Marx And Wittgenstein Social Praxis And Social Explanation:

Marx and Wittgenstein D. Rubinstein, 2013-12-19 First published in 2005 This book has two primary objectives The first is to show that there are substantial parallels between the work of Marx and Wittgenstein and the second is to apply a synthesis of these two thinkers to a variety of philosophical and theoretical disputes over the character of the social sciences

Marx and Wittgenstein David Rubinstein, 1981 Marx and Wittgenstein Gavin Kitching, Nigel Pleasants, 2013-01-11
At first sight Karl Marx and Ludwig Wittgenstein may well seem to be as different from each other as it is possible for the ideas of two major intellectuals to be Despite this standard conception however a small number of scholars have long suggested that there are deeper philosophical commonalities between Marx and Wittgenstein They have argued that once grasped these commonalities can radically change and enrich understanding both of Marxism and of Wittgensteinian philosophy This book develops and extends this unorthodox view emphasising the mutual enrichment that comes from bringing Marx's and Wittgenstein's ideas into dialogue with one another Essential reading for all scholars and philosophers interested in the Marxist philosophy and the philosophy of Wittgenstein this book will also be of vital interest to those studying and researching in the fields of social philosophy political philosophy philosophy of social science and political economy

(Over)Interpreting Wittgenstein A. Biletzki, 2012-09-14 Over Interpreting Wittgenstein will be read by philosophers investigating Wittgenstein and by scholars interpreters students and specialists in both analytic and continental philosophy It will intrigue readers interested in issues of interpretation and cultural studies This book tells the story as yet untold of Wittgenstein interpretation during the past eighty years It provides different interpretations chronologies developments and controversies It aims to discover the socio cultural rather than psychological motives and motivations behind the philosophical community's project of interpreting Wittgenstein As a cultural history of ideas it traces the parallelism between Wittgenstein interpretation and the move from metaphysics to language to postmodernism effected in the twentieth century

Essays on Wittgenstein and Weininger Allan Janik, 2021-11-01 **Karl Marx and the Philosophy of Praxis** Gavin Kitching, 2015-04-17 In this major study first published in 1988 Professor Kitching builds on recent scholarship on Marx and Wittgenstein to provide an incisive readable account and critique of the whole of Marx's work He presents the philosophical economic and political Marx as one thinker and argues that the key to understanding Marx is his commitment to a philosophy of praxis This sees thought as just part of that purposive activity or praxis which distinguishes human beings from other creatures This is the first book to analyse all of Marx's thought from a Wittgenstein perspective in doing so it clarifies and deepens our understanding of Marx Marx's Critical/Dialectical Procedure (RLE Marxism) H.T. Wilson, 2015-04-17 This book first published in 1991 demonstrates that Marx is the legitimate founder of what was to become the critical theory of society It argues that in order to justify a new conception of humans as collective cultural and historical beings Marx undertook a radical critique of the theoretical analytical method of his predecessors and

his contemporaries in political economy philosophy and the natural sciences While elements of the methods of some of these thinkers most conspicuously from the work of Aristotle Kant and Hegel were present in Marx s thought he achieved a new synthesis of procedural epistemological and ontological methods

Wittgenstein and the Study of Politics Michael Temelini,2015-03-27 In Wittgenstein and the Study of Politics Michael Temelini outlines an innovative new approach to understanding the political implications of Wittgenstein s philosophy Most political philosophers who have approached Wittgenstein have done so through the idea of therapeutic skepticism implying politics that privilege conservatism or non interference Temelini interprets Wittgenstein differently emphasizing his view that we come to understand the meanings of words and actions through a dialogue of comparison with other cases Examining the work of Charles Taylor Quentin Skinner and James Tully Temelini highlights the ways in which all three despite their differences share a common debt to that dialogical approach A cogent explanation of how Wittgenstein s epistemology and ontology can shed light on political issues and offer a solution to political challenges Wittgenstein and the Study of Politics highlights the importance of Wittgensteinian thinking in contemporary political science political theory and political philosophy

Wittgenstein and Modern Philosophy Justus Hartnack,2013-12-19 First published in 2005 Twentieth century philosophy more than that of any other period has become deeply and sharply conscious of the connection between philosophical problems and language We now seem to have entered what might well be called the Wittgensteinian moment in philosophy This volume seeks to provide a general survey of Wittgenstein s thought considering both the Tractatus LogicoPhilosophicus 1922 and the Philosophical Investigations 1953 and also to give some account of the influence which these two very different books have exercised

Studies in the Philosophy of Wittgenstein Peter Winch,2013-12-19 This is a collection of essays on the work of philosophy of Wittgenstein where the editor seeks to present his ideas as one or a unity rather than the treatment of the usual early and later works First published in 1969 the essays span the areas of the use and reference of names ontology and identity in Tractatus mathematics human beings Wittgenstein and Strawson on others pain and private language and Wittgenstein s look at Freud
