

A SOLDIER

He is that fallen lance that lies as hurled,
That lies unlifted now, come dew, come
rust,
But still lies pointed as it plowed the dust.
If we who sight along it round the world,
See nothing worthy to have been its mark,
It is because like men we look too near,
Forgetting that as fitted to the sphere,
Our missiles always make too short an arc.
They fall, they rip the grass, they intersect
The curve of earth, and striking, break their
own;
They make us cringe for metal-point on
stone.

Poetry Of The Young Soldier In World War II:

Poetry of the Young Soldier in World War II W. James Bastian, 1979-04 *A New Way of Seeing* Michael Sarnowski, 2025-06-04 *A New Way of Seeing* considers the poetry of five writers Louis Simpson Keith Douglas Richard Hugo Howard Nemerov and Randall Jarrell whose work draws on their activities as soldiers in World War II Basing his examination on extensive primary source research Michael Sarnowski identifies distance both literal and figurative and traumatic memory as two interconnected elements of how these poets internalized the war and made sense of the events they witnessed The book is structured on a gradient related to each poet's proximity to combat as the chapters in turn focus on an infantryman Simpson a tank commander Douglas a bombardier Hugo a pilot Nemerov and a stateside flight instructor Jarrell Sarnowski relies on a wealth of archival material overlooked by previous scholarship including poem drafts correspondence flight logs and personal belongings The conclusion revisits notions of legacy and representation by assessing factors that contributed to the early labeling of World War II soldiers as a Silent Generation in contrast to the outpouring of poetry published during and following the First World War By exploring how poets processed their wartime experiences *A New Way of Seeing* offers a stark reminder of why it remains vital to recognize the physical mental and psychological consequences endured by veterans

Professional Journal of the United States Army, 1981 **Military Review**, 1995 *Writing and Understanding Poetry for Teachers and Students* Suzanne Keyworth, Cassandra Robison, 2015-02-19 Grounded in craft this book was composed on three premises That the study and modeling of great poems is integral to understanding poetry and learning to write poems that scaffolded learning builds a writer's and a reader's confidence and knowledge base and increases learning and that teachers and facilitators of poetry can and should build learning environments we call our hearts in a safe place Each chapter contains an introduction to a main focus new terms a model poem an explication short prompts heuristic to each chapter's focus and a model exercise Student poem samples are included in each chapter The last chapter discusses syllabi portfolios and alternate grading *A Heart's Craft* differs from other poetry how to books because it combines art with pedagogy in a unique and effective fashion **Dismantling Glory** Lorrie Goldensohn, 2006-04-18 *Dismantling Glory* presents the most personal and powerful words ever written about the horrors of battle by the very soldiers who put their lives on the line Focusing on American and English poetry from World War I World War II and the Vietnam War Lorrie Goldensohn a poet and pacifist affirms that by and large twentieth century war poetry is fundamentally antiwar She examines the changing nature of the war lyric and takes on the literary thinking of two countries separated by their common language World War I poets such as Wilfred Owen emphasized the role of soldier as victim By World War II however English and American poets influenced by the leftist politics of W H Auden tended to indict the whole of society not just its leaders for militarism During the Vietnam War soldier poets accepted themselves as both victims and perpetrators of war's misdeeds writing a nontraditional more personally candid war poetry The book not only discusses the poetry of trench warfare but also shows how the lives of

civilians women and children in particular entered a global war poetry dominated by air power invasion and occupation Goldensohn argues that World War II blurred the boundaries between battleground and home front thus bringing women and civilians into war discourse as never before She discusses the interplay of fascination and disapproval in the texts of twentieth century war and notes the way in which homage to war hero and victim contends with revulsion at war's horror and waste In addition to placing the war lyric in literary and historical context the book discusses in detail individual poets such as Wilfred Owen W H Auden Keith Douglas Randall Jarrell and a group of poets from the Vietnam War including W D Ehrhart Bruce Weigl Yusef Komunyakaa David Huddle and Doug Anderson Dismantling Glory is an original and compelling look at the way twentieth century war poetry posited new relations between masculinity and war changed and complicated the representation of war and expanded the scope of antiwar thinking **Our Deep Gossip** Christopher Hennessy, 2013-11-29 This book presents interviews with eight gay men who are celebrated American poets and writers discussing their early lives friends and communities that shaped their work histories of gay writers before them how sex and desire connect with artistic production and what coming out means to a writer *Humanities*, 2002 *Why Love Leads to Justice* David A. J. Richards, 2016 This book tells the stories of notable historical figures whose resistance of patriarchal laws transformed ethical political and legal standards *Modern American Women Writers* Elaine Showalter, Lea Baechler, A. Walton Litz, 1993-09-27 Featuring original contributions by scholars in the field of women's studies this invaluable reference illuminates the lives and works of Maya Angelou Kate Chopin Joan Didion Anne Tyler Susan Sontag Gertrude Stein Zora Neale Hurston Flannery O'Connor Sylvia Plath Anne Sexton and others **The Oxford Handbook of British and Irish War Poetry** Tim Kendall, 2007-02-22 Thirty seven chapters written by leading literary critics from across the world describe the latest thinking about twentieth century war poetry The book maps both the uniqueness of each war and the continuities between poets of different wars while the interconnections between the literatures of war and peacetime and between combatant and civilian poets are fully considered The focus is on Britain and Ireland but links are drawn with the poetry of the United States and continental Europe The Oxford Handbook feeds a growing interest in war poetry and offers in toto a definitive survey of the terrain It is intended for a broad audience made up of specialists and also graduates and undergraduates and is an essential resource for both scholars of particular poets and for those interested in wider debates about modern poetry This scholarly and readable assessment of the field will provide an important point of reference for decades to come *The Oxford Handbook of Modern Irish Poetry* Fran Brearton, Alan Gillis, 2012-10-25 The Oxford Handbook of Modern Irish Poetry consists of 40 essays by leading scholars and new researchers in the field Beginning with W B Yeats the figure who towers over the century's poetry it includes chapters on the major poets to have emerged in Ireland over the last 100 years [A Critical Companion to Terrence Malick](#) Joshua Sikora, 2020-10-07 From the dust of the Montana plains to the farthest reaches of the cosmos Terrence Malick's films have enchanted audiences with transcendent images of

nature humanity and grace for nearly fifty years The contributors in this volume explore the profound implications of Malick's stories images processes and convictions as they offer comprehensive studies of the ten completed films of Terrence Malick Each chapter takes a reflective and retrospective approach considering new interpretations and frameworks for understanding Malick's unique creative choices Drawing from a range of diverse academic disciplines the collection analyzes the groundbreaking qualities of his cinematic style and the philosophical underpinnings that permeate his work Rigorously researched and unique the arguments presented within this volume shed new light on Malick and the cinematic medium

The Twentieth Century Kathy Sammis, 2002 Topics include Reform and revolution in China Russia and Mexico World War I The world between wars World War II Post World War II to current times *Collected Poems* Ralph Nixon Currey, 2001 R N Currey's poetry records what happens to men in war and life This is a collection of poems by the poet and writer R N Currey Born in Mafeking in 1907 R N Currey was a soldier poet and at one time a school teacher in Colchester R N Currey is a poet who has pleased poets T S Eliot told him in 1945 that his collection *This Other Planet* was the best war poetry I have seen in these last six years Dylan Thomas was so taken with the wit of *Pelican St James's Park* that he recited it from memory on a traffic island in front of the BBC just after he had met R N Currey for the first time Roy Campbell Guy Butler and Jack Cope claimed his work for South Africa *Thematic Guide to British Poetry* Ruth Glancy, 2002-08-30 This thematic guide offers interpretations of 415 poems representing the work of more than 110 poets spanning seven centuries of British poetry It should be useful to librarians and teachers who need to identify and locate poems on a given theme and to students and poetry fans The Way We Read James Dickey William B. Thesing, Theda Wrede, 2009 Original inroads to understanding the life and works of the celebrated novelist and poet In *The Way We Read James Dickey* editors William B Thesing and Theda Wrede have assembled an outstanding collection of current critical responses to the works of the acclaimed novelist poet and teacher including essays by Dickey's former colleagues at the University of South Carolina and a piece by his most famous student novelist Pat Conroy The volume breaks new ground in the application of innovative critical approaches and restores Dickey to his rightful place in the literary canon as a remarkable writer who crafted some of the best poetry and fiction of the twentieth century A decade after Dickey's death and thirty five years after the release of the film version of his famous novel *Deliverance* Dickey remains a controversial figure in the American literary landscape He was an intellectual maverick who was often ahead of his time and yet he responded intensely almost obsessively to his own changing times Thesing and Wrede argue that although he appeared to conform to poetic conventions his writing was a visionary reinterpretation and extension of preexisting traditions This tension between a poet's intellectual precursors and the radical innovation of his work is the inspiration behind the fresh approaches taken by the contributors in this volume just as it energized Dickey's own endeavors The essays offer original insights through emerging scholarly perspectives as well as through established methods of critique The contributors address a range of themes in Dickey's works including gender religion humanity's relationship to nature

and the writer's cultural context This landmark reappraisal of Dickey's legacy offers readers a coherent forum that addresses why his writings remain relevant today thus restoring and revaluing the rising significance of Dickey's literary achievement for twenty-first century audiences William B Thesing a distinguished professor emeritus of English at the University of South Carolina was a colleague of James Dickey's for two decades From 2003 to 2008 Thesing served as editor of the James Dickey Newsletter He is the author or editor of fifteen books including *The London Muse* winner of the 1980 SAML A Studies Book Award *Soviet Women on the Frontline in the Second World War* R. Markwick, E. Charon Cardona, 2012-06-26 This is the first comprehensive study in English of Soviet women who fought against the genocidal misogynist Nazi enemy on the Eastern Front during the Second World War Drawing on a vast array of original archival memoir and published sources this book captures the everyday experiences of Soviet women fighting living and dying on the front **Quarterly Review of Military Literature**, 1981 Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public
