl Löwith, 1995 Martin Heidegger and European Nihilism makes available in English Lowith s major writings concerning the origins of cultural breakdown in Europe that paved the way for the Third Reich Including incisive discussions of Heidegger and Carl Schmitt a noted legal theorist of the same period who also supported the Third Reich Heidegger and European Nihilism helps to illuminate the allure of Nazism for scholars committed to revolutionary nihilism Lowith s landmark essay on European nihilism is also included in its entirety here along with two never before published letters from Heidegger to Lowith In a work of impressive historical depth Lowith traces the abandonment of higher European ideals in favor of a fatal flirtation with nihilism These essays explore the enthronement of man above God a trend that had begun to appear in European thought by the mid nineteenth century in the works of Nietzsche and Marx and one that informed the nihilist philosophies of Heidegger and

other theorists of the early twentieth century An introduction by editor Richard Wolin provides lucid commentary placing the three essays gathered here in a broad historical context along with suggestions for further reading This seminal work of intellectual history sheds light on the fascist impulses of nihilism in the first half of the twentieth century but also offers unique perspective on the intellectual malaise of today **Paul Celan and Martin Heidegger** James K. Publisher description **Heidegger's Crisis** Hans D. Sluga, 1993 Philosophy and politics make uneasy bedfellows Nowhere has this been more true than in Nazi Germany where the pursuit of truth and the will to power became fatally entangled Though Martin Heidegger s Nazi past is well known and much debated less is understood about the role of philosophy and other philosophers in the rise and development of National Socialism **Revolutionary Saints: Heidegger, National Socialism, and Antinomian Politics** ,2002 *Eine bestürzende Geschichte* Hassan Givsan, 1998 **On Heidegger's Nazism and Philosophy** Tom Rockmore, 1997-01-01 American philosopher Tom Rockmore boldly refutes suggestions that German philosopher Martin Heidegger s political stance was accidental or adopted under coercion Rockmore argues that Heidegger s thought and his Nazism are inseparably intertwined Combining extensive documentation with philosophical and historical analysis this book raises profound questions about the social and political responsibility of philosophy Martin Heidegger Rüdiger Safranski, 1998 The story of Heidegger s life and philosophy a quintessentially German story in which good and evil brilliance and blindness are inextricably entwined and the passions and disasters of a whole century come into play is told in this brilliant biography Martin Heidegger's Changing Destinies Guillaume Payen, 2023-04-18 A portrait of Martin Heidegger as a man and a philosopher In this biography of Martin Heidegger 1889 1976 now available in English historian Guillaume Payen synthesizes the connections between the German philosopher s life and work Critically but without polemics he creates a portrait of Heidegger in his time using all available sources lectures letters and the notorious black notebooks Payen chronicles Heidegger s changing destinies after the First World War an uncompromising Catholicism gave way to a vigorous striving for a philosophical revolution fertile ground for National Socialism The book reflects a life of light and shadow Heidegger was a great philosopher and teacher who cultivated friendships and love affairs with Jews but also was an anti Semitic nationalist who lamented the Judaization of German intellectual life rdquo
