Reclamations Of Shakespeare Dqr Studies:

Reclamations of Shakespeare A. J. Hoenselaars, 1994 *Disguise on the Early Modern English Stage* Professor Peter Hyland, 2013-05-28 Disguise devices figure in many early modern English plays and an examination of them clearly affords an important reflection on the growth of early theatre as well as on important aspects of the developing nation In this study Peter Hyland considers a range of practical issues related to the performance of disguise He goes on to examine various conceptual issues that provide a background to theatrical disguise the relation of self and other the meaning of mask and performance He looks at many disguise plays under three broad headings He considers moral issues the almost universal association of disguise with evil social issues sumptuary legislation clothing and the theatre and constructions of class gender and national or racial identity and aesthetic issues disguise as an emblem of theatre and the significance of disguise for the dramatic artist The study serves to examine the significant ways in which disguise devices have been used in early modern drama in England Early Modern Drama and the Eastern European Elsewhere Monica Matei-Chesnoiu, 2009 This study explores how Eastern European spaces and meanings are constituted in specific cultural contexts in early modern English drama Focusing on the ways in which these texts integrate the articulation of Eastern European space and geography into a variety of interpretative conventions the book develops ways of thinking critically and reflexively about the production of knowledge and identity in Shakespeare and his contemporaries through representations of space in drama *Shakespeare's Drama of Exile* J. Kingsley-Smith, 2003-11-05 Exile defines the Shakespearean canon from *The Two Gentlemen of Verona* to *The Two Noble Kinsmen* This book traces the influences on the drama of exile examining the legal context of banishment pursued against Catholics gypsies and vagabonds in early modern England the self consciousness of exile as an amatory trope and the discourses by which exile could be reshaped into comedy or tragedy Across genres Shakespeare's plays reveal a fascination with exile as the source of linguistic crisis shaped by the utterance of that word Banished **Shakespeare's Late Plays** Jennifer Richards, 2019-08-07 This new collection reflects a resurgence of interest in Shakespeare's plays performed between 1608 and 1613 *Pericles Cymbeline The Winter's Tale The Tempest All is True Henry VIII The Two Noble Kinsmen* and *Cardenio* It offers a broad range of new historicist approaches touching upon key topics in current Shakespearean studies such as kinship relations manliness magic medico politics nationalism rhetoric schism sexuality and staging conventions The plays are explored both individually and within generic thematic and chronological groups Each author combines new research with their experience of teaching the plays offering innovative approaches to some well known works as well as encouraging readers to explore less familiar dramas such as *Pericles Cymbeline All is True* and *The Two Noble Kinsmen* The volume is unusual in its coverage of the lost late play *Cardenio* and considers its significance for our conception of the lateness of these plays This book will fill a large gap in the market for a broad ranging critical introduction to this important and increasingly popular area in Shakespeare's work and is suitable as a textbook for undergraduate

graduate and more general readers **Shakespeare's Visual Theatre** Frederick Kiefer, 2003-09-25 In this study of Shakespeare's visual culture Frederick Kiefer looks at the personified characters created by Shakespeare in his plays his walking talking abstractions These include Rumour in 2 Henry IV Time in The Winter's Tale Spring and Winter in Love's Labour's Lost Revenge in Titus Andronicus and the deities in the late plays All these personae take physical form on the stage the actors performing the roles wear distinctive attire and carry appropriate props The book seeks to reconstruct the appearance of Shakespeare's personified characters to explain the symbolism of their costumes and props and to assess the significance of these symbolic characters for the plays in which they appear To accomplish this reconstruction Kiefer brings together a wealth of visual and literary evidence including engravings woodcuts paintings drawings tapestries emblems civic pageants masques poetry and plays The book contains over forty illustrations of personified characters in Shakespeare's time

Novel Shakespeares Julie Sanders, 2001 Much recent contemporary fiction by women has appropriated and adapted themes and plot structures found in Shakespearean drama This is an innovative study of these texts It considers novels by authors set in locations covering the globe **Shakespeare on screen : Macbeth** Sarah HATCHUEL, Nathalie VIENNE-GUERRIN, Victoria BLADEN, 2013-12-20 This addition to the Shakespeare on Screen series reveals the remarkable presence of Macbeth in the global Shakespearean screenscape What is it about Macbeth that is capable of extending beyond Scottish contexts and speaking globally locally and globally Does the extensive adaptive reframing of Macbeth suggest the paradoxical irrelevance of the original play After examining the evident topic of the supernatural elements the witches and the ghost in the films the essays move from a revisitation of the well known American screen versions to an analysis of more recent Anglophone productions and to world cinema Asia France South Africa India Japan etc Questions of lineage and progeny are broached then extended into the wider issues of gender Finally ballet remediations filmic appropriations citations and mises en abyme of Macbeth are examined and the book ends with an analysis of a Macbeth script that never reached the screen Ce nouvel ouvrage de la s rie Shakespeare l cran r v le la pr sence remarquable de Macbeth dans le paysage filmique shakespearien l chelle mondiale Comment expliquer qu'une pi ce dont l intrigue est ancr e dans une nation l cosse ait pu tre absorb e par des cultures aussi diverses Les multiples adaptations de Macbeth sugg rent elles de mani re paradoxale une moindre pertinence de la pi ce originelle Apr s avoir explor la repr sentation des l ments surnaturels les sorci res et le fant me le volume revisite les films am ricains canoniques les productions anglophones plus r centes et les versions d autres aires culturelles Asie France Afrique du Sud Inde Japon etc Les questions de lign e et de descendance sont abord es puis prolong es dans des articles sur la repr sentation du genre Les versions dans es les appropriations les citations et les mises en abyme de Macbeth sont ensuite analys es et ce parcours m ne un trange objet un sc nario non film **A**
