Reconsidering American Politics:

Reconsidering American Political Thought Saladin Ambar, 2019-11-11 Filling in the missing spaces left by traditional textbooks on American political thought Reconsidering American Political Thought uses race gender and ethnicity as a lens through which to engage ongoing debates on American values and intellectual traditions Weaving document based texts analysis with short excerpts from classics in American literature this book presents a re examination of the political and intellectual debates of consequence throughout American history Purposely beginning the story in 1619 Saladin Ambar reassesses the religious political and social histories of the colonial period in American history Thereafter Ambar moves through the story of America with each chapter focusing on a different era in American history up to the present day Ambar threads together analysis of periods including Thomas Jefferson s aspiration to create an Empire of Liberty the ethnic racial and gender based discourse instrumental in creating a Yankee industrial state between 1877 and 1932 and the intellectual cultural and social forces that led to the political rise of Ronald Reagan and Barack Obama in recent decades In closing Ambar assesses the prospects for a new more invigorated political thought and discourse to reshape and redirect national energies and identity in the Trump presidency Reconsidering American Political Thought presents a broad and subjective view about critical arguments in American political thought giving future generations of students and lecturers alike an inclusive understanding of how to teach research study and think about American political thought Reconsidering

American Politics Nicholas L. Henry, John S. Hall, 1985-01-01 **Reconsidering American Liberalism** James Young, 2018-02-06 Forty years ago Louis Hartz surveyed American political thought in his classic The Liberal Tradition in America He concluded that American politics was based on a broad liberal consensus made possible by a unique American historical experience a thesis that seemed to minimize the role of political conflict Today with conflict on the rise and with much of liberalism in disarray James P Young revisits these questions to reevaluate Hartz s interpretation of American politics Young s treatment of key movements in our history especially Puritanism and republicanism s early contribution to the Revolution and the Constitution demonstrates in the spirit of Dewey and others that the liberal tradition is richer and more complex than Hartz and most contemporary theorists have allowed The breadth of Young s account is unrivaled Reconsidering American Liberalism gives voice not just to Locke Jefferson Hamilton Madison Lincoln and Dewey but also to Rawls Shklar Kateb Wolin and Walzer In addition to broad discussions of all the major figures in over 300 years of political thought with Lincoln looming particularly large Young touches upon modern feminism and conservatism multiculturalism postmodernism rights based liberalism and social democracy Out of these contemporary materials Young synthesizes a new position a smarter and tougher liberalism not just forged from historical materials but reshaped in the rough and tumble of contemporary thought and politics This exceptionally timely study is both a powerful survey of the whole of U S political thought and a trenchant critique of contemporary political debates At a time of acrimony and confusion in our national

politics Young enables us to see that salvaging a viable future depends upon our understanding how we have reached this point Never without his own opinions Young is scrupulously fair to the widest range of thinkers and marvelously clear in getting to the heart of their ideas Although his book is a substantial contribution to political theory and the history of ideas it is always accessible and lively enough for the informed general reader It is essential reading for anyone who cares about the future of U S political thought or indeed about the future of the country itself

Reconsidering American Civil-military Relations Lionel Beehner, Risa Brooks, Daniel Maurer (Major), 2021 This book explores contemporary civil military relations in the United States Much of the canonical literature on civil military relations was either written during or references the Cold War while other major research focuses on the post Cold War era or the first decade of the twenty first century A great deal has changed since then This book considers the implications for civil military relations of many of these changes Specifically it focuses on factors such as breakdowns in democratic and civil military norms and conventions intensifying partisanship and deepening political divisions in American society as well as new technology and the evolving character of armed conflict Chapters are organized around the principal actors in civil military relations and the book includes sections on the military civilian leadership and the public It explores the roles and obligations of each The book also examines how changes in contemporary armed conflict influence civil military relations Chapters in this section examine the cyber domain grey zone operations asymmetric warfare and emerging technology The book thus brings the study of civil military relations into the contemporary era in which new geopolitical realities and the changing character of armed conflict combine with domestic political tensions to test if not potentially redefine those relations

Reconsidering American Power John D. Kelly, Kurt Jacobsen, Marston H. Morgan, 2019-12-05 Postcolonial studies postmodern studies even posthuman studies emerge and intellectuals demand that social sciences be remade to address fundamentals of the human condition from human rights to global environmental crises Since these fields owe so much to American state sponsorship is it easier to reimagine the human and the modern than to properly measure the pervasive American influence Reconsidering American Power offers trenchant studies by renowned scholars who reassess the role of the social sciences in the construction and upkeep of the Pax Americana and the influence of Pax Americana on the social sciences With the thematic image for this enterprise as the fiery hunt for Ahab's whale the contributors pursue realities behind the theories and reconsider the real origins and motives of their fields with an eye on what will deter or repurpose the fiery hunts to come by offering a critical insider's view

Reconsidering Flannery O'Connor Alison Arant, Jordan Cofer, 2020-11-24 Contributions by Lindsay Alexander Alison Arant Alicia Matheny Beeson Eric Bennett Gina Caison Jordan Cofer Doug Davis Doreen Fowler Marshall Bruce Gentry Bruce Henderson Monica C Miller William Murray Carol Shloss Alison Staudinger and Rachel Watson The National Endowment for the Humanities has funded two Summer Institutes titled Reconsidering Flannery O'Connor which invited scholars to rethink approaches to Flannery O'Connor's work Drawing largely on research that started as part of the 2014 NEH Institute this

collection shares its title and its mission Featuring fourteen new essays *Reconsidering Flannery O'Connor* disrupts a few commonplace assumptions of O'Connor studies while also circling back to some old questions that are due for new attention The volume opens with *New Methodologies* which features theoretical approaches not typically associated with O'Connor's fiction in order to gain new insights into her work The second section *New Contexts* stretches expectations on literary genre on popular archetypes in her stories and on how we should interpret her work The third section lovingly called *Strange Bedfellows* puts O'Connor in dialogue with overlooked or neglected conversation partners while the final section *O'Connor's Legacy* reconsiders her personal views on creative writing and her wishes regarding the handling of her estate upon death With these final essays the collection comes full circle attesting to the hazards that come from overly relying on O'Connor's interpretation of her own work but also from ignoring her views and desires Through these reconsiderations some of which draw on previously unpublished archival material the collection attests to and promotes the vitality of scholarship on Flannery O'Connor

American Social and Political Thought Andreas Hess, 2003-04 This concise comprehensive primer on modern American social and political thought is the ideal introduction to the rich intellectual tradition of the United States Andreas Hess helps the reader to understand of American culture and politics through careful exploration of key and theorists In the first half of the book he focuses on the core traditions of American social and political thought American exceptionalism Calvinist Protestantism republicanism liberalism and 20th century pragmatism The second half of the book applies these traditions to a broad range of 20th century conditions and issues power and democracy justice and injustice multiculturalism and pluralism civil society social theory and the role of the intellectual The works of some of the most influential figures in the field such as De Tocqueville Lipset Arendt Hartz Pocock Dewey Moore Rawls Walzer Rorty and Alexander are drawn upon to illustrate the theories and issues being discussed Accessibly written and jargon free this treatment will be useful for students and scholars alike

The Handbook of Social Policy James Midgley, Michelle Livermore, 2009 The Handbook of Social Policy is a comprehensive examination of the development implementation and impact of social policy The contributors document the substantial body of knowledge about government social policies and their driving forces

The 21st Century Constitution Barry Krusch, 1992 The author argues that if not amended inherent defects in the U.S. Constitution threaten to affect every American citizen with a pending national crisis Krusch analyzes the Constitution clause by clause and proposes amendments to bring the document and our government in step with America in an Information Age Stanhope Press

Politics and Vision Sheldon S. Wolin, 2016-09-12 *Politics and Vision* is a landmark work by one of the great thinkers of the twentieth century This is a significantly expanded edition of one of the greatest works of modern political theory Sheldon Wolin's *Politics and Vision* inspired and instructed two generations of political theorists after its appearance in 1960 Substantially expanded for republication in 2004 it is both a sweeping survey of Western political thought and a powerful account of contemporary predicaments of power and democracy In lucid and

compelling prose Sheldon Wolin offers original subtle and often surprising interpretations of political theorists from Plato to Rawls Situating them historically while sounding their depths he critically engages their diverse accounts of politics theory power justice citizenship and institutions The new chapters which show how thinkers have grappled with the immense possibilities and dangers of modern power are themselves a major theoretical statement They culminate in Wolin's remarkable argument that the United States has invented a new political form inverted totalitarianism in which economic rather than political power is dangerously dominant In this expanded edition the book that helped to define political theory in the late twentieth century should energize enlighten and provoke generations of scholars to come Wolin originally wrote *Politics and Vision* to challenge the idea that political analysis should consist simply of the neutral observation of objective reality He argues that political thinkers must also rely on creative vision Wolin shows that great theorists have been driven to shape politics to some vision of the Good that lies outside the existing political order As he tells it the history of theory is thus in part the story of changing assumptions about the Good Acclaimed as a tour de force when it was first published and a major scholarly event when the expanded edition appeared *Politics and Vision* will instruct inspire and provoke for generations to come

Life in the U.S. Armed Forces Anni Baker, 2007-12-30 Anni Baker has created a fascinating exploration of life in the armed forces as it has been experienced by millions of men women and children over the past six decades Her book examines the factors that shape military service and military culture from grueling training exercises to sexual relations with local women from overseas duty to the peculiar life of the military brat The book begins with an examination of the enlistment process follows the military lifecycle through career decisions promotions raising families and retirement explores the impact of war on military society and ends with a discussion of the place of the armed forces in the United States A wide variety of sources were used in this study including contemporary scholarship government and military records public media and most important interviews and written materials from military personnel retirees family members and civilian employees Using a lively and readable style Baker blends clear explanations of elements of military life information on the development of military society and the voices of those who serve into an insightful account of this fascinating subculture It is the author's view that not only is study of the U S military a valuable undertaking in itself but in addition it will enrich our perspective on civilian life and culture in the United States The military is a distinct society based on a set of common values that are sometimes though not always at odds with those of civilian society The extent to which active duty personnel family members and civilians internalize these values dictates their comfort with military life and their choice of a military career Through a discussion of life in the military Baker examines how the values traditions and norms of the armed forces are articulated and shared how they influence the individual and the institution and what their role is in American society as a whole

The Debate Over Slavery David F Ericson, 2000-12-01 Frederick Douglass and George Fitzhugh disagreed on virtually every major issue of the day On slavery women's rights and the preservation of the Union

their opinions were diametrically opposed Where Douglass thundered against the evils of slavery Fitzhugh counted its many alleged blessings in ways that would make modern readers cringe What then could the leading abolitionist of the day and the most prominent southern proslavery intellectual possibly have in common According to David F Ericson the answer is as surprising as it is simple liberalism In The Debate Over Slavery David F Ericson makes the controversial argument that despite their many ostensible differences most Northern abolitionists and Southern defenders of slavery shared many common commitments to liberal principles to the nation to the nation's special mission in history and to secular progress He analyzes side by side pro and antislavery thinkers such as Lydia Marie Child Frederick Douglass Wendell Phillips Thomas R Dew and James Fitzhugh to demonstrate the links between their very different ideas and to show how operating from liberal principles they came to such radically different conclusions His raises disturbing questions about liberalism that historians philosophers and political scientists cannot afford to ignore

Venture Meets Mission Arun Gupta, Gerard George, Thomas Fewer, 2024-01-09 The world is facing dramatic geopolitical environmental and technological shifts Venture Meets Mission argues that if Business Government and Society come together rebuild trust and collaborate we have a generational opportunity to address societal challenges climate change cybersecurity disease outbreaks food insecurity and education The book explains with hope and passion how our existing entrepreneurial ecosystem with the ideals of democracy can be the foundation for a new mission driven capitalism The good news is the components of this problem solving ecosystem already exist The authors explain what is required to join people purpose and profit together for world changing impact starting with rebuilding trust among Business Government and Society The authors draw on their leadership experience with Silicon Valley innovation venture capital and work at the highest levels of the federal government The book tells engaging stories of successful entrepreneurs with diverse perspectives and intersectional experiences who combine mission and venture to solve critical societal problems This book seeks to inspire a generation of students young professionals and entrepreneurial executives to pursue mission driven ventures that can make the world a better place Venture Meets Mission also explains why and how forward thinking government officials and policymakers can harness private sector entrepreneurship and innovation to solve society's problems

Dangerous Instrument Michael A. Robinson, 2023 As increasingly contentious politics in the United States raise concerns over the politicization of traditionally non partisan institutions many have turned their attention to how the American military has been and will be affected by this trend Since a low point following the end of the Vietnam War the U S military has experienced a dramatic reversal of public opinion becoming one of the most trusted institutions in American society However this trend is more complicated than it appears just as individuals have become fonder of their military they have also become increasingly polarized from one another along partisan lines The result is a new political environment rife with challenges to traditional civil military norms In a data driven analysis of contemporary American attitudes Dangerous Instrument examines the current state of U S civil military affairs probing how the public

views their military and the effect that partisan tribalism may have on that relationship in the future Michael A Robinson studies the sources and potential limits of American trust in the armed services focusing on the interplay of the public political parties media outlets and the military itself on the prospect of politicization and its associated challenges As democratic institutions face persistent pressure worldwide Dangerous Instrument provides important insights into the contemporary arc of American civil military affairs and delivers recommendations on ways to preserve a non partisan military

Rethinking policy and politics Ayres, Sarah,2014-07-21 In recent years the nature of policy and politics has witnessed significant transformations These have challenged perceptions about the ways in which policy is studied designed delivered and appraised This book the first in the New Perspectives in Policy and Politics series brings together world leading scholars to reflect on the implications of some of these developments for the field of policy studies and the world of practice First published as a special issue of Policy Politics the book offers critical reflections on the recent history and future direction of policy studies It advances the debate by rethinking the ways in which scholars and students of policy studies can re engage with pertinent issues in pursuit of both scholarly excellence and practical solutions to global policy problems *Urban*

Political Economy Kenneth Newton,2013-11-07 The study of urban political economy needs no justification for cities are the heart and arguably the soul of our civilization and their political and economic conditions are the linchpins of its existence But how should we study urban political economy Urban Political Economy deals with different nations Belgium Denmark France Norway the UK and the USA and with different problems expenditure patterns service provision economic development fiscal strain budgetary cuts and borrowing systems but they all agree on two fundamental points about the study of their subject matter first that the urban economy cannot be understood outside its political context just as urban politics cannot be understood without its economic background and second that the local and the national are knitted together so closely and so tightly that it is necessary to think of them as forming a single system Urban Political Economy explores the idea of the fusion of factors by demonstrating the extent to which local and national conditions react upon one another to analyze the urban political economy **America's National Debt** Thomas Arndt,2022-10-18 This vital resource

is devoted to providing nonpartisan objective analysis of the national debt including leading drivers of the debt the budgetary process and claims and counter claims about national debt benefits and drawbacks This indispensable resource provides readers with a clear and unbiased understanding of the national debt and its relationship to the U S economic system The book addresses the foundations and major elements of America s budgetary process details how government taxing and spending priorities impact the nation s debt explains the difference between deficits and debt and summarizes dominant conservative and liberal economic perspectives on the national debt and related fiscal issues Utilizing authoritative resources and accessible lay friendly terminology this book punctures popular myths and misconceptions about the national debt But it also shines a light on the numerous economic social and political drivers of our national conversation about the debt and the

ways in which the national debt is likely to influence the lives of future generations of Americans At a time when American political discourse often descends into fact free zones of wishful thinking and deceptive claims this book provides information for readers to truly understand the national debt

Rethinking World Politics Philip G. Cerny, 2010-03-24 Rethinking World Politics is a major intervention into a central debate in international relations how has globalization transformed world politics Most work on world politics still presumes the following in domestic affairs individual states function as essentially unified entities and in international affairs stable nation states interact with each other In this scholarship the state lies at the center it is what politics is all about However Philip Cerny contends that recent experience suggests another process at work transnational neopluralism In the old version of pluralist theory the state is less a cohesive and unified entity than a varyingly stable amalgam of competing and cross cutting interest groups that surround and populate it Cerny explains that contemporary world politics is subject to similar pressures from a wide variety of sub and supra national actors many of which are organized transnationally rather than nationally In recent years the ability of transnational governance bodies NGOs and transnational firms to shape world politics has steadily grown Importantly the rapidly growing transnational linkages among groups and the emergence of increasingly influential even powerful cross border interest and value groups is new These processes are not replacing nation states but they are forging new transnational webs of power States he argues are themselves increasingly trapped in these webs After mapping out the dynamics behind contemporary world politics Cerny closes by prognosticating where this might all lead Sweeping in its scope Rethinking World Politics is a landmark work of international relations theory that upends much of our received wisdom about how world politics works and offers us new ways to think about the forces shaping the contemporary world

Reconsidering American Liberalism James Young, 2018-02-06 Forty years ago Louis Hartz surveyed American political thought in his classic The Liberal Tradition in America He concluded that American politics was based on a broad liberal consensus made possible by a unique American historical experience a thesis that seemed to minimize the role of political conflict Today with conflict on the rise and with much of liberalism in disarray James P Young revisits these questions to reevaluate Hartz's interpretation of American politics Young's treatment of key movements in our history especially Puritanism and republicanism's early contribution to the Revolution and the Constitution demonstrates in the spirit of Dewey and others that the liberal tradition is richer and more complex than Hartz and most contemporary theorists have allowed The breadth of Young's account is unrivaled Reconsidering American Liberalism gives voice not just to Locke Jefferson Hamilton Madison Lincoln and Dewey but also to Rawls Shklar Kateb Wolin and Walzer In addition to broad discussions of all the major figures in over 300 years of political thought with Lincoln looming particularly large Young touches upon modern feminism and conservatism multiculturalism postmodernism rights based liberalism and social democracy Out of these contemporary materials Young synthesizes a new position a smarter and tougher liberalism not just forged from historical materials but reshaped in the rough and tumble of

contemporary thought and politics This exceptionally timely study is both a powerful survey of the whole of U S political thought and a trenchant critique of contemporary political debates At a time of acrimony and confusion in our national politics Young enables us to see that salvaging a viable future depends upon our understanding how we have reached this point Never without his own opinions Young is scrupulously fair to the widest range of thinkers and marvelously clear in getting to the heart of their ideas Although his book is a substantial contribution to political theory and the history of ideas it is always accessible and lively enough for the informed general reader It is essential reading for anyone who cares about the future of U S political thought or indeed about the future of the country itself

The Roots of American Individualism

Alex Zakaras, 2024-08-20 A panoramic history of American individualism from its nineteenth century origins to today's bitterly divided politics Individualism is a defining feature of American public life Its influence is pervasive today with liberals and conservatives alike promising to expand personal freedom and defend individual rights against unwanted intrusion be it from big government big corporations or intolerant majorities The Roots of American Individualism traces the origins of individualist ideas to the turbulent political controversies of the Jacksonian era 1820 1850 and explores their enduring influence on American politics and culture Alex Zakaras plunges readers into the spirited and rancorous political debates of Andrew Jackson's America drawing on the stump speeches newspaper editorials magazine articles and sermons that captivated mass audiences and shaped partisan identities He shows how these debates popularized three powerful myths that celebrated the young nation as an exceptional land of liberty the myth of the independent proprietor the myth of the rights bearer and the myth of the self made man The Roots of American Individualism reveals how generations of politicians pundits and provocateurs have invoked these myths for competing political purposes Time and again the myths were used to determine who would enjoy equal rights and freedoms and who would not They also conjured up heavily idealized apolitical visions of social harmony and boundless opportunity typically centered on the free market that have distorted American political thought to this day

Reconsidering American Politics Introduction

In today's digital age, the availability of Reconsidering American Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reconsidering American Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reconsidering American Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reconsidering American Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reconsidering American Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reconsidering American Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reconsidering American Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reconsidering American Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reconsidering American Politics books and manuals for download and embark on your journey of knowledge?

FAQs About Reconsidering American Politics Books

1. Where can I buy Reconsidering American Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reconsidering American Politics book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
