Raymond D. Boisvert, 2014-05-07 I Eat Therefore I Think breaks new ground by introducing philosophy via an activity central to life eating Building on the original meaning of philosophy as love of wisdom it explains how the search for wisdom can best succeed by addressing not just the mind but the entire human being Eating an activity that integrates physiological social religious cultural ethical and aesthetic dimensions offers an opportunity to re think fundamental questions The result surprising and novel ways to approach art religion knowledge ethics and even democracy The book outlines a new philosophy for our time As such it will be of interest to people curious about the topic of food to those interested in learning about philosophy and to those who seek new ideas as guides for living meaningful lives in an intelligible world Cooks and Recipe Writing in Communist Bulgaria Albena Shkodrova, 2021-01-28 How did people exist and resist in their daily lives under Soviet control in the Cold War period Shkodrova's monograph shows how in communist Bulgaria many women passionately exchanged recipes with friends and strangers to build substantial and impressive private collections of recipes This activity was borderline contraband in going against the general disapproval of home cooking that formed part of the ideology of communism in which home cooking was considered household slavery and an agent of patriarchalism Private recipe collections were by far the preferred written source of culinary information more popular than the state approved commercial cookbooks Shkodrova shows how these recipe collections held many different meanings for the women who collected them from helping to navigate the communist economy to enabling new friendships to be developed while engaging safely in power relations and cultivating a sense of individual identity in a society where collective existence was prioritised and exalted Drawing on primary sources including scrapbook cookbooks and working from the establishment of cookery classes before communism and their obliteration thereafter Shkodrova presents a structured outline of the meanings of recipes exchange and home cooking for Bulgarian women under communism Catalog of Copyright Entries.
