Steven, 2021-01-14 A concentrated study of the relationships between modernism and transformative left utopianism this volume provides an introduction to Marx and Marxism for modernists and an introduction to modernism for Marxists Its guiding hypothesis is that Marx's writing absorbed the lessons of artistic and cultural modernity as much as his legacy concretely shaped modernism across multiple media **Art and Politics in the 1930s** Susan Noyes Platt, 1999

Adventures in Marxism Marshall Berman, 1999 Delightful informative essays inspired by Marx *Understanding Marx, Understanding Modernism* Mark Steven, 2021-01-14 A concentrated study of the relationships between modernism and transformative left utopianism this volume provides an introduction to Marx and Marxism for modernists and an introduction to modernism for Marxists Its guiding hypothesis is that Marx's writing absorbed the lessons of artistic and cultural modernity as much as his legacy concretely shaped modernism across multiple media **All that is Solid Melts Into Air** Marshall Berman, 1983 The experience of modernization the dizzying social changes that swept millions of people into the capitalist world and modernism in art literature and architecture are brilliantly integrated in this account **Marxism in the Chinese Revolution** Arif Dirlik, 2005 Representing a lifetime of research and writing by noted historian Arif Dirlik the essays collected here explore developments in Chinese socialism and the issues that have occupied historians of the Chinese revolution for the past three decades Dirlik engages Chinese socialism critically but with sympathy for the aspirations of revolutionaries who found the hope of social political and cultural liberation in Communist alternatives to capitalism and the intellectual inspiration to realize their hopes in Marxist theory The book's historical approach to Marxist theory emphasizes its global relevance while avoiding dogmatic and Eurocentric limitations These incisive essays range from the origins of socialism in the early twentieth century through the victory of the Communists in mid century to the virtual abandonment by century's end of any pretense to a socialist revolutionary project by the leadership of the Chinese Communist Party All that remains of the revolution in historical hindsight are memories of its failures and misdeeds but Dirlik retains a critical perspective not just toward the past but also toward the ideological hegemonies of the present Taken together his writings reaffirm the centrality of the revolution to modern Chinese history They also illuminate the fundamental importance of Marxism to grasping the flaws of capitalist modernity despite the fact that in the end the socialist response was unable to transcend the social and ideological horizons of capitalism Modernism in the Streets Marshall Berman, 2017-04-18 Essays

tracing the intellectual life of a quintessential New York City writer and thinker Marshall Berman was one of the great urbanists and Marxist cultural critics of the twentieth and twenty first centuries and his brilliant nearly sui generis book *All That Is Solid Melts Into Air* is a masterpiece of the literature on modernism But like many New York intellectuals the essay was his characteristic form accommodating his multifarious interests and expressing his protean searching exuberant mind This collection includes early essays from and on the radical 60s on New York City on literary figures from Kafka to Pamuk and late essays on rock hip hop and gentrification Concluding with his last essay completed just before his death in 2013 this book is Berman s intellectual autobiography tracing his career as a thinker through the way he read the signs in the street

Fiction, Crime, and Empire Jon Thompson, 1993 Reading fiction from high and low culture together *Fiction Crime and Empire* skillfully sheds light on how crime fiction responded to the British and American experiences of empire and how forms such as the detective novel spy thrillers and conspiracy fiction articulate powerful cultural responses to imperialism Poe s Dupin stories for example are seen as embodying a highly critical vision of the social forces that were then transforming the United States into a modern democratic industrialized nation a century later Le Carr employs the conventions of espionage fiction to critique the exhausted and morally compromised values of British imperialism By exploring these works through the organizing figure of crime during and after the age of high imperialism Thompson challenges and modifies commonplace definitions of modernism postmodernism and popular or mass culture
