

CASE STUDY-1

- Begum (not her real name), a married Rohingya refugee in her early twenties is on treatment for HIV at a Malaysian hospital. She has lived in Malaysia for 7 years with her husband and 2 children. She claims that none of her family members are HIV positive.
- Her HIV status was detected during her first pregnancy years ago, at a government health clinic. She dropped out and only made contact with the health services (government hospital) for delivery of the baby.
- During her second pregnancy one year ago, she was tested at the health clinic and was confirmed positive. She was referred to Sungai Buloh Hospital for treatment before delivery in July, 2011. She has been on treatment since August 2011 under the Individual Assistance program of UNHCR.
