The Russian Social-Democratic Labour Party, 1899–1904 Richard Mullin, 2015-03-31 Much has been written about the activity of Lenin and his colleagues on the editorial board of the Iskra newspaper whereas little has been said about the opponents of Leninism who unsuccessfully fought for control of the Russian Social Democratic Labour Party during the Iskra period To redress the balance Richard Mullin has translated 25 documents from this period most of which express an anti Lenin view They include articles from Rabochee Delo the Jewish Bund's Poslednie Izvestiia and the post Lenin Iskra pamphlets by Plekhanov and Martov the resolutions of Party meetings and some very revealing private correspondence However the result is not an anti Bolshevik polemic through these documents a clearer and curiously flattering picture of Lenin's thought and activity is obtained

An Intellectual Biography of N.A. Rozhkov John A. González, 2016-09-19 An Intellectual Biography of N A Rozhkov is the first English language study to follow Russia's most gifted and important historian to emerge from the school of V O Kliuchevskii through the transformative decades that bridged the nineteenth and twentieth centuries Rozhkov's early philosophical influences are examined to explain his radicalisation from middle class intellectual academic to Leninist Bolshevik to Menshevik social democrat His Marxist socialist beliefs landed him in gaol several times and eventually he was exiled to Siberia for a decade where he was able to refine his political worldview and develop his theory of historical development Critical of Lenin and the 1917 revolution he spent the last decade of his life being persecuted by the Bolshevik

regime **Family Networks and the Russian Revolutionary Movement, 1870-1940** Katy Turton, 2017-12-04 This book explores the role played by families in the Russian revolutionary movement and the first decades of the Soviet regime While revolutionaries were expected to sever all family ties or at the very least put political concerns before personal ones in practice this was rarely achieved In the underground revolutionaries of all stripes from populists to social democrats relied on siblings spouses children and parents to help them conduct party tasks with the appearance of domesticity regularly thwarting police interference Family networks were also vital when the worst happened and revolutionaries were imprisoned or exiled After the revolution these family networks continued to function in the building of the new Soviet regime and amongst the socialist opponents who tried to resist the Bolsheviks As the Party persecuted its socialist enemies and eventually turned on threats perceived within its ranks it deliberately included the spouses and relatives of its opponents in an attempt to destroy family networks for good **Hendrik de Man and Social Democracy** Tommaso Milani, 2020-06-15 The book investigates the intellectual and political trajectory of the Belgian theorist Hendrik de Man 1885 1953 by examining the impact that his works and activism had on Western European social democracy between the two world wars Based on multinational archival research the book highlights how the idea of economic planning became part of a wider effort to address an ideological crisis within the socialist movement and revitalise the latter amidst the Great Depression A heavily controversial figure also because of his subsequent involvement in Belgian wartime collaboration de Man played a pivotal role in challenging traditional Marxist assumptions about the role of the state under capitalism and in promoting transnational exchanges between unorthodox social democrats across Europe Starting from de Man s experience in World War I the book analyses his departure from Marxism his elaboration of an alternative social democratic paradigm his entry in Belgian politics as well as the reception of his thought in France and Britain **The Russian Socialist Revolutionary Party Before the First World War** Manfred Hildermeier, 2000 The Socialist Revolutionary Party played an important role in the history of the Russian revolutionary movement The author seeks to explain why this party which continued the tradition of the 1870s did not ultimately prevail in an agrarian country like the Tsarist empire Using a wealth of printed sources and for the first time drawing upon materials from the archive of the Central Committee of the PSR this study provides a detailed analysis of the theoretical foundations of the party as well as its organisational structure and political practice during the first Russian Revolution Manfred Hildermeier ist Professor am Seminar f r Mittlere und Neuere Geschichte der Universit t G ttingen Jewish Nationality and Soviet Politics Zvi Gitelman, 2015-03-08 In order to Bolshevize the Jewish population the Soviets created within the Party a number of special Jewish Sections Charged with the task of integrating the largely hostile or indifferent Jews into the new state the Sections programs are in effect a case study of the modernization and secularization of an ethnic and religious minority Zvi Gitelman s analysis of the Sections during the first decade of Soviet rule examines the nature of the challenge that modernization posed the crises it created and the responses it evoked Originally

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
