Poetry The Ordinary Reader:

The Reader, the Text, the Poem Louise M. Rosenblatt, 1994-09-21 Starting from the same nonfoundationalist premises Rosenblatt avoids the extreme relativism of postmodern theories derived mainly from Continental sources A deep understanding of the pragmatism of Dewey James and Peirce and of key issues in the social sciences is the basis for a view of language and the reading process that recognizes the potentialities for alternative interpretations and at the same time provides a rationale for the responsible reading of texts *The Listener*, 1929 **Lectures on Rhetoric and Belles**

Lettres; chiefly from the Lectures of Dr. Blair. By Abraham Mills ... A new edition, enlarged and improved [with the addition of a supplement on the writers of the last half century]. Hugh Blair, 1857 *The Birth of New Criticism* Donald J. Childs, 2013-12-01 Amid competing claims about who first developed the theories and practices that became known as New Criticism the critical method that rose alongside Modernism literary historians have generally given the lion's share of credit to William Empson and I A Richards In *The Birth of New Criticism* Donald Childs challenges this consensus and provides a new and authoritative narrative of the movement's origins At the centre stand Robert Graves and Laura Riding two poet critics who have been written out of the history of New Criticism Childs brings to light the long forgotten early criticism of Graves to detail the ways in which his interpretive methods and ideas evolved into the practice of close reading demonstrating that Graves played such a fundamental part in forming both Empson's and Richards's critical thinking that the story of twentieth century literary criticism must be re-evaluated and re-told Childs also examines the important influence that Riding's work had on Graves Empson and Richards establishing the importance of this long neglected thinker and critic A provocative and cogently argued work *The Birth of New Criticism* is both an important intellectual history of the movement and a sharply observed account of the cultural politics of its beginnings and legacy *His Other Half* Wendy Lesser, 1992 Wendy Lesser counters the reigning belief that male artists inevitably misrepresent women She builds this case through inquiry into many unexpected and germane subjects Marilyn Monroe's walk for instance or the dwarf manicurist Miss Mowcher in *David Copperfield* or the shoulder blades of Degas bathers Placing such particulars within the framework of Plato's myth of the divided beings and psychoanalytic concepts of narcissism Lesser sets out before the reader an art that responds to and even attempts to overcome division **The Church Quarterly Review** Arthur Cayley Headlam, 1906
