Augusta Emma Simmons Stetson (Mrs),1921 **POEMS** AUGUSTA E. STETSON,2018 **Coming to My Senses** James P. Kain,2008-10-08 Book Description Coming to My Senses is a collection of old and new poems written over many years in many places So it is a kind of anthology of my works to date In putting it together I looked for common elements in order to group the poems and found five directions that the poems take Seeking Passage is about moving through changes in life looking forward or backward and recognizing the need for change Of Love and Loss is self explanatory poems responding to the heartache of love and memories gone Diversions if this is not the stuff of poetry I dont know what is Poetry for me then is

a search and a celebration a revelation not an explanation or a comment on the world but rather a discovery of the inner life of thought and consciousness a coming to my senses and a reawakening of something with reverence The poetic moment is a moment that begins and ends in the minds silence and within that silence is a wide world of timeless utterances subtle responses and the feeding roots of new ideas The poetic moment is what ties philosophy to the real world what demands religion from the questing soul and what unveils the deeper values in an otherwise common and habitual world These poems are records of some of these moments They are meditations and reflections more than they are compositions The form each poem takes arises from the moment that still point of the turning world from the attempt to dissolve the outer consciousness and reach a pure state of cognition the origin of the question What is it in this life that seeks for something more There is something wistful in each attempt to find an answer and though the answer is in the end a mystery we must not forget that moment of illumination in which we first discovered that mystery gives birth to imagination who like a child gleams at every new thing *The American Catalogue* ,1911 American national trade bibliography **Poems** Augusta E.

Eliot Between Two Worlds** David Ward,2015-12-22 The basis of this critical examination of Eliot s work first published in 1973 is the investigation of his transmutation of this and other philosophical mythological and religious motives into the textures of his verse This book focuses on Eliot s peculiar eclectic approach to what he described as the Tradition It also recognises the fact that Eliot for all his attempts at universality was a product of time and place and gives an account of the way in which his education and experience shaped his most important interests This title will be of interest to students of literature **The Cumulative Book Index** ,1911 A world list of books in the English language **Alphabetical Arrangement of Main Entries from the Shelf List** Union Theological Seminary (New York, N.Y.).
