The Marvellous Century George Woodcock, 1989 In this fascinating and scholarly overview George Woodcock author and poet allows us to experience the beauty the savagery and the all encompassing impact of The Marvellous Century It was an era of personalities and uprisings It was the time of Xenophanes Cyrus Solon the lawmaker Sappho the Buddha Aeschylus Pythagoras Confucius Lao tzu and Nebuchadnezzar It was an era of prose reawakenings the exploration of rational thought the central Asian silk trade and the writing of the Upanishads For the Chinese it was the period of Spring and Autumn under the Chou Kingdom Christianity Islam Zoroastrianism and Modern Judaism had their roots in the sixth century The Greek philosopher Thales studied astronomy and geometry passing on knowledge picked up from the Egyptians and he was the one that first postulated the angles at the base of an isosceles triangle to be equal In India atomic theories emerged and geography geology and physics all developed as disciplines History never arranges itself in neat capsules of a hundred years each and what I am writing about when I name the sixth century is a period of between 120 and 130 years characterized by a cluster of events that changed irrevocably the way men looked upon the universe and even upon themselves George

Woodcock *Nineteenth Century and After*, 1909 **The Nineteenth-Century Novel: Identities** Dennis Walder, 2013-05-13 The Nineteenth Century Novel Identities provides an ideal starting point for understanding gender in the novels of this period It explores the place of fiction in constructing gender identity within society at large considering Madame Bovary Portrait of a Lady and The Woman in White The book continues with a consideration of the novel at the fin de siècle examining Dracula The Awakening and Heart of Darkness These fascinating essays illuminate the ways in which the conventions of realism were disrupted as much by anxieties surrounding colonialism decadence degeneration and the New Woman as by those new ideas about human psychology which heralded the advent of psychoanalysis The concepts which are crucial to the understanding of the literature and society of the nineteenth century are brilliantly explained and discussed in this essential volume Performing Arts in Changing Societies Randi Margrete Selvik, Svein Gladsø, Anne Margrete
