**Jane Austen's Aunt Behind Bars** Stephen Wade, 2013 The collected essays explore the lives of several writers in Georgian and Victorian Britain in terms of their knowledge and experience of prison life This book focuses on the lives of the writers themselves or on the prison stretches endured by their relatives or acquaintances Some of these writers were locked up for debt while others were deprived of liberty for sedition or treason Here the reader will find amongst many other stories accounts of Dickens s father in debtors prison of Leigh Hunt living with his whole family in The Surrey House of Correction and of Oscar Wilde in Reading Gaol

**British Intelligence and the Fenians, 1855-1880** Padraic C Kennedy, 2024-11-26 Shows how mid Victorian efforts to gather information about the Fenians laid the foundation for later British domestic intelligence in both Ireland and mainland Britain British Intelligence and the Fenians provides the first narrative account of the sustained and systematic use of espionage and secret policing in response to Fenianism between 1855 and 1880 It shows that despite the absence of a formal separate political police force or permanent intelligence agency the British administration in Ireland created a sophisticated intelligence network to combat the revolutionary threat posed by the Fenian Brotherhood in America and the Irish Republican Brotherhood in Britain The hub of this intelligence network was the Irish administration s F Department which analysed thousands of reports about Fenianism from throughout Great Britain North America and continental Europe Authorities also established a corresponding separate and secret organization in London Such arrangement provided both Irish and English officials ready access to shared intelligence about Fenianism until the end of the 1870s However government s agents never managed to infiltrate the leadership of the Fenian organization in Ireland Such failure left Ireland s rulers uncertain about Fenian intentions and prone to resort to extra legal measures in response to perceived threats The book makes an invaluable contribution to our understanding of early political policing and espionage in Britain By examining in detail what information was collected how it was analysed and disseminated and the use policy makers made of it it more generally offers an interpretation of the role of intelligence in governing Ireland

**British Profession of Arms** Ian F. W. Beckett, 2018-10-25 You offer yourself to be slain General Sir John Hackett once observed remarking on the military profession This is the essence of being a soldier For this reason as much as any other the British army has invariably been seen as standing apart from other professions and sometimes from society as a whole A British Profession of Arms effectively counters this view In this definitive study of the late Victorian army distinguished scholar Ian F W Beckett finds that the British soldier like any other professional was motivated by considerations of material reward and career advancement Within the context of debates about both the evolution of Victorian professions and the nature of military professionalism Beckett considers the late Victorian officer corps as a case study for weighing distinctions between the British soldier and his civilian counterparts Beckett examines the role of personality politics and patronage in the selection and promotion of officers He looks too at the internal and external influences that extended from the press and public opinion to the rivalry of the so called rings of adherents of major figures such as Garnet Wolseley and Frederick Roberts In particular he considers these processes at play in high command in the Second Afghan War 1878 81 the Anglo Zulu War 1879 and the South African War 1899 1902 Based on more than thirty years of research into surviving official semiofficial and private correspondence Beckett s work offers an intimate and occasionally amusing picture of what might affect an officer s career wealth wives and family status promotion boards and strategic preferences performance in the field and diplomatic outcomes It is a remarkable depiction of the British profession of arms unparalleled in breadth depth and detail
