Poetic Vision And The Psychedelic Experience

David Carrier

Poetic Vision And The Psychedelic Experience:

Poetic Vision and the Psychedelic Experience R. A. Durr, 1971 **A Transatlantic Political Theology of Psychedelic Aesthetics** Roger K. Green, 2019-04-02 Arguing that we ought to look to psychedelic aesthetics of the 1960s in relation to current crises in liberal democracy this book emphasizes the intersection of European thought and the psychedelic The first half of the book focuses on philosophical influences of Herbert Marcuse and Antonin Artaud while the second half shifts toward literary and theoretical influences of Aldous Huxley on psychedelic aesthetics Framed within an emergent discourse of political theology it suggests that taking a postsecular approach to psychedelic aesthetics helps us understand deeper connections between aesthetics and politics **Hamlet's Castle** Gordon H. Mills, 2014-03-07 Hamlet's Castle is both a theoretical and a practical examination of the interactions that take place in a literary classroom The book traces the source of literature's power to the relationship between its illusional quality and its abstract meaning and relates these elements to the process by which a group typically an academic class forms a judgment about a literary work In focusing on the importance of the exchange of ideas by readers Gordon Mills reveals a new way of looking at literature as well as a different concept of the social function of the literary classroom and the possible application of this model to other human activities The three fundamental elements that constitute Mills's schema are the relationship between a reader and the illusional quality of literature the relationship between a reader and the meaning of a text and the concept of social experience within the environment of a text The roles of illusion and meaning in a text are explored in detail and are associated with areas outside literature including science and jurisprudence There is an examination of the way in which decisions are forced by peers upon one another during discussion of a literary work an exchange of opinion which is commonly a source of pleasure and insight sought for its own sake In the course of his study Mills shows that the act of apprehending a literary structure resembles that of apprehending a social structure From this relationship he derives the social function of the literary classroom In combining a theoretical analysis with the practical objective of determining what value can be found in the study of literature by groups of people Mills has produced a critical study of great significance Hamlet's Castle will change concepts about the purpose of teaching literature affect the way in which literature is taught and become involved in the continuing discussion of the relationship of literary studies to other disciplines **Psychedelia and Other Colours** Rob Chapman, 2015-09-01 In Psychedelia and Other Colours acclaimed author Rob Chapman explores in crystalline detail the history precedents and cultural impact of LSD from the earliest experiments in painting with light and immersive environments to the thriving avant garde scene that existed in San Francisco even before the Grateful Dead and the Fillmore Auditorium In the UK he documents an entirely different history and one that has never been told before It has its roots in fairy tales and fairgrounds the music hall and the dead of Flanders fields in the Festival of Britain and that peculiarly British strand of surrealism that culminated in the Magical Mystery Tour Sitars and Sergeant Pepper surfadelica and the Soft

Machine light shows and love ins the mind expanding effects of acid were to redefine popular culture as we know it
Psychedelia and Other Colours documents these utopian reverberations and the dark side of their moon in a perfect portrait

Tuning In Steven J. Gelberg, 2025-04-01 The first authoritative study of the important role of music in psychedelic use and the ways in which psychedelics provide unprecedented access to the deeper mysteries of music Tuning In is the first authoritative study of a subject that is of wide and growing importance within the current psychedelic renaissance the role and experience of music in personal growth and healing via psychedelics The book brings together the best insights and creative musings on the subject from respected figures within the psychedelic community Going back several decades and beyond this book includes first hand testimony from numerous trip reports along with relevant insights from psychologists scientists philosophers scholars of religion musicologists musicians and mystics Tuning In takes an experiential approach to understanding the unique synergy between psychedelic states and music how music profoundly supports and enhances psychedelic sessions while psychedelic states provide a unique doorway into the inner mysteries of music Author Steven J Gelberg includes helpful guidance in assessing and choosing music appropriate for psychedelic sessions along with links to curated music playlists

The Coldman Cometh R. A. Durr, 2004-07 This memoir of a remarkable quest explores a reconnection to the wilds and offers an in depth report of a radical experiment in alternative living 8 page insert

Language of the Senses Kerry McSweeney, 1998-07-08 McSweeney discusses the sensory acuity that informed Wordsworth s Coleridge s Thoreau s Whitman s and Dickinson s finest achievements and then when blunted by illness or age contributed to an attenuation of their creative power He supplies a sensory profile or sensory history for each author and through close readings shows how this profile affected their relationship to the external world and their powers of symbolic perception Using perspectives gleaned from the poets themselves and an understanding of the physiological ground of perception McSweeney establishes a compelling theoretical basis for his approach In clear and elegant prose he studies the physical basis for aesthetic plenitude such as the sensory manifold of synaesthesia not only in the Romantic writers mentioned above but also in two Victorian poets Hopkins and Tennyson

Vision and Violence Arthur P. Mendel, 1999 Arthur P Mendel argues that throughout history man has worried about the Apocalypse a phenomenon that has changed from God to reason to history and then to nature He calls for a more modest and humane philosophy with regard to the Earth

Philosophy and Psychedelics Christine Hauskeller, Peter Sjöstedt-Hughes, 2022-06-16 What do psychedelics reveal about consciousness What impact have psychedelics had on philosophy In this rapidly growing area of study this is the first volume to explore the philosophy of psychedelic experience from a range of interdisciplinary and cross cultural perspectives In doing so Philosophy and Psychedelics reveals just why the place of psychedelics in our societies should not be left to medical sciences alone as psychedelic experience opens up new perspectives on fundamental philosophical questions relating to human experience ethics and the metaphysics of mind Mapping a range of philosophical responses to the surge in studies

into psychedelic drugs in the cognitive sciences this go to volume examines topics including psychedelics and the role of governance psychedelics and mysticism what psychedelics can tell us about dyadic thankfulness and psychedelics as ways to gain new knowledge Written by leading international scholars the essays cover Western and non Western traditions from analytic philosophy to Zen Buddhism and discuss a variety of hallucinogens such as LSD MDMA and Ayahuasca in order to build a much needed bridge between the rapidly growing scientific research and the philosophy behind psychedelic experience

Research in Education ,1972-05 Resources in Education ,1972 **Journeys in Complexity** Alfonso Montuori,2016-01-22 In this book fascinating autobiographical accounts by leading scholars in a variety of fields and disciplines provide a rich introduction to the art and science of complexity and systems thinking We learn how the authors interest in complexity thinking developed the key figures and texts they encountered along the way the experiences that shaped their path their major works and their personal journeys This volume serves as an introduction to complexity as well as a vivid account of the personal and intellectual development of important scholars This book was originally published as a special issue of World Futures

The Poetry of Robert Frost and William Carlos Williams Harihar Rath,2003 This Book Fulfills The Difficult Task Of Quickening And Elucidating Fortifying And Enlarging The Poetry Of Two Important Poets Of Our Time Robert Frost And William Carlos Williams It Puts Their Creative Act Under Scrutiny By The Common Parameter Of A Critical Canon Aiming To Place Them As Poets At A Vantage Point Where The Idea Of Man Speaking Out On Behalf Of Man Can Find Its True And Free Expression Written In A Lucid Style And With A Content That Remain A Landmark In American Studies By An Indian Academic The Book Does Also Privilege A Deeper Understanding Of American Poetry In General While Problematizing Its Inherent Opposition Between The Egocentric As Against The Theocentric Man Without History As Against History Without Man The Antinomian As Against The Orthodox Personality As Against Culture And The Adamic As Against The Mythic

High Art David Carrier,2010-11-01 The great poet Charles Baudelaire 1821 1867 was also an extremely influential art critic High Art relates the philosophical issues posed by Baudelaire s art writing to the theory and practice of modernist and postmodernist painting Baudelaire wrote in an age of transition David Carrier argues an era divided by the Revolution of 1848 the historical break that played for him a role now taken within modernism by the political revolts of 1968 Moving from the grand tradition of Delacroix to the images of modern life made by Constantin Guys this movement from high to low from the unified world of correspondences to the fragmented images of contemporary city life motivates Baudelaire s equivalent to the post 1968 turn away from formalist art criticism Viewed from the perspective of the 1990s Carrier argues the issues raised by Baudelaire s criticism and creative writing provide a way of understanding the situation of art writing in our own time

Labyrinth of Imagery Miguel Gonzalez-Gerth,1986 *Breakfast with Buddha* Roland Merullo,2008-08-26 Enlightenment meets On the Road in this witty insightful novel The Boston Sunday Globe When his sister tricks him into taking her guru on a trip to their childhood home Otto Ringling a confirmed skeptic is not amused

Six days on the road with an enigmatic holy man who answers every question with a riddle is not what he d planned But in an effort to westernize his passenger and amuse himself he decides to show the monk some American fun along the way From a chocolate factory in Hershey to a bowling alley in South Bend from a Cubs game at Wrigley field to his family farm near Bismarck Otto is given the remarkable opportunity to see his world and more important his life through someone else s eyes Gradually skepticism yields to amazement as he realizes that his companion might just be the real thing In Roland Merullo s masterful hands Otto tells his story with all the wonder bemusement and wry humor of a man who unwittingly finds what he s missing in the most unexpected place *Bibliography of the History of Medicine* , *Current Catalog* National Library of

Medicine (U.S.),1970 First multi year cumulation covers six years 1965 70 **Turn on Your Mind** Jim DeRogatis,2003-01-01 Book Turn On Your Mind Four Decades of Great Psychedelic Rock is a history and critical examination of rock s most inventive genre Whether or not psychedelic drugs played a role and as many musicians say they ve used them as not psychedelic rock has consistently charted brave new worlds that exist only in the space between the headphones The history books tell us the music s high point was the Haight Ashbury scene of 1967 but the genre didn t start in San Francisco and its evolution didn t end with the Summer of Love A line can be drawn from the hypnotic drones of the Velvet Underground to the disorienting swirl of My Bloody Valentine from the artful experiments of the Beatles Revolver to the flowing otherworldly samples of rappers P M Dawn from the dementia of the 13th Floor Elevators to the grungy lunacy of the Flaming Lips and from the sounds and sights at Ken Kesey s 60s Acid Tests to those at present day raves Turn On Your Mind is an attempt to connect the dots from the very first groups who turned on tuned in and dropped out to such new millennial practitioners as Wilco the Elephant 6 bands Moby the Super Furry Animals and the so called stoner rock and ork pop scenes

A Study of the Poems of D. H. Lawrence M. Lockwood,1987-12-08

Thank you for reading **Poetic Vision And The Psychedelic Experience**. As you may know, people have look numerous times for their chosen books like this Poetic Vision And The Psychedelic Experience, but end up in infectious downloads.
