The Rhetorical Power of Children's Literature John H. Saunders, 2016-12-21 *The Rhetorical Power of Children s*

Literature is an edited volume with contributions from established and new scholars of rhetoric offering case studies that analyze a full array of genres in children's literature from picture books to young adult novels. Collectively, this volume's contributions interrogate how children's literature is a powerful yet under-examined space of rhetorical discourse that influences one of the most vulnerable segments of our population. This book is singularly unique given that it will be the first collection of essays on children's literature from the distinct perspective of the field of Communication. Beyond topical novelty, the contributors utilize a range of scholarly methods to analyze instances of the rhetoric of children's literature. Consequently, essays in this volume may be read for both their specific topical content and as exemplars for multiple methodological approaches to the study of the rhetoric of children's literature. Collectively, the contributors set out to contribute to our knowledge of how instances of children's literature operate as rhetorical discourses. The volume is organized by case studies approached through critical rhetorical lenses that analyze specific instances of children's literature from two distinct stages of children's developmental reading experiences including pre-early literacy and fluent reading. Structurally, the book includes eight content chapters divided evenly with four chapters analyzing books for young children and four chapters analyzing books targeting audiences from late childhood to adolescence. An overview of each content chapter accompanies this proposal.

Nurturing the Prophetic Imagination Jamie Gates, Mark Mann, 2012-11-06 *Nurturing the Prophetic Imagination* searches through biblical scholarship, theology, economics, sociology, politics, ecology, and history to discern the strands of God's justice and reconciliation at work in the contemporary world. *Nurturing the Prophetic Imagination* challenges Christians to engage the most troubling social problems of our time by first drinking deeply from the well of the historic prophetic traditions. *Nurturing the Prophetic Imagination* witnesses to a God that raises up prophets to speak at critical moments in every time and to what it might look like for the Church to nurture the soil from which such prophetic voices spring. Rarely do such a wide variety of authors from such different backgrounds and vocations get together to name what the prophetic work of God looks like in our midst. The radical justice and reconciliation of God can be found in every corner of life if we know where to look for it. *Nurturing the Prophetic Imagination* provides some guidance in this direction. *Nurturing the Prophetic Imagination* celebrates and seeks to build upon the legacy of eminent biblical scholar Walter Brueggemann's seminal work *The Prophetic Imagination* first published in 1978 by assessing the core insights and themes he develops through a number of different lenses. These include contemporary biblical scholarship, theology, economics, sociology, politics, ecology, and church history. *Nurturing the Prophetic Imagination* also discusses the extent to which the Christian prophetic tradition continues to speak meaningfully within the contemporary world and thereby seeks to be a source for inspiring future generations of Christian prophets to do likewise.
