Reclaiming The Language Of Faith:

Emerging Voices Barry L. Saylor, 2020-11-30 Recent research has demonstrated a loss of verbalization or grasp of the Christian language in the emerging generations of Western Christianity As contemporary culture rejects Christian identity more and more subsequent generations are losing the ability to proclaim their faith well This is particularly troubling for those on the theological campus seeking to train and disciple today's emerging adults as the next generation of ministers Emerging Voices attempts to identify factors behind this phenomenon and to map out a better way forward particularly for the theological campus As contemporary issues such as the elimination of faith from public discourse and the ubiquitous influence of technology shape students in the years before college what can be done to reclaim the Christian language for students tasked with preaching the gospel This project combines a deep dive into some of the leading research regarding religion and spirituality in youth and emerging adulthood alongside of a focused study group In uniting these approaches Emerging Voices attempts to give expression to those who most need to be heard in the coming decades of the Christian church in Western culture

Paul and the Language of Faith Nijay K. Gupta, 2020-02-04 A dynamic reading of Paul's faith language outlining its subtle nuances as belief trust and faithfulness Faith language permeates the letters of Paul Yet its exact meaning is not always clear Many today reflecting centuries of interpretation consider belief in Jesus to be a passive act In this important book Nijay Gupta challenges common assumptions in the interpretation of Paul and calls for a reexamination of Paul's faith language Gupta argues that Paul's faith language resonates with a Jewish understanding of covenant involving goodwill trust and expectation Paul's understanding of faith involves the transformation of one's perception of God and the world through Christ relational dependence on Christ as well as active loyalty to Christ Pastors and scholars alike will benefit from this close examination of Paul's understanding and use of faith language For Gupta Paul's understanding involves a divine human relationship centered on Christ that believes trusts and obeys

Just faith Stephan de Beer, 2018-12-01 The purpose of this scholarly book is to expand the body of knowledge available on urban theology It introduces readers to the concept of planetary urbanisation with the view of deepening an understanding of urbanisation and its all pervasive impact on the planet people and places from a theological perspective A critical theological reading of the urban is also provided deliberating on bridging the divide between voices from the Global South and the Global North In doing so this book simultaneously seeks out robust and dynamic faith constructs expressed in various forms and embodiments of justice The methodology chosen transcended narrow disciplinary boundaries situating reflections between and across disciplines in the interface between scholarly reflection and an activist faith as well as between local rootedness and global connectedness This was facilitated by the collected gathering of authors spanning all continents various Christian faith traditions and multiple disciplines as well as a range of methodological approaches The book endeavours to contribute to knowledge production in a number of ways Firstly it suggests the inadequacy of most dominant faith expressions in the

face of all pervasive forces of urbanisation and it also provides clues as to the possibility of fostering potent alternative imaginaries Secondly it explores a decolonial faith that is expressed in various forms of justice It is an attempt to offer concrete embodiments of what such a faith could look like in the context of planetary urbanisation Thirdly the book does not focus on one specific urban challenge or mode of ministry but rather introduces the concept of planetary urbanisation and then offers critical lenses with which to interrogate its consequences and challenges It considers concrete and liberating faith constructs in areas ranging from gender race economic inequality a solidarity economics and housing to urban violence indigeneity and urbanisation the interface between economic and environmental sustainability and grass roots theological education

Reclaiming American Catholicism John Gehring, 2025-08 The Catholic Church in the United States stands at a crossroads between crisis and opportunity At a time when only the second Catholic President in U S history is shaped by the culture and many social justice teachings of his faith the most vocal leaders in the U S Catholic hierarchy embrace a culture war Catholicism that pits them against President Biden the pastoral priorities of Pope Francis and many Catholics in the pews This book based on many interviews and the author's own reporting makes the argument that recalibrating the church's engagement with politics and public life is vital for both the Church and the country Yet American Catholicism is not simply defined by church politics theological disputes or the latest Catholic controversy in the headlines The Church that Pope Francis envisions bruised hurting and dirty because it has been out on the streets can be found every day among Catholic advocates working on the border in the lives of young Catholics who question the church's teachings but who are active in social justice campaigns in the persistence of LGBTQ Catholics who carve out tenuous shelters in a church that doesn't accept their full humanity and in the experiences of seminarians who work in the fields with migrants as part of their religious formation Throughout the book incorporates profiles of these Catholics weaves in on the ground reporting and examines trends that are essential in understanding the Catholic experience in the United States By illuminating the stories of these Catholics the book provides a richer portrait of American Catholicism than most people see in the media as well as offering living examples of a pastoral and prophetic Catholicism that can serve as inspiration for more systemic reform and renewal

Reclaiming the Church Family Matthew T. Kimbrough, 2022-01-20 Why bother with church Can't I follow Jesus on my own Christians young and old struggle to answer these questions believing Scripture says little about church life But the Bible is far from silent The New Testament envisions a vibrant church of devoted brothers and sisters adopted into God's family The biblical image of the church family has the power to reshape everything our local churches do the ways pastors lead how members engage one another what worship leaders sing and much more Now is the time to reclaim a

The Future of Reason, Science and Faith J. Andrew Kirk, 2016-12-05 Focusing on the history of ideas this book explores important questions concerning knowledge in relation to philosophy science ethics and Christian faith Kirk contributes to the current debate about the intellectual basis and integrity of Western culture exploring controversial issues concerning the notions of

modernity and post modernity Repositioning the Christian faith as a valid dialogue partner with contemporary secular movements in philosophy and ethics Kirk seeks to show that in post Christian Europe the Christian faith still possesses intellectual resources worthy to be reckoned with This book s principal argument is that contemporary Western society faces a cultural crisis It explores what appears to be an historical enigma namely the question of why Western intellectual endeavours in philosophy and science seem to have abandoned the search for a source of knowledge able to draw together disparate pieces of information provided by different disciplines Kirk draws conclusions particularly in the area of ethical decision making from this apparent failure and invites readers to consider Christian theism afresh as a means for the renewal of culture and society The Life of Charles F. Parham, Founder of the Apostolic Faith Movement Sarah E. Parham,1985
