Recovering The Scandal Of The Cross:

Recovering the Scandal of the Cross Mark D. Baker, Joel B. Green, 2011-08-02 Since its publication in 2000 *Recovering the Scandal of the Cross* has provoked thought among evangelicals about the nature of the atonement and how it should be expressed in today's various global contexts In this second edition Green and Baker have clarified and enlarged the text to ensure its ongoing critical relevance

Proclaiming the Scandal of the Cross Mark D. Baker, 2006-12-01 Because many modern Christians can offer a reasonable explanation of the meaning of Jesus' death on the cross they find it hard to understand the confusion displayed by the disciples after the events in the last pages of the Gospels But if Paul were alive today he would find it inexplicable that we modern believers are not scandalized by the cross *Proclaiming the Scandal of the Cross* introduces pastors church leaders students and lay readers to the need for contextualized atonement theology offering creative examples of how the cross can be proclaimed today in culturally relevant and transformative ways It makes helpful suggestions on how this vision for a culturally relevant message might be developed The impressive list of contributors includes writings from C S Lewis Rowan Williams Frederica Mathewes Green Brian McLaren and many more who are actively working out just how to make this life transforming proclamation

Proclaiming the Scandal of the Cross Mark D. Baker, Mark David Baker, 2006-12 Introduces the need for contextualized atonement theology and offers creative examples of how the Cross can be proclaimed in culturally relevant and transformative ways

Mapping Atonement William G. Witt, Joel Scandrett, 2022-10-04 This introduction traces the origins development and divergent streams of atonement theology throughout the Christian tradition and proposes key criteria by which we can assess their value The authors introduce essential biblical terms texts and concepts of atonement identify significant historical figures texts and topics and show how various atonement paradigms are expressed in their respective church traditions The book also surveys current hot topics in evangelical atonement theology and evaluates strengths and weaknesses of competing understandings of atonement

The Future for God's People in a Conflict-Ravaged World Michael Kenneth Wilson, 2023-12-27 A tragic world ravaged by conflict A world in which powerful political states act ruthlessly with millions upon millions of lives devastated Across the globe from continent to continent in state after state political power is wielded in ways that are inhumane and dehumanizing Vast numbers of people are the victims of violent religious persecution For many living a godly life brings with it the prospect of considerable suffering and hardship That's the reality painted in the book of Daniel *The Future for the Wise in a Conflict Ravaged World* provides us with the perspectives we need to face the future as we live in such a world and remain true to the God who rules over it

Latter-day Saint Perspectives on Atonement Deidre Nicole Green, Eric D. Huntsman, 2024-01-02 New approaches to a central area of Latter-day Saint belief The Church of Jesus Christ of Latter-day Saints and other Christians have always shared a fundamental belief in the connection between personal salvation and the suffering death and resurrection of Jesus Christ While having faith in and experiencing the atonement of Christ remains a

core tenet for Latter day Saints some thinkers have in recent decades reconsidered traditional understandings of atonement Deidre Nicole Green and Eric D Huntsman edit a collection that brings together multiple and diverse approaches to thinking about Latter day Saint views on this foundational area of theology The essayists draw on and go beyond a wide range of perspectives classical atonement theories and contemporary reformulations of atonement theory The first section focuses on scriptural and historical foundations while the second concentrates on theological explorations Together the contributors evaluate what is efficacious and ethical in the Latter day Saint outlook and offer ways to reconceive those views to provide a robust theological response to contemporary criticisms about atonement Contributors Nicholas J Frederick Fiona Givens Deidre Nicole Green Sharon J Harris J B Haws Eric D Huntsman Benjamin Keogh Ariel Bybee Laughton Adam S Miller Jenny Reeder T Benjamin Spackman and Joseph M Spencer

The Subordinate Substitute Peter Carnley, 2024-01-10 In this book Peter Carnley examines the logical connection between the doctrine of the Trinity and the doctrine of redemption In the companion volume to this Arius on Carillon Avenue contemporary expressions of belief in the eternal functional subordination of the Son to the Father were carefully discussed and found wanting when measured against the norms of orthodox trinitarian belief This book examines the repercussions of this defective trinitarian subordinationism in relation to recent attempts to defend the penal substitutionary theory of the Atonement which in turn is also found to fall short of trinitarian norms As an alternative a less theoretical and speculative incorporative or participative theology of redemption is proposed

Total Atonement W. Ross Hastings, 2019-10-09 Total Atonement re imagines the apprehended mystery of the atonement in light of the triune nature of God and the person and work of the incarnate Christ W Ross Hastings proposes participation as a theory or framework of atonement that holds all other models within it He argues that God's participation in humanity in order that humans might participate in God invites a total approach to the mystery of the atonement that is one that involves the whole Trinity the whole person and history of Christ and all the biblical motifs and theological models of atonement including penal substitution properly nuanced to overcome its caricatures Christus victor satisfaction vicarious life and moral exemplar Hastings re examines the scope of the atonement in light of these Trinitarian incarnational realities

The Glory of the Atonement Charles E. Hill, Frank A. James III, 2004-03-30 Editors Charles E Hill and Frank A James III bring together a group of evangelical biblical scholars and historical and systematic theologians to explore the doctrine of the atonement for a new millennium

The Sign of the Cross Daniel Rancour-Laferriere, 2017-09-08 This book presents a unique effort to create a new understanding of the Christian sign of the cross At its core it traces the conscious and unconscious influence of this visual symbol through time What began as the crucifixion of a Jewish troublemaker in Roman occupied Judea in the first century eventually gave rise to a broad spectrum of readings of the instrument used to accomplish such a punishment a cross The author argues that Jesus was a provocative grandiose masochist whose suffering and death initially signified redemption for believers This idea gradually morphed into a Christian sense of freedom to persecute and

wage war against non believers however as can be seen in the Crusades wars of the cross Many believers even construed the murder of their savior as a crime perpetrated by the Jews and this paranoid notion culminated in the mass murder of European Jews under the sign of the Nazi hooked cross Hakenkreuz Rancour Laferriere s book is expertly written and argued it will be readable to a large audience because it touches on many areas of controversy interest and scholarship The work is critical but not unfair it employs psychoanalysis art history the study of the symbol of the cross in works of art religion and religious texts and world history generally The interweaving of these various themes is what gives this work its ability to draw in readers and will ultimately be what keeps the reader interested through the conclusion **The Atonement Debate**

Zondervan,2009-05-26 Recent days have seen a debate among evangelicals over how the death of Christ is to be interpreted When a popular British evangelical leader appeared to denounce the idea that God was punishing Christ in our place on the cross as a twisted version of events morally dubious and a huge barrier to faith that should be rejected in favour of preaching only that God is love major controversy was stirred Many thought the idea of penal substitution was at the heart of the evangelical understanding of the cross if not the only legitimate interpretation of the death of Christ Yet for some time less popular evangelical theologians had been calling this traditional interpretation of the atonement into question So is the traditional evangelical view of penal substitution the biblical explanation of Christ s death or one of many Is it the non negotiable heart of evangelical theology or a time bound explanation that has outlived its usefulness What does the cross say about the character of God the nature of the law and sin the meaning of grace and our approach to missions The public debate which resulted was often heated In order to act as reconcilers the Evangelical Alliance and the London School of Theology called for a symposium in which advocates of the different positions could engage with each other The symposium which was attended by some 200 participants was held when the July 7th bombings took place in London and drew together many of Britain s finest evangelical theologians This book contains the collection of papers given at the symposium supplemented by a few others for the sake of rounding out the agenda and grouped in convenient sections **The Gospel of**

Matthew Matt Woodley,2011-09-28 They say the Bible is true but does it ring true Does it resonate In this journey through the Gospel of Matthew Matt Woodley considers the audacious idea of a God with us confronting us in the midst of all we ve invested ourselves in and dedicated ourselves to and encouraging us with the promise that the God who made us has a better life in mind for us The Resonate series recovers the ancient wisdom of Scripture for a complex world The stories and insights of each book of the Bible are brought into conversation with contemporary voices of hope and lament the cultural messages we interact with on a daily basis The Scriptures become a meeting ground where God is confronted with the pressing concerns of our day and we are confronted in turn with a fresh experience of God s truth **Approaching the Atonement**

Oliver D. Crisp,2020-02-11 Theologian Oliver Crisp explores the meaning of the cross and the various ways that the death of Jesus has been interpreted in the church s history from ransom theory in the early church to penal substitutionary theory to

more recent feminist critiques What emerges is a more complex expansive and fruitful understanding of the atonement and its significance for the Christian faith today **See My Body, See Me** Pamela F. Engelbert, 2024-09-26 MeToo ChurchToo pentecostalsisterstoo Since 2018 hashtags and stories of sexual violence have appeared in all sectors of life from Hollywood to the Olympics from politics to religion from universities to seminaries and among pentecostals But amid all these stories of sexual abuse and assaults one may wonder if any stories of healing from sexual violence exist If so what does healing look like particularly among pentecostals who believe in divine healing Is it a single prayer of faith or a conglomeration of healing factors In true pentecostal form *See My Body See Me* systematically examines the healing stories of eight pentecostal survivors and the experiences of five pentecostal licensed counselors It then combines these experiences of both males and females with Scripture theology psychology and culture to provide a pentecostal perspective on healing from sexual violence As a practical theological approach *See My Body See Me* also offers acts of ministry to provide healing spaces by way of three embodied praxes that are historically and theologically pentecostal listening waiting and learning *See My Body See Me* is an invitation to participate in Christ's healing ministry to see hear and believe survivors as God sees hears and believes them *Dictionary of Scripture and Ethics* Joel B. Green, Jacqueline E. Lapsley, Rebekah Miles, Allen Verhey, 2011-11-01 2012 Reference Book of the Year Award Academy of Parish Clergy This one stop reference book on the vital relationship between Scripture and ethics offers needed orientation and perspective for students pastors and scholars Written to respond to the movement among biblical scholars and ethicists to recover the Bible for moral formation it is the best reference work available on the intersection of these two fields The volume shows how Christian Scripture and Christian ethics are necessarily intertwined and offers up to date treatment of five hundred biblical traditional and contemporary topics ranging from adultery bioethics and Colossians to vegetarianism work and Zephaniah The stellar ecumenical list of contributors consists of more than two hundred leading scholars from the fields of biblical studies and ethics including Darrell Bock David Gushee Amy Laura Hall Daniel Harrington Dennis Olson Christine Pohl Glen Stassen and Max Stackhouse **Jesus and the Cross** Peter Laughlin, 2015-03-26 According to the Nicene Creed Christ died for us and for our salvation But while all Christians agree that Christ's death and resurrection has saving significance there is little unanimity in how and why that is the case In fact Christian history is littered with accounts of the redemptive value of Christ's death and new models and motifs are constantly being proposed many of which now stand in stark contrast to earlier thought How then should contemporary articulations of the importance of the death of Christ be judged At the heart of this book is the contention that Christian reflection on the atonement is faithful inasmuch as it incorporates the intention that Jesus himself had for his death In a wide reaching study the author draws from both classical scholarship and recent work on the historical Jesus to argue that not only did Jesus imbue his death with redemptive meaning but that such meaning should impact expressions of the saving significance of the cross **The Death of the Messiah and the Birth of the New Covenant** Michael J.

Gorman,2014-06-27 In this groundbreaking book Michael Gorman asks why there is no theory or model of the atonement called the new covenant model since this understanding of the atonement is likely the earliest in the Christian tradition going back to Jesus himself Gorman argues that most models of the atonement over emphasize the penultimate purposes of Jesus death and the mechanics of the atonement rather than its ultimate purpose to create a transformed Spirit filled people of God The New Testament s various atonement metaphors are part of a remarkably coherent picture of Jesus death as that which brings about the new covenant and thus the new community promised by the prophets which is also the covenant of peace Gorman therefore proposes a new model of the atonement that is really not new at all the new covenant model He argues that this is not merely an ancient model in need of rediscovery but also a more comprehensive integrated participatory communal and missional model than any of the major models in the tradition Life in this new covenant Gorman argues is a life of communal and individual participation in Jesus faithful loving peacemaking death Written for both academics and church leaders this book will challenge all who read it to re think and re articulate the meaning of Christ s death for us

Theodicy and the Cross of Christ Tom Holmén,2018-12-13 The death of Jesus is commonly regarded as the one radically novel perspective from which the problem of suffering is viewed in the New Testament as opposed to the appropriation of viewpoints present elsewhere in contemporary writings and in the Old Testament Tom Holm n s focus on the death of Jesus as a source of New Testament theodicy reveals a two fold reasoning the lasting relevance of the theme of Jesus death on the cross and theodicy and the lack of thorough and sustained New Testament investigations into this theme Holm n s argument focuses on the changes in the concept of suffering occasioned by the unprecedented sacrifice of Jesus He explores both the derivative nature of suffering as God s retribution or a test for discipline in line with the traditions known in the time contemporary to the formation of the New Testament and the sharp wholly new contrast of suffering as intercessory in the crucifixion of Christ Son of God appearing to the world as impossible Holm n considers many issues in his discussion including the context of providence and covenant and the problem that Jesus death causes for theodicy He also examines other perspectives such as the writings of Paul and practical considerations of coping with anguish Taken as a whole this study provides a fresh examination of the crucifixion s central role for understanding New Testament approaches to suffering

Why the Cross? Donald Senior,2014-11-18 The meaning of Jesus s execution on a Roman cross is one of the most divisive issues in contemporary theological discourse because issues related to the goodness of God and the place of suffering in the Christian life are at stake Although it is important to locate that discussion in the context of the range of New Testament perspectives on the soteriological significance of the cross it is also important that we recover the meaning of the cross as a metaphor for discipleship In the end the event of Jesus s death cannot be understood apart from the character of his life This book will contribute to New Testament studies but also serve related discussions in theology and Christian formation Reframing New Testament Theology is a series that fulfills the need for brief substantive yet highly accessible

introductions to central questions and themes raised by study of the New Testament A significant defining question will serve as the point of departure and will frame the discussion Students will be drawn into an active theological engagement with the New Testament and related materials by the subsequent analysis *Looking Through the Cross* Graham Tomlin, 2013-11-07

Everything looks different in this world through the lens of the Cross This book deals with reconciliation humility identity power suffering life and atonement These are familiar themes for a Lent book but in Dr Tomlin s hands they are given exciting new meaning which will touch the hearts and minds of men and women in a turbulent modern world Dr Tomlin is a theologian of the first rank but he is also a writer with a keen pastoral commitment celebrated for his common touch
