

RECONSTRUCTION

A PLEA FOR
A NATIONAL POLICY

BY

Harold Macmillan

M.P.

This book embodies the author's view that a new economic system is required to meet the changed conditions of the modern world. He believes that the fundamental aspect of the reconstruction must be opposed not by a negative attitude, but by constructive proposals which appeal to the reason and intelligence of the nation. His belief, moreover, that even if the present Trade revival should succeed the most optimistic anticipations, some new economic policy is essential to recovery and stability.

Reconstruction A Plea For A National Pol

Andrew Williams

Reconstruction A Plea For A National Pol:

English Conservatism Since the Restoration Robert Eccleshall, 2002-09-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company

Harold Macmillan: Aspects of a Political Life R. Aldous, S. Lee, 1999-06-07 Even 35 years after Harold Macmillan's resignation in 1963 opinions are sharply divided over his achievements as a politician and prime minister This volume contributes to the debate about Macmillan's political role his successes and his failures by examining key aspects of his political life Biographers historians and contemporaries present facets of Macmillan's life his political visions his skills successes and failures in his personal life as well as in his domestic and foreign policies With most official papers covering his active political life until his resignation now in the public domain a more considered judgement about his party political and his governmental activities is possible Taking account of this newly available documentary evidence there is much yet to be written on Harold Macmillan's career but this collection bears witness to the fact that his was a magnificent life

Scottish Unionist Ideology 1886-1965 Jonathan Wales, 2021-07-16 Diese Monografie untersucht das politische Denken und die geistesgeschichtliche Entwicklung der schottischen Unionisten in der Zeit von 1885 1886 bis 1965 Sie bietet eine analytische Untersuchung der unionistischen Positionen wobei Bereiche wie politische Geschichte Ekklesiologie Sektierertum Geschichtsschreibung und unionistisch nationalistische Gefühle untersucht werden Der Autor kontextualisiert das unionistische Denken innerhalb der Geschichte Schottlands und bietet Erkenntnisse die sowohl auf Archiv und Primärforschung als auch auf einem gründlichen historiographischen Hintergrund beruhen Er untersucht die Komplexität des schottischen Unionismus in dieser entscheidenden Phase zwischen der Spaltung der Liberalen Partei über die Irish Home Rule bis zur Reorganisation der Scottish Unionist Party im Jahr 1965 Anhand des unionistischen Diskurses in dieser Zeit zeigt er die Komplexität der verfassungsrechtlichen und kulturellen Beziehungen Schottlands mit dem Rest des Vereinigten Königreichs auf

Ideological Heritage W. H. Greenleaf, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

The Politics of Retirement in Britain, 1878-1948 John Macnicol, 2002-04-18 A very important and thorough analysis of the debate on retirement and state pensions in Britain

The Politics of Planning Daniel Ritschel, 1997 The concept of economic planning was a central theme of the popular economic policy debate in the 1930s Dr Ritschel traces the many interpretations of planning and examines the process of ideological construction and dissemination of the new economic ideas He concludes with an explanation of the planners' retreat later in the decade from the economics of planning towards the far less ambitious but also less contentious alternative the middle way of Keynesian economics

Industrial Germany Hermann Levy, 2013-09-12 Originally published in 1935 this book presents the origins and structure of the industrial quasi monopoly in Germany in contrast to similar organizations in contemporary England Levy discusses industrial cartels in a variety of fields from film to steel and the shift in public opinion on the acceptability of monopolies This book will be of value to anyone with an interest in German economic

or industrial history *Liberalism and War* Andrew Williams, 2013-04-03 Military power is now the main vehicle for regime change The US army has been used on more than 30 different occasions in the post Cold War world compared with just 10 during the whole of the Cold War era Leading scholar Andrew Williams tackles contemporary thinking on war with a detailed study on liberal thinking over the last century about how wars should be ended using a vast range of historical archival material from diplomatic other official and personal papers which this study situates within the debates that have emerged in political theory He examines the main strategies used at the end and in the aftermath of wars by liberal states to consolidate their liberal gains and to prevent the re occurrence of wars with those states they have fought This new study also explores how various strategies revenge restitution reparation restraint retribution reconciliation and reconstruction have been used by liberal states not only to defeat their enemies but also transform them This is a major new contribution to contemporary thinking and action This book will be of great interest to all students and scholars of politics international relations and security studies

Welfare and Social Policy in Britain Since 1870 Lawrence Goldman, 2019-01-24 This collection of twelve essays reviews the history of welfare in Britain over the past 150 years It focuses on the ideas that have shaped the development of British social policy and on the thinkers who have inspired and also contested the welfare state It thereby constructs an intellectual history of British welfare since the concept first emerged at the end of the nineteenth century The essays divide into four sections The first considers the transition from laissez faire to social liberalism from the 1870s and the enduring impact of late Victorian philosophical idealism on the development of the welfare state It focuses on the moral philosophy of T H Green and his influence on key figures in the history of British social policy like William Beveridge R H Tawney and William Temple The second section is devoted to the concept of planning which was once in the mid twentieth century at the heart of social policy and its implementation but which has subsequently fallen out of favour A third section examines the intellectual debate over the welfare state since its creation in the 1940s Though a consensus seemed to have emerged during the Second World War over the desirability and scope of a welfare state extending from the cradle to the grave libertarian and conservative critiques endured and re emerged a generation later A final section examines social policy and its implementation more recently both at grass roots level in a study of community action in West London in the districts made infamous by the fire at Grenfell Tower in 2017 and at a systemic level where different models of welfare provision are shown to be in uneasy co existence today The collection is a tribute to Jose Harris emeritus professor of history in the University of Oxford and a pioneer of the intellectual history of social policy Taken together these essays conduct the reader through the key phases and debates in the history of British welfare

Liberalism and War Andrew J. Williams, 2024-12-27 In this book leading scholar Andrew J Williams examines contemporary liberal thinking on the ending of wars and puts it into its historical context Using a vast range of archival material he examines the main strategies used by liberal states to consolidate their gains in the aftermath of war and prevent conflict re occurring Considering historical wars from the

nineteenth century to the withdrawal from Afghanistan in 2021 and the war in Ukraine since 2022 Williams explores the continuities and changes within western liberalism in response to war and the encouragement of peace These include in recent times the emergence of neoliberalism a growing revulsion against humanitarian intervention and the evolution of legal attempts to control illiberal regimes He shows how liberalism and the articulation of international norms and institutions sprang out of historical traditions linked to colonialism but also out of a desire to promote liberty and justice He examines the attitudes and practices that have distorted liberalism's essentially emancipatory nature into one that has encouraged hubris in foreign policy and an increasingly divisive set of economic political and social policies He suggests that a new liberal impulse to encourage the spread of democracy and international justice is possible one that returns to a more realistic approach to intervention in international conflicts The book will appeal to scholars and students of war conflict and political theory interested in the historical perceptions at the heart of many of the mistakes made by liberalism in the ending of wars It will also give hope to those who still believe that liberalism can be the organising feature of a just and equitable world order

The Cambridge Social History of Britain, 1750-1950 F. M. L. Thompson, 1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians they have had no difficulty in finding their subject The difficulty rather is that an outpouring of research and writing is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of topical monographic research and presented an interpretation of the development of modern British society since 1750 from three perspectives those of regional communities the working and living environment and social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change

Veteran MPs and Conservative Politics in the Aftermath of the Great War Richard Carr, 2016-03-03 Between 1918 and 1939 448 men who performed uniformed service in the First World War became Conservative MPs This relatively high profile cohort have been under explored as a distinct body yet a study of their experiences of the war and the ways in which they and the Conservative Party represented those experiences to the voting public reveals much about the political culture of Interwar Britain and the use of the Great War as political capital Radicalised ex servicemen have thus far been considered a rather continental phenomenon historiographically And whilst attitudes to Hitler and Mussolini form part of this analysis the study also explores why there were fewer such types in Britain The Conservative Party it will be shown played a crucial part in such a process with British politics serving as a contested space for survivors interpretations of what the war should mean

Universal Human Rights in Theory and Practice Jack Donnelly, 2013-04-12 In the third edition of his classic work revised extensively and updated to include recent developments on the international scene Jack Donnelly explains and defends a richly

interdisciplinary account of human rights as universal rights He shows that any conception of human rights and the idea of human rights itself is historically specific and contingent Since publication of the first edition in 1989 *Universal Human Rights in Theory and Practice* has justified Donnelly's claim that conceptual clarity the fruit of sound theory can facilitate action At the very least it can help to unmask the arguments of dictators and their allies *Popular Conservatism and the Culture of National Government in Inter-War Britain* Geraint Thomas, 2020-11-05 A radical reading of British Conservatives fortunes between the wars exploring how the party adapted to mass democracy after 1918 *Nine Lives of Neoliberalism* Dieter Plehwe, Quinn Slobodian, Philip Mirowski, 2020-05-26 Neoliberalism is dead Again After the election of Trump and the victory of Brexit in 2016 many diagnosed the demise of the ideology of Margaret Thatcher Ronald Reagan Augusto Pinochet and the WTO Yet the philosophy of the free market and the strong state has an uncanny capacity to survive and even thrive in crisis Understanding neoliberalism's longevity and its latest permutation requires a more detailed understanding of its origins and its varieties This volume breaks with the caricature of neoliberalism as a simple belief in market fundamentalism and homo economicus to show how neoliberal thinkers perceived institutions from the family to the university disagreed over issues from intellectual property rights and human behavior to social complexity and monetary order and sought to win consent for their project through the creation of new honors disciples and networks Far from a monolith neoliberal thought is fractured and occasionally even at war with itself We can begin by making sense of neoliberalism's nine lives by sorting out its own tangled histories **The Twentieth-Century Welfare State** David Gladstone, 1999-05-27 The welfare state has been one of the most significant developments in twentieth century Britain Drawing on much recent research *The Twentieth Century Welfare State* narrates its principal changes and provides a thematic historical introduction to issues of finance and funding providers and users and the role of the welfare state as a system of social stratification Change and continuity are central themes while the moving frontier between the state and other suppliers in the mixed economy of twentieth century welfare is also analysed **Fifty Key Figures in Twentieth-century British Politics** Keith Laybourn, 2002 Reflecting the changes within British society politics during the 20th century the entries in this book provide an overview of the lives influence of 50 figures in modern British political history chart the development of key issues **New Political Ideas in the Aftermath of the Great War** Alessandro Salvador, Anders G. Kjølsetvedt, 2016-11-10 This edited collection presents new research on how the Great War and its aftermath shaped political thought in the interwar period across Europe Assessing the major players of the war as well as more peripheral cases the contributors challenge previous interpretations of the relationship between veterans and fascism and provide new perspectives on how veterans tried to promote a new political and social order Those who had frontline experience of the First World War committed themselves to constructing a new political and social order in war torn Europe shaped by their experience of the war and its aftermath A number of them gave voice to the need for a world order free from political and social conflict and all over Europe veterans imagined a third way

between capitalist liberalism and state controlled socialism By doing so many of them moved towards emerging fascist movements and became in some case unwillingly the heralds of totalitarian dictatorships British Agricultural Policy, 1912-36 Andrew Fenton Cooper, 1989 Great Britain: the Lion at Home Joel H. Wiener, 1974

Reconstruction A Plea For A National Pol: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Reconstruction A Plea For A National Pol : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Reconstruction A Plea For A National Pol : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
