Recorded Classical Music Arthur Cohn, 1981 **Sourcebook for Research in Music** Phillip Crabtree, Donald H. Foster, 1993 This bibliography of bibliographies lists and describes sources from basic references to highly specialized materials Valuable as a classroom text and as a research tool for scholars librarians performers and teachers A Descriptive Catalogue of the Music of Charles Ives James B. Sinclair, 1999-01-01 This catalogue of the music of Charles Ives contains 728 entries covering all of the prolific composer's works James Sinclair's book presents information produced by recent Ives scholarship and generous commentary on each of Ives's compositions It completes the work begun by musicologist John Kirkpatrick in 1955 when Ives's music manuscripts were deposited in the Yale Music Library Ives's works are arranged alphabetically by title within genres Whenever possible each entry includes the main title and any other titles the composer may have used the forces required the duration headings of movements publication history citation of the first known performance and first recording the derivation of the work listing music on which it may be modeled or from which it may borrow material the principal literature treating the piece and commentary on these and other matters The catalogue also provides musical incipits for all Ives's extant works seven appendixes covering his work lists Quality Photo lists his songbooks a chronology of his life recordings made by Ives and his private publications and commercial publishers three concordances and four extensive indexes addresses names titles and musical borrowings **Charles Ives** Gayle Sherwood Magee, 2010-06-10 This research guide provides detailed information on over one thousand publications and websites concerning the American composer Charles Ives With informative annotations and nearly two hundred new entries this greatly expanded updated and revised guide offers a key survey of the field for interested readers and experienced researchers alike **Research Materials in Music** Phillip R. Rehfeldt, 1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands *Marga Richter* Sharon Mirchandani, 2012-11-16 This is the first full length introduction to the life and works of significant American composer Marga Richter born 1926 who has written more than one hundred works for orchestra chamber ensemble dance opera voice chorus piano organ and harpsichord Still actively composing in her eighties Richter is particularly known for her large scale works performed by ensembles such as the London Philharmonic Orchestra and the Civic Orchestra of Chicago and for other pieces performed by prominent artists including pianist Menahem Pressler conductor Izler Solomon and violinist Daniel Heifetz Interspersing consideration of Richter's musical works with discussion of her life her musical style and the origins and performances of her works Sharon Mirchandani documents a successful composer's professional and private life throughout the twentieth century Covering Richter's formative years her influences and the phases of her career from the 1950s to the present Mirchandani closely examines Richter's many interesting attractive musical works that draw inspiration from distinctly American Irish English and Asian sources Drawing extensively

on interviews with the composer Mirchandani also provides detailed descriptions of Richter's scores and uses reviews and other secondary sources to provide contexts for her work including their relationship to modern dance to other musical styles and to 1970s feminism

Blake Set to Music Donald Fitch, 2023-11-15 Blake Set to Music A Bibliography of Musical Settings of the Poems and Prose of William Blake by Donald Fitch offers an extensive and meticulously compiled reference work detailing the musical interpretations of William Blake's poetry What began as a casual search in 1976 to fulfill a request for Blake settings for male chorus soon turned into a comprehensive project revealing a surprising gap in musical bibliography While Shakespeare and other poets had well documented musical settings Blake's work had no such resource until now Fitch's research uncovers a fascinating trend the use of Blake's poetry in musical compositions is largely a 20th century phenomenon though it has roots in the late 19th century From Blake himself reportedly singing his poems to original tunes to early settings by musicians like Mary Carmichael in 1876 Fitch traces how Blake's works captured the imagination of composers The bibliography spans amateur and professional musicians encompassing settings for solo voice choirs chamber ensembles and orchestras The book highlights over 250 musical settings of Blake's *The Lamb* making it the most popular choice among composers while other well loved poems like *The Tyger* and *Spring* also appear frequently Interestingly it also explores Blake's influence beyond the English speaking world particularly in post World War II compositions by Scandinavian Russian and European composers Fitch's bibliography not only provides a rich resource for scholars musicians and Blake enthusiasts but also charts a cultural shift As musical tastes evolved so too did the appreciation for Blake's poetic depth with his works being embraced by an ever widening range of composers across the globe This bibliography stands as an essential guide to the diverse and evolving relationship between Blake's visionary poetry and the world of music This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990

Baker's Biographical Dictionary of Twentieth-century Classical Musicians Nicolas Slonimsky, 1997 This new edition last 1992 includes entries on some 500 musicians who were not included in the eighth edition such as violin virtuoso Sarah Chang and updates many others such as composer John Cage who died after the 8th edition was published As before entries also include musicians and composers of the 1800s and artists from other musical genres whose work has significantly influenced 20th century classical music A glossary of terms is included at the end of the volume c Book News Inc

Randall Thompson Caroline C. Benser, David F. Urrows, 1991-03-30 This is the first major reference work on this important choral composer As is usual for volumes in this valuable series the book is clearly printed and well bound and it is highly recommended for undergraduate and graduate music collections as well as for public libraries serving communities with active choral societies Choice When Randall Thompson died in 1984 America lost one of its most distinguished musicians At the time of his death it was already apparent that an assessment of his varied contributions to our musical life in the context of his contemporary generation was sorely needed *Randall Thompson A Bio Bibliography* is the first comprehensive study of Thompson s oeuvre since his death The volume is organized into five parts beginning with a substantial biography written by David Francis Urrows Thompson s final student and amanuensis Urrows presents new information on Thompson s youth his study in Italy and the influence of Malipiero on his work his educational and compositional philosophy and his role in the emergence of American music from the influence of European models Benser s most complete catalog of works compiled to date follows This vital list includes previously unpublished compositions particularly those newly made available by Thompson s longtime publisher E C Schirmer and new recordings made by Bay Cities Music A sampling of prose writings by Thompson offers a eclectic overview The complete extensively annotated

bibliography discography and two appendixes that list Thompson's compositions chronologically and alphabetically complete this study. Music libraries will want to add this volume to their collections. It will also be an invaluable reference for choral directors, program note annotators, and American music enthusiasts. **Subject Catalog** Library of Congress, The Horn Call, 1992 Central Opera Service Bulletin, 1982 *Library Journal*, 1989
