Marxism And Insurrection:

MARXISM AND INSURRECTION. VLADIMIR. LENIN,2020 Revolution at the Gates V.I. Lenin,2014-05-20 The idea of a Lenin renaissance might well provoke an outburst of sarcastic laughter Marx is OK but Lenin Doesn't he stand for the big catastrophe which left its mark on the entire twentieth century Lenin however deserves wider consideration than this and his writings of 1917 are testament to a formidable political figure They reveal his ability to grasp the significance of an extraordinary moment in history Everything is here from Lenin the ingenious revolutionary strategist to Lenin of the enacted utopia To use Kierkegaard's phrase what we can glimpse in these writings is Lenin in becoming not yet Lenin the Soviet institution but Lenin thrown into an open contingent situation In Revolution at the Gates Slavoj Žižek locates the 1917 writings in their historical context while his afterword tackles the key question of whether Lenin can be reinvented in our era of cultural capitalism Žižek is convinced that whatever the discussion the forthcoming crisis of capitalism the possibility of a redemptive violence the falsity of liberal tolerance Lenin's time has come again **Marxism and Insurrection** Lenin,1994-05 *Lenin* Progress Publishers,1981 **Mark's Marxism** Mark Maxey,2019-06-20 Mark's Marxism is a contemporary understanding of what socialism and communal living envisioned by Karl Marx and Friedrich Engels It brings into perspective over 100 000 years of Indigenous cultures living the communal life as illustrated in the Communist Manifesto It shows the root cause of capitalism and the safest and best way to reverse it With a world spinning out of control with a new wave of fascism this commentary is well received at this time It also includes reprints of A Reader's Guide to Marxist Classics and The Marxist Glossary This companion book embraces what Marx and Engels envisioned and is quite a necessary read in this time and age Marxist Glossary Mini Edition 3.0 Darryl Mitchell, **A Documentary History of Communism in Russia** Robert Vincent Daniels,1993-01-01 An extensive revision of the valued but unobtainable 1960 edition Nearly 300 key documents are now readily available in translation From Marx to Hegel and Back Victoria Fareld,Hannes Kuch,2020-01-09 The relation between Hegel and Marx is among the most interpreted in the history of philosophy Given the contemporary renaissance of Marx and Marxist theories how should we re-read the Hegel-Marx connection today What place does Hegel have in contemporary critical thinking Most schools of Marxism regard Marx's inversion of Hegel's dialectics as a progressive development leaving behind Hegel's idealism by transforming it into a materialist critique of political economy Other Marxist approaches argue that the mature Marx completely broke with Hegel By contrast this book offers a wide-ranging and innovative understanding of Hegel as an empirically informed theorist of the social political and economic world It proposes a movement from Marx to Hegel and back by exploring the intersections where the two thinkers can be read as mutually complementing or even reinforcing one another With a particular focus on essential concepts like recognition love revolution freedom and the idea of critique this new intervention into Hegelian and Marxian philosophy unifies the ethical content of Hegel's philosophy with the power of Marx's social and economic critique of

the contemporary world The Dialectic of Position and Maneuver Daniel Egan,2016-09-27 In *The Dialectic of Position and Maneuver* Daniel Egan examines the role that the military metaphors of war of position and war of maneuver play in Antonio Gramsci's social theory The foundation for this analysis is the different ways in which Marxists have understood war and military strategy since the mid nineteenth century In doing so Egan argues that the distinction between war of position and war of maneuver which is so central to Gramsci's work as well as contemporary interpretations of his work must be understood in a more dialectical manner This conclusion is important not only in terms of Gramsci's social theory but also for understanding the limits and possibilities of contemporary political strategies for the left worldwide *Eyewitnesses to the Russian Revolution* Todd Chretien,2017-11-20 This comprehensive chronicle of the Russian Revolution is told through the eyewitness accounts of journalists political leaders and ordinary citizens More than a century ago workers and peasants in Russia turned the world upside down when they overthrew their tsar took over their factories farms and schools and set out to build a new society In this gripping reader participants and firsthand observers of the revolution tell the inspiring heroic and sometimes tragic story of what happened in Russia over the course of 1917 Introduced and edited by Todd Chretien *Eyewitnesses to the Russian Revolution* includes contributions from Leon Trotsky Rosa Luxemburg Vladimir Lenin John Reed Louise Bryant and others
