Presence And Prophecy:

Presence and Prophecy, 2002 How does theological education equip people to face the challenges of mission and ministry in a changing world How does Christian presence in society make a difference and how can the Churches speak prophetically of God's purposes today This book suggests how theological education can provide essential opportunities to find encouraging and helpful answers to these questions It explores the kind of world we live in and asks what kind of teaching and learning experiences help Christians to become people with hearts for mission It takes a fresh look at elements of the theological curriculum and suggests a new vision and hope for all the Churches It is also accompanied by a study guide

Presence and Prophecy Simon Barrow, 2002 Presence and Prophecy is an extensive resource for everyone involved in theological education to help rethink its challenges Students and teachers in theological colleges seminaries courses and schemes will find it useful but it is also relevant to those involved with Christian basics courses local church study groups and other informal educational events This Study Guide will help many different groups tackle the different issues raised in Presence and Prophecy It lays out some ways of engaging with the ideas in the book linking the themes and joining in an important conversation about how the Churches in mission can really make a difference in people's lives Whilst this Study Guide contains a summary of the material in the main book it will be difficult to use to full effect without a copy of the full report Presence and Prophecy

Realms of the Prophetic Naim Collins, 2019-06-18 Speak forth Heaven's secrets Since the beginning of time God's desire has been to share Heavenly secrets with His friends These hidden truths are freely given to every believer as they operate in the gift of prophecy The prophetic anointing allows you to hear God's voice speak forth His words and release His power into the

Christian Prophecy Niels Christian Hvidt, 2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New Testament Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it

Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God's salvation in Christ is still far away This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work *The Practice of Prophecy* Li Ming Dennis Lum, 2018-03-26 The charisma of prophecy is found throughout the history of the global Pentecostal movement Within the movement prophecy is seen as the communication of an inspired spontaneous revelation bringing edification to the faith community Despite its prevalence academic research has mostly focused on the biblical theological aspect neglecting the actual contemporary practice This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore The book investigates the nature purpose and significance of the phenomenon It also identifies theological variables that are correlated with its practice and explicates these relationships The investigation employs the empirical theological method of Johannes van der Ven utilizing both a qualitative and a quantitative study The results provide a rich description of the actual reception delivery and judging of prophecy Significant findings include relationships between prophecy and courage love personality types prayer types and evangelism [On the Question of the "Cessation of Prophecy" in Ancient Judaism](#) L. Burden,2022-07-19 The Word Among Us Theologies of the Hebrew Bible Old Testament is a topical approach to the study of the Judeo Christian Bible Each topic is a survey of the many theological themes we encounter in the Biblical narrative such as the theology of Biblical History Torah Moses Election Covenant Land Kingship Prophecy and many more Special topics include The Theology of the Fall of Israel Theology of Messianic Expectations and The Theology of Israel Of particular interest is The Theology of Story which introduces the story oriented literary discipline At the center of Biblical theology is the tragic fall of the Northern Kingdom of Israel in 722 B C E and the Southern Kingdom of Judah in 586 B C E From these periods many of the theological motifs such as covenant law and prophecy arise to address and to explain these tragedies in Israelite history The primary purpose of the present study is

a better understanding of the theological function of these motifs or themes A theological function is the power of a Biblical narrative to constitute and to restore the Israelite people who were struggling to survive the late period of Biblical history A special feature of my study are the several promptings from Biblical topics of the many discussions that relate to the New Testament and Christian teachings My approach to the study of the Hebrew Bible Old Testament is unique among other introductions to the Hebrew Bible This book therefore is very important to both the Jewish and the Christian reader

Burrows, Hilary Davies, Josephine von Zitzewitz, 2020-09-28 This book explores the prophetic characteristics of literature particularly poetry that seek to reimagine the world in which it is written Using theological and philosophical insights it charts the relentless impulse of literature to propose alternative visions practicable or utopian and point toward possibilities of renewal and change Drawing from each of the three main Abrahamic religions as well as Greek and Latin classics an international group of scholars utilise a diverse range of analytical and interpretive methods to draw out the prophetic voice in poetry Looking at the writings of figures like T S Elliot Blake Wittgenstein and Isaiah the theme of the prophetic is shown to be of timely importance given the current state of geo political challenges and uncertainties and offers a much needed critical discussion of these broad cultural questions This collection of essays offers readers an insight into the constructive power of literature As such it will be of great interest to scholars working in Religion and the Arts Religious Studies Theology and Aesthetics **Prophecy and Politics in South African Pentecostalism** Mookgo Solomon Kgatle, 2023-12-28 This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular He proposes a Pentecostal political theology of prophecy This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination In addition this theology seeks a balance between prophecy and power and prophecy and sovereignty **When God Speaks** Chuck D. Pierce, Rebecca Wagner Sytsema, 2011-08-31 Hearing the voice of God is not as difficult as some might think It may even happen without our realization As God has spoken throughout the ages He continues to speak today in many different ways including through an impression in a person's spirit or through a passage of Scripture or via a prophetic dream Since we were created to commune with God He longs for us to draw near to Him so that we can know His heart and understand His will for our lives **What Was Authoritative for Chronicles?** Ehud Ben Zvi, Diana V. Prophecy Howard Kreisel,2012-12-06 More than any other topic prophecy represents the point at which the Divine meets the human the Absolute meets the relative How can a human being attain the Word of God In what manner does God when conceived as eternal and transcendent address corporeal transitory creatures What happens to God s divine Truth when it is beheld by minds limited in their power to apprehend and influenced by the intellectual currents of their time and place How were these issues viewed by the great Jewish philosophers of the past who took the divine communication and all it entails seriously while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention This book offers an in depth study of prophecy in the thought of seven of the leading medieval Jewish philosophers R Saadiah Gaon R Judah Halevi Maimonides Gersonides R Hasdai Crescas R Joseph Albo and Baruch Spinoza It attempts to capture the original voice of these thinkers by looking at the intellectual milieus in which they developed their philosophies and by carefully analyzing their views in their textual contexts It also deals with the relation between the earlier approaches and the later ones Overall this book presents a significant model for narrating the history of an idea
