Recollections Of The Golden Triangle:

Recollections of the Golden Triangle Alain Robbe-Grillet. 2015-06-23 Could be read as the French New Novelist s tribute to the vibrant Latin American fiction that his own early works helped to inspire The New York Times Book Review A provocative novel by one of the most influential French writers Recollections of the Golden Triangle is a tour de force a literary thriller constructed of wildly diverse elements fantasy and dream erotic invention and the stuff of popular fiction and movies taken to its farthest limits A secret door that is opened slightly by an electronic device a beautiful hanged factory girl a pale young aristocrat whose blood apparently nourishes his vampiric lover the evil Dr Morgan who conducts his experiments in tertiary dream behavior the beautiful and sinister women from the world of horror films and the investigating police who are not all what they seem to be are just some of the ingredients of this intriguing new novel by the French master of the intellectual thriller whose novels and films have effectively changed the way we can look at the real world today Recollections of the Golden Triangle challenges the reader to find his own meaning in its descriptions clues and contradictions and to play detective by assembling the pieces of the fictional puzzle If you make the effort to read Recollections of a Golden Triangle you will have a richer and more rewarding experience than you would reading a conventional mystery story St Louis Post Dispatch A sense of atmosphere and a power of representation that at best make one feel that one is looking over an artist s shoulder with one eye on the canvas and the other on the reality that he is sketching The Times <u>Understanding Alain Robbe-Grillet</u> Roch C. Smith, 2000 Transforming bewilderment into understanding and pleasure while preserving a sense of Robbe Grillet's considerable richness and complexity Smith elucidates the defining elements of the writer's fictional world characters that barely exist changeable narrators plots that defy logic notoriously meticulous descriptions that never quite form a complete story Smith examines Robbe Grillet's embrace of discontinuity circularity indeterminacy and linguistic play Smith also poses questions about how we should view this perplexing writer as an author of hyperobjective novels and short stories a subjective novelist a realist or a writer who undermines the narrative s claim to represent reality In addition Smith evaluates the sado erotic imagery of Robbe Grillet s middle and late novels as a metaphorical play with textual and social conventions BOOK JACKET The Voveur Alain Robbe-Grillet, 2015-06-23 The winner of the Prix des Critiques from the French avant garde author of Jealousy Robbe Grillet is the forerunner of a revolution in the novel Claude Mauriac cultural critic for Le Figaro Mathias a timorous ineffectual traveling salesman returns to the island of his birth after a long absence Two days later a thirteen year old girl is found drowned and mutilated With eerie precision Robbe Grillet puts us at the scene of the crime and takes us inside Mathias s mind artfully enlisting us as detective hot on the trail of a homicidal maniac A triumphant display of the techniques of the new novel The Voyeur achieves the impossible feat of keeping us utterly engrossed in the mystery of the child's murder while systematically raising doubts about whether it really occurred The suspense keeps us on tenterhooks The New York Times

Book Review I can think of no other writer who can render the banal so fearfully fantastic In the subtlest slyest and most sheerly delightful way he persuades us to look anew at the commonplace Books and Bookmen Praise for Alain Robbe Grillet Robbe Grillet's theories constitute the most ambitious aesthetic program since Surrealism John Updike Pulitzer Prize winner Robbe Grillet is important because he has attacked the last bastion of the traditional art of writing the organization of literary space Roland Barthes influential literary theorist Robbe Grillet was a master at conveying human misunderstanding Bernard Henri L vy public intellectual author and filmmaker I doubt that fiction as art can any longer be seriously discussed without A Dictionary of the Avant-Gardes ,2013-05-13 A Dictionary of the Avant Gardes Robbe Grillet The New York Times recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture The A to Z of Postmodernist Literature and Theater Fran Mason, 2009-07-23 Postmodernist literature embraces a wide range of forms and perspectives including texts that are primarily self reflexive texts that use pastiche burlesque parody intertextuality and hybrid forms to create textual realities that either run in opposition to or in parallel with an external reality fabulations that develop both of these strategies texts that ironize their relationship to reality works that use the aspects already noted to more fully engage with political or cultural realities texts that deal with history as a fiction and texts that elude categorization even within the variety already explored For example in fiction a postmodernist novel might tell a story about a writer struggling with writing only perhaps to find that he is a character in a book by another writer struggling to write a book The A to Z of Postmodernist Literature and Theater examines the different areas of postmodernist literature and the variety of forms that have been produced This is accomplished through a chronology an introductory essay a bibliography and several hundred cross referenced dictionary entries on individual postmodernist writers the important postmodernist aesthetic practices significant texts produced throughout the history of postmodernist writing and important movements and ideas that have created a variety of literary approaches within the form By placing these concerns within the historical philosophical and cultural contexts of postmodernism this reference explores the frameworks within which postmodernist literature of the late twentieth and early twenty first century operates **Historical Dictionary of Postmodernist Literature and Theater** Fran Mason,2016-12-12 The main aim of the book has been to include writers movements forms of writing and textual strategies critical ideas and texts that are significant in relation to postmodernist literature In addition important scholars journals and cultural processes have been included where these are felt to be relevant to an understanding of postmodernist writing This second edition of Historical Dictionary of Postmodernist Literature and Theater contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on postmodernist writers the important postmodernist aesthetic practices significant texts produced throughout the history of postmodernist writing and important movements and ideas that have created a variety of literary approaches within the form This book is an excellent access point
